

## Trinity Anglican School Senior TAP (Tutoring and Assistance Program) – 2017

At Trinity Anglican School, all students are encouraged to strive to achieve their personal best academically. This requires commitment, concentration and consolidation (through practice). Many students usually don't immediately master concepts taught in class and may need some help to better understand. There are three main ways that this happens at Trinity Anglican School:

- 1/ Access scheduled tutorials at Trinity Anglican School. These are provided free-of-charge. There are currently 6 sessions available:

SUBJECT	STAFF	WHEN	WHERE
Mathematics/Science	Maths staff Maths and Science staff	Tuesday 3:20 – 4:00pm Thursday Break #1	S40 S40
English	English staff	Wednesday 8:00 – 8:30am Thursday Break #2	C14 C14
Peer tutoring	Y12 Academic Captains	Tuesday Break #1 Friday Break #2	C14 C14

These sessions are for those who are committed to getting help to improve their academic performance. If you are not willing to concentrate, ask questions, and work, then please don't attend these sessions and spoil it for others.

- 2/ Individual teachers at TAS are usually willing to provide help outside of class-time (i.e. during breaks or before school). However, you need to remember that teachers have a lot of requirements on their time. They may not be able to provide help at a time that best suits you, or may be booked up for help with other students, or have a yard duty, etc.
- 3/ Create a subject study group with other students who have similar questions to you. Ask a teacher to mentor your group (if they are able to) and set aside a regular time each week to do some work together and share understanding.
