1996

The mission of

Trinity Anglican School

*is to nurture Christian formation and
educational excellence in young people,
inspiring them to reach their full potential
as individuals and serving members
of the wider community.*

The School Prayer

Almighty and Everlasting God,

We pray for our school and for all who teach and learn in it.

*We thank you for the vision of our founders,
for the peaceful surroundings of our campuses
and for the beauty of your creation
in which each one of us can share day by day.*

*Help us to show love and concern for one another
as Christ has shown His love for us.*

*Enable us to grow in stature, knowledge and humility,
always looking to you as our source of all wisdom
and understanding.*

*We stand together firmly in the faith of Christ,
giving thanks for the past,
involving ourselves in the present and looking forward
to the future.*

***TEACH US TO OBSERVE ALL THINGS,
through Jesus Christ our Lord.***

Amen

*“Go then, to all peoples
everywhere and make
them my disciples...
teach them to observe
all that I have
commanded you.”*

Matthew 28 : 19-20

Editor's Note

The format of a school's yearly magazine must adapt to the ever-changing culture of the school it reflects. Each new *Trinitas* builds on the past and responds to new directions. The process of developing *Trinitas 1996* has been interesting, challenging and enjoyable. I would like to express gratitude to the many people who helped to create it: Miss Ann Trethewey for co-ordinating the Marlin Coast section, Miss Kate Grady for assistance with the White Rock Secondary section, Staff who submitted reports and class pages, Tim Lanski for his help as Junior School Student Editor and Mr Yon Ivanovic, Mr Joe McCully, Daisuke Hayashi and Mrs Debbie Newman for certain photographic studies. A very special thank you to Mr John Bleakley for his advice and computer expertise, Mrs Juné Chan for her patience and talents in putting words to print and Fr Peter Laurence for his input and guidance. I hope you enjoy *Trinitas 1996*.

Kathy Goble, Editor.

PRINCIPAL'S REPORT

Trinity
Anglican
School

INTRODUCTION

*What is a man,
If his chief good and market of his time
Be but to sleep and feed?
A beast, no more.
Sure He that made us with such large discourse,
Looking before and after,
Gave us not
That capability and god-like reason
To just in us unus'd.*

Shakespeare (from Hamlet)

Before a young man or woman graduates from Trinity Anglican School, he or she will experience the joy of studying Shakespeare. A mastery of the old bard will only come (if at all) after the outpouring of some blood, much sweat and regular tears! But the literary discipline of taking on Shakespeare and 'winning', brings a satisfaction seldom experienced through another literary study. The language is old-fashioned, the phrasing can be complex, yet the underlying concepts speak to, and of, humanity today. Shakespeare understood the complexity of human life and existence. Life has a purpose - we are not here simply to 'mark time', or we would be "a beast, no more". The American President, Theodore Roosevelt understood this when he wrote earlier this century, "to educate a person in mind and not in morals is to educate a menace to society".

Educational excellence without Christian formation is not education of the whole person. A young person will never reach his or her full potential without a liberating education that stimulates body, mind and spirit.

This year it has been satisfying to see the development of a comprehensive *Human Relationships Education* curriculum from Preparatory to Year 12. Arising from our Strategic Plan, this curriculum was developed over two years by a committee comprising staff, parents and students. Our HRE Programme is embedded within the School's Christian ethos and as such permeates many curriculum areas at all year levels. It promotes the development of self-esteem in students, along with personal attitudes, values, knowledge and skills needed to produce responsible citizens who can participate in an affective and fulfilling relationship. As such, HRE, together with Christian Education plays a key role in complementing the more formal academic curriculum, in helping to prepare our young people for life in the 21st Century.

Another feature of the year has been the introduction of our *new School Uniform*. The new uniform was introduced at the beginning of Semester 2, with a phase-in period concluding at the end of next year. It was designed following wide consultation and research over 12 months by a team of parents, staff and students. The uniform's 'sun-smart' design accords with guidelines of the Queensland Cancer Fund. Its fashionable, tropical design optimises comfort, practicality, cost and appearance. As the semester progressed a large number of students have taken the opportunity to move to the new uniform. I thank those who have served on the Uniform Committee, and especially Mrs Louise Vickers and Mrs Anne Whately for their invaluable input.

