Dear Parents and Guardians,

At White Rock Campus - Primary (WRC-P), we encourage students to take advantage of the myriad of opportunities available to them.

Through our Co-curricular Programs, every student is given the opportunity to experience something new, explore their curiosities and work on projects they are passionate about. As students' progress through their learning journey we encourage them to join-in on a variety of different programs, which objectively develop the whole child.

While some activities are conducted by outside providers - most activities are provided by our dedicated teaching staff who choose to introduce activities they are passionate about, which provides for an enthusiastic experience for the students. This format creates an engaging, enjoyable, and exciting environment which mirrors all that we do at WRC-P and reflects the core values of TAS - **Compassion, Perseverance, Curiosity and Integrity.**

Programs like the Round Square Committee focus on nurturing values of responsibility and compassion through service and fundraising for many causes. Similarly, programs like our Edible Garden Club, introduces children to self-sufficiency, teaching them that they can grow and nurture food and share along the way.

In the world of creativity, WRC-P offers traditional Choirs and Bands, as well as more specialised programs like the Young Performers Club where students can explore outside their comfort zone. Perhaps your child is a budding busker and would love our Performer's club? Have they ever wanted to be part of a rock band or just learn the ukulele? We have those covered too!

Students with a STEM inclination are encouraged to explore STEM support programs which range from coding in the Junior ROCO Club, to flying and coding drones in our Drones Club, there are a variety of Programs to cater for all levels of ability.

From Netball to Jogging there are many activities on offer for sporty students. If they prefer a less physical sport, then they could try Chess Program, which is second to none. Alternatively, if your child would prefer something relaxing then perhaps the Quiet Thinkers, Young Engineers Club or the Readers' Clubs are for them.

Please take time to read through what is on offer and I'm sure you will be impressed with the extra opportunities that we offer outside of our educational program.

Regards,

Mr Peter Gazzola
Head of White Rock Campus - Primary

ACADEMIC EXTENSION

Students are given opportunity through many activities, clubs and competitions, to extend and develop their academic skills in preparation for secondary school. These opportunities are available to students outside of the Australian Curriculum and take place during breaks, before or after school.

For further information on academic extension opportunities, please contact Reception at wjrreception@tas.qld.edu.au.

DRONES

Suitable for: Students Years 4 to 6.

Teacher: Ms Kendall James.

Room: MPH.

Day: Wednesday, 3:30pm - 4:30pm.

Cost per term: \$30 from (runs week 2 to week 9), register through 'tours' on Parent Lounge.

Have you ever wanted to fly a plane? Fancy yourself as a Pilot? Here's the answer - become an Avionics Pilot! Learn to fly and code a TELLO Drone. This course will cover safety aspects of recreational drones, use of manual and first person view flight controls and even teach students how to code their drone for autonomous flight.

MOVIE MAGIC CLUB

Suitable for: Students Years 5 to 6.

Teacher: Mr Terry Reid.

Room: 5A.

Day: Wednesday, 3:30pm - 4:30pm.

Cost per term: \$10, register through 'tours' on Parent Lounge.

Explore the Adobe Creative Cloud suite with particular emphasis on using Premier Pro. Sessions will include creating story boards and scripts with a view to using these skills to creating Movie Magic with green screens. Creating backdrops and costuming will also be a focus to ensure that the finished product is given that professional element.

MATHS GAMES

Suitable for: Students Years 1 to 3.

Teacher: Mrs Sherrin Osmond.

Room: 3.

Day: Thursday, 1:15pm - 1:45pm.

Cost per term: FREE.

Each week students will be presented with a problem, which will require them to create a possible solution. In small groups, students will be asked to design, build, test and re-design a solution to the challenge.

ROBOTICS AND CODING

JUNIOR ROCO CLUB

Suitable for: Students Prep - Year 2, those with beginner experience in robotics and coding.

Teacher: Ms Shannon Brischke.

Room: 7.

Day: Wednesday, 7:30am - 8:15am.

Cost per term: \$20 (runs from week 2 to week 9), register through 'tours' on Parent Lounge.

Room: 14.

Day: Wednesday, 7:30am - 8:15am.

Cost per term: \$20 (runs from week 2 to week 9), register through 'tours' on Parent Lounge.

Intermediate Junior ROCO Club allows students to further extend their understanding of code and its application using the Sphero robotic toys and a variety of applications. Students will design and create code while connecting, communicating, collaborating, problem solving, testing, failing, and iterating, all key characteristics of 21st century learners.

ADVANCED ROCO CLUB

Suitable for: Students Years 5 to 6, limited numbers.

Teacher: Ms Michelle Breen.

Room: 10.

Day: Thursday, 3:30pm - 4:30pm.

Cost per term: \$20 (runs from week 2 to week 9), register through 'tours' on Parent Lounge.

This activity is about introducing real world engineering challenges through building robots and using LEGO MINDSTORMS technology, to complete a series of tasks or challenges. Students apply real-world math, coding and science concepts.

CHESS COACHING

GIRLS CHESS CLUB

Suitable for: Students Years 3 to 6.

Teacher: Mr David Long.

Room: 15.

Day: Thursday, 1:15pm - 1:45pm.

Cost per term: FREE.

Girls Chess Club offers an opportunity for girls to play in an environment where they feel comfortable to accept the challenges offered by playing chess. They listen to music, develop friendships and play chess. There has been a steady rise in the participation and performance of girls at Interschool Competitions.

NOVICE CHESS COACHING

Day: Thursday, 3:30pm – 4:30pm

Cost per term: \$20, register through 'tours' on Parent Lounge.

FEAST is a food focused program, inspiring kids to eat healthy, waste less and become change-makers in their local community. Like any good FEAST, it's designed to be fun, engaging and filled with good food! FEAST gets kids immersed in hands-on cooking activities in the classroom, with our online resources. Food is included in the cost of the activity.

JUNIOR ROUND SQUARE

The Round Square philosophy embraces six pillars of IDEALS:

- 1. Internationalism** - Found in those who seek to embrace the similarities and differences between cultures to promote respect and understanding.
- 2. Democracy** - Embraces equality, fairness, justice and a desire to do right.
- 3. Environmentalism** - Centres on the significance of understanding mankind's place and an dependent relationship with the world.
- 4. Adventure** - those who push themselves beyond perceived limits, cross boundaries and persist.
- 5. Leadership** - Found in those whose convictions are rooted in personal responsibility, kindness and justice.
- 6. Service** - Living out a spirit of service in the opportunities of everyday life, to provide for the needs of others and take social action.

At TAS, the pillars are fully embedded in our programs and as such all our students have significant opportunities to experience and achieve in ways that exceed their own perceptions and limitations.

Suitable for: Students Years 3 to 6.

Teacher: Mrs Milligan.

Day: Tuesday, 10:40am - 11:15am.

Cost per term: FREE.

Elected student representatives from Years 3 to 6 attend regular, student-led meetings to plan, coordinate and facilitate activities aligned with the Round Square IDEALS of Internationalism, Democracy, Environmentalism, Adventure, Leadership and Service.

These activities may include taking part in Round Square Service trips that offer practical support and raising awareness for local and global charities that develop skills in democratic leadership. Students can take part in short and long homestays, Regional and International conferences, relationships with sister schools, international exchanges, Model United Nations debates and many more!

MUSIC EXTENSION OPPORTUNITIES

TAS has a rich history of musical excellence nurtured through co-curricular opportunities, choirs, ensembles and private tutoring. These activities are available before and after school, or during breaks and aim to provide students opportunity to explore their interests and develop their skills.
