

Alumni Profile

Nick Loukas

Class of 1987

Completed Years 1 to 12 at TAS

Where are you now?

"I am a Pharmacist Owner and Brand Manager of Alive Pharmacy Group.

I have a group of stores from Cooktown to Gladstone and spend most of my time now on the business side. I love working with my store's pharmacist managers, retail managers and staff. Dividing my time between financial management, human resource management, marketing, and merchandise to name a few gives me a diverse job while learning new things every day."

What is your career highlight to date?

"Owning my first pharmacy in partnership at 22 years old."

What advice would you give to young people wanting to enter into a similar profession?

"If you love people, helping others and have an appetite for chemistry then becoming a pharmacist is a rewarding job with lots of employment opportunities in Cairns and especially regional areas."

What is your most memorable moment at TAS?

"I don't have one single one rather many with friends at lunch times sitting on the bag stands having fun and talking about everything kids talk about."

What advice would you give to current TAS students?

Have fun while studying and working hard. You can do both and without a balance you will not get the best out of life.
