Term 3, 2018

ACADEMIC EXTENSION

TOURNAMENT CHESS

Tuesday 11.00am - 11.25am Room 20 Mr Robert Lade FREE

It is widely known that students who play Chess regularly improve school efficiency in different subjects. Tournament Chess is offered to students at both the beginner and more advanced level at Kewarra Beach. We enter teams in the FNQ Championships, which take place three times a year. Students are entered into Premier, A, B or C Grade according to their ability. Chess Club meets once a week and our intra-school championships are held in Term 4. The emphasis of our program is always on participation, personal development and fun. The benefits of chess are many and we encourage anyone from Year 2 onwards to get involved.

SCRATCH JUNIOR CLUB

**Tuesday 1.30pm - 1.55pm Room 8 Ms Julie Anderssen FREE
Mrs Joylene McShane**

Students are introduced to simple computer programming language through the use of the Scratch Junior App. They code their own interactive stories, games, animations and practise solving challenges with their 'tech buddies'. Suitable for students in Prep to Year 2 who want to consolidate classroom-based coding activities and extend their computer programming skills.

BEGINNERS CHESS

Tuesday 1.30pm - 1.55pm Room 12 Ms Irene O'Keefe FREE

Chess develops memory, improves concentration, develops logical thinking, promotes imagination and creativity, teaches independence and develops the ability to think strategically. Learning to play chess at an early age gives students opportunities to develop a skill-set that complements and supplements academic learning and social interaction. Beginner's Chess Club is offered to students in Years 2 to 6 who wish to learn the game. Students learn the way each piece can move and practise strategies in a friendly environment. Many of our players are then invited to try out for the KBJ Chess Club or to participate in the Interschool Chess Tournaments at White Rock. Happy playing!

FIRST LEGO LEAGUE

Tuesday 2.00pm - 3.15pm Maker Space Ms Karen Wellard FREE

Using EV3 Mindstorms and the 2017 FIRST LEGO League game kit, students work in teams of up to 10 students build, program and compete with a robot, while also learning about a modern problem in science and engineering and developing solutions for it. Students prepare for the FIRST LEGO League competition later in the year. Only available to Year 5 and 6 students.

OPTIMINDS

Tuesday 2.00pm - 3.15pm Room 18  Mrs Simone Calligaro FREE

Opti-MINDS is an open-ended team challenge consisting of four to seven students per group. Student who elect to participate in this challenge are required to work on a long-term challenge (six weeks) and a spontaneous challenge. The solution must be dramatized and then presented to a panel of judges and an audience on Opti-MINDS Challenge Day at JCU on Sunday 26 July. Through participation in this challenge, students develop enterprise, critical and creative thinking skills, cooperative problem solving, time management, communication skills and responsibility. Opti-MINDS looks beyond academic achievements whilst encouraging the pursuit of individual excellence. Only available to Year 5 and 6 students.

SENIOR ROCO (Robotics and Coding Club)

**Thursday 3.30pm - 4.30pm Maker Space Mrs Evelyn Mahony \$50 per term
Mr David Spuler
Dr Jason Holdsworth (when available)**

The demand for Computer Programmers and Robotics Engineers will only increase. Senior ROCO students use Scratch 2 to code their own interactive stories, animations and games; and build and program LEGO Mindstorm EV3 robots to manoeuvre through a number of challenges and obstacles. In the process, they learn to think creatively, reason systematically and work collaboratively – essential skills for competition and for everyone in today's society. Suitable for students in Years 4 to 6 who want to consolidate classroom-based coding activities and have an interest in programming and engineering. (Numbers are limited so staff can deliver personalised learning).

DRONE CLUB

**Wednesday 3.30pm - 4.30pm Senior  Courtyard Mrs Mary Kershaw \$40 per term
Mr Terry Ryan**

Learning how to fly a drone can be intimidating for beginner pilots. Membership of this club will provide you with the mindset and skillset needed to learn how to fly a drone for the first time or to improve your ability to manoeuvre the drone through an obstacle course. Students will work in teams of three, rotating between the roles of pilot, co-pilot, and navigator. There will be a strong emphasis on safety and mastering the fundamentals. Numbers will be limited to 18 students so staff can deliver personalised learning. Only available to Year 5 and 6 students.