Each year our School Magazine seems to get better and better. This year's *Trinitas* well captures some of the energy, vitality, scholarship and endeavour of the boys and girls, men and women who comprised the Trinity Anglican School family of 1996. Congratulations must go the *Trinitas* editor, Mrs Kathy Goble, for an outstanding publication. She was assisted by Miss Kate Grady at the White Rock Secondary campus and Miss Anne Trethewey at the Marlin Coast campus. I also thank Mr Craig Bassingthwaighte, Mr Rick Hodgson, Mr Alan Campbell, Fr Chris Ivey and Mr Mark Sewell for their assistance in compiling material for my report. Read on and enjoy some of the memories of life at TAS in 1996.

CHRISTIAN EDUCATION AND WORSHIP

The subject Christian Education forms an integral part of the curriculum at TAS. With over 30 teachers involved in presenting the subject to students in the classrooms, the department is a vibrant one. Under the leadership of Fr Christopher Ivey (who was ordained a Priest in January this year by the Bishop Administrator, the Right Reverend Ian Stuart), the Christian Education and Liturgical programmes have seen considerable development during the year.

The Christian Education curriculum in the secondary department underwent some major changes for the commencement of 1996. New texts were selected for each year level as the curriculum sought to provide a relevant, sequential and challenging perspective on faith and life issues. With the introduction of similar material in the Junior School next year, a seamless P-12 curriculum will be established. A decision to place a greater emphasis on the liturgical

year has meant that festivals and other special occasions in the Anglican Church have been highlighted and explained in CE classes.

Regular occasions for worship are essential aspects of school life. All students attend a weekly chapel service as well as a Sunday Family Service each semester. The introduction of contemporary music and guest speakers has enriched chapel life this year. Students have been actively involved in music, drama, prayers, readings and serving at both our weekly chapel services and the Sunday Family Services. The introduction of P-2 Family Services on school afternoons enriched the life of our worship and fellowship this year.

Key worship occasions during the year included the Staff Commencement Service in January, our Ash Wednesday and Easter services, our Trinity Celebration Day Eucharist for the Feast of Title and Advent Carols services. Regular Eucharists were also held during the year on Feasts and Saints days. The annual Confirmation service was held at St Peter's Chapel, Marlin Coast Campus on 3 November, conducted by our new Bishop of North Queensland, the Right Reverend Clyde Wood. Fr Chris prepared the following students for confirmation: Laura Butler, Grant Fraser-Kirk, Kristy Fraser-Kirk, Michael Hellwig, Laura Jenkins, Lucy Male, Claire Mousa, James Mousa, Tara Pollock, Caitlin Salter and Julie Taylor.

At the White Rock Junior School the Christian Fellowship Group met regularly this year, conducted by Mrs Edith Audley and Mrs Judy Hickey. This group continues to develop both numerically and spiritually.

ACADEMIC

Our Year 12 classes for 1995 again achieved fine Overall Positions (OP's). 30% of the Year received an OP1-7. Three students gained an OP1 - Alice Becker, Lisa Hickey and Tyson Fowler.

With regards the Queensland Cores Skills (QCS) Test, 24.3% of our students gained an A grading.

94% of our students who sought a tertiary place in Queensland gained a first or second round offer, most in a university Bachelor Degree course of their choice.

Our academic results continue to be unsurpassed in Far North Queensland, and I thank the teaching staff for their commitment to nurturing the full potential of each student in their care. Special thanks must go to Mr Bassingthwaighte, Mr Brosseuk, Mr O'Sullivan and Dr Howard, as well as our

CST markers who so thoroughly prepare our seniors for the Core Skills Test each year. The senior class of 1996 have worked hard at their studies, and we are hopeful that they will also achieve excellent academic results.

The introduction of full-time staff in the areas of Gifted and Talented/Learning Support and English as a Second Language (ESL) has complemented the work of each classroom teacher. Students requiring extension, remedial support or language support are now well-catered for at TAS, with three full-time teachers working in these areas. A noticeable improvement in students in all three areas this year reflects the dedication of Mrs Belinda Bogart, Mrs Sue Stork (Term 2 only), Mr Philip Turner and Mr Charles Crockford.

Technology continues to play an essential role in the educational offerings at TAS. At the beginning of the year our major computer network 'blew up', setting our networking plans back many months. Delays occurred whilst insurance claims were processed. Difficulties were also experienced in the early part of this year in the area of servicing our laptops. However, by early second semester these problems were ironed out, with our new Information Network (TASNET) now fully operational and a comprehensive servicing support system in place for our laptop computers. Our staff at both Junior and Secondary levels have seen a wonderful commitment to integrating technology into the curriculum, to the benefit of their students. I commend all staff who have been involved in the technology integration programme and especially thank Mr Brian Springell (Head of Technology - Administration), Mrs Linda White (Head of Information Services) and Mrs Diane Jackson for their commitment, example and hard work in ensuring the School provides a technology-rich environment for our boys and girls. Next year will see the Laptop Programme in its fourth year, with all classes from Years 5-12 fully involved. Library and classroom access to the World Wide Web, E-mail, CD Roms and other multi-media, are truly removing the classroom walls and bringing the world to our young people.

Preparatory student, Natasha Lim exploring with multi-media in her classroom.

Our students were again involved in many State and National competitions:

Nine students received a High Distinction in the *Australian Schools Science Competition*, placing them in the top 1% of the State - Brendan Board, Cara Odenthal and Luke Harris (Year 5), Andrew Singh and Michael Ramsay (Year 7), Michael Stephenson and Adam Cropp (Year 8), Colleen Gregoric (Year 11) and Alun Coppack (Year 12).

Alun Coppack (Year 12) also gained a High Distinction (top 1% of the State) in the *Australian Schools Computer Studies Competition*, with Distinction Certificates being awarded to Andrew Blake and Ben Ihle (Year 11), Janie Busby, Kurt Maile and Shane Turner (Year 12).

Alun Coppack won the *Cairns Regional School Computer Fair* this year.

Three TAS students gained High Distinctions in the *Australian Mathematics Competition* - they were Michael Ramsay (Year 7), Mariko Tsue (Year 11) and Peter Woodward (Year 12).

High Distinction Certificates in the *Australian Schools English Competition* were awarded to Andrea Stolarchuk, Luke Harris, Paula Newman and Sam Brooking (Year 5), Alan Strickland (Year 6), Kurt Falkenstein, Laurie Ormond and Rebecca Jensen (Year 7), Michael Stephenson (Year 8), Karen Van den Brand (Year 10) and Alun Coppack and Janie Busby (Year 12).

Natalie Mann (Year 12) won the *WIN Television Junior Newsreader Competition*.

Karen Van Den Brand (Year 10) won the *Plain English Speaking Competition*.

In the *Spaghetti Bridge Building Competition* at the Cairns Show, our senior team gained First place.

Alysha Stephens (Year 10) was selected as one of three State Representatives to attend the *World Vision Australia Youth Summit* in Canberra.

Kim Chuah (Year 11) and Jacqueline Muller (Year 12) took First and Second places respectively in the Senior Japanese section of the *LOTE Public Speaking Competition*.

A team from the White Rock Junior Campus won their division of *Tournament of Minds* and went to the State Finals. The team consisted of Michael Ramsay, Carla Simms, Chloe Dray, Daniella Norris, Laura Whenmouth, Susan Singh and Will Tomlinson.

TAS students won every division of the *Cairns Junior Public Speaking Competition* this year. Alissa Gianarakis (Year 5), Nigel Ivanovic (Year 7) and Jess Ferguson (Year 8) won the Junior, Intermediate and Senior Divisions respectively.

Michael Hurst (Year 5) won the *Australia Day Telstra Phone Card* design award for Queensland and the Northern Territory.

In the *Australian National Chemistry Quiz*, High Distinctions were achieved by Philip Cadel, Adam Cropp, Michael Stephenson and Brock Williams (Year 8), Tamsin Ewen-Smith, Daniel Hanna, Adam Kingsbury, Owen Myhill, Michael Pensini and Mark Taylor (Year 9), Leisa Armstrong, Michael Berlund, Martin Knott, Daniel McKeown, Paul Miller, Alicia Smith and Philip Timings (Year 10), Alun Coppack, Anthony Singh and Peter Woodward (Year 12). Michael Stephenson (Year 8) also received a plaque, being placed in the top three students in Queensland.

The academic programme has been enhanced not only by the above competitions, but also through *Challenge Days* at the White Rock Junior and Marlin Coast Campuses, as well as the elective programmes and clubs that operate in the Lower Junior classes of both campuses.

A *Work Experience Programme* for all Year 10 students has seen over 100 young men and women undertaking placements within a variety of industries located between Innisfail and Port Douglas. Placements included positions in tourism, hospitality, medicine, law, veterinary surgeries, the computing industry, engineering, communication, child care and retail. I thank the industries who have supported the Work Experience Programme and Ms Barbara Mendelsohn, our Work Experience Co-ordinator.

The introduction of a new computerised *Junior School reporting system* this year has enhanced the information and presentation of our reports. The new reports have enabled each teacher to paint a more accurate and detailed picture of children in their class. I thank Mr Norm Brosseuk (Academic Director) and Mr James McGhie (White Rock Junior Curriculum Co-ordinator), together with all Junior School staff for their efforts in achieving the introduction of our new reporting system.

Another addition to enhance the curriculum this year has been the introduction of multi-media computers in each of the Preparatory to Year 4 classrooms. These computers are equipped with CD Rom facilities and will eventually be connected to TASNET.

PASTORAL

Central to Pastoral Care at TAS is the teacher. At our Junior campuses the classroom teachers have pastoral responsibility for the children in their care. At the secondary level, the House Tutors are responsible for this area. They are supported by the four Housemasters: Dalrymple, Ms Robyn Hope (Term One) and Mr Brian Kockartz (Terms 2-4); Kennedy, Mr Ed Stolarchuk; Leichhardt, Mrs Alison Falk; and Mulligan, Ms Julianne McCarthy.

REPORT

At both the Junior and Secondary levels the 'Buddies' system provides an important focus for pastoral care between the younger and older students on campus.

SPORT

The results of the various carnivals within the School this year are as follows:

Junior School Swimming

Overall Trophy	Palmerston House
Junior Aggregate Trophy	Leichhardt House
Cheer Squad Trophy	Dalrymple House

Secondary School Swimming

Overall Shield	Leichhardt House
Junior Competition	Dalrymple House

Junior School Athletics

Morrell House

Secondary Athletics

Junior Secondary Overall Trophy	Dalrymple House Leichhardt House

Annika Bradley and Julia Lewis represented Cairns at the *Under 14 State Softball Championships* in Noosa where they won the Premiership.

Kimberley Dunlop (Year 11) competed in the *State Swimming Championships* at Chandler in Brisbane.

Secondary Junior Girls Softball, Senior Girls Netball A, Junior Girls Netball B and Under 14 Soccer teams won their Grand Finals this year.

A successful sporting tour to New Zealand for our Senior Netball A and First XV Rugby Union teams took place in the June/July school holidays.

Andrew Gane (Year 12) represented Queensland in the *Schoolboys Team* at the *Australian Schools Rugby Union Championships*.

Megan Mansfield (Year 10) competed in the *Queensland Schools Cross Country Championships* in Brisbane, achieving fourth in the State and competed in the National Championships in Melbourne where she gained a ninth place.

The Senior A Netball team won the *Far North Queensland Mobil Netball Competition* defeating Innisfail State High School in the Grand Final.

Hayley Lewis was guest speaker at this year's *Sports Awards Dinner* at Brothers Leagues Club. The major awards went to:

Junior Sportsman of the Year	Oliver Driscoll
Junior Sportswoman of the Year	Megan Mansfield
Senior Sportsman of the Year	Joshua Driscoll
Senior Sportswoman of the Year	Kirralee Rankine

I thank Mr Rowan Bullock (Sportsmaster, Semester One) and Mr Brian Kockartz (Sportsmaster, Semester Two), Mr Jason Atkins (WRJ Sports Co-ordinator) and Mr Greg Bayldon (MCC Sports Co-ordinator) for their efforts this year.

CULTURAL ACTIVITIES

Under the leadership of our Director of Music, Mr Peter Sunman, who was assisted by Mrs Alison Falk, Miss Anna Card, Miss Andrea Marks and a large number of part-time staff, our Music Department has gone from strength to strength this year.

The *White Rock Junior Choir* has achieved a First, two Second placings and a Third in the Cairns Eisteddfod this year. The *Secondary Choir* achieved a Second placing in the same competition. Our choirs have also performed on a number of occasions this year, including at *Friends of TAS Music* functions,

Education Week church services and various performance evenings.

The Instrumental Programme now sees large numbers of students learning an instrument through the School. The *Early Birds Orchestral Group* provide the forum for our younger musicians to learn the rigours of orchestral membership. They progress into one of our many bands and ensembles, including the *Wind Band*, *String Ensemble*, the *School Big Band* or the prestigious *TAS Jazz*.

The *Friends of TAS Music* enhanced the cultural life of the School through their two functions this year - the first at Trinity Wharf and later in the year at the School. I thank Mrs Liz Tomlinson, Mrs Lorna Pratt, Mrs Maureen Downs and Mrs Prue Paver for their efforts in overseeing the *Friends of TAS Music*. The new uniforms for our choirs and instrumentalists have enhanced their presentation significantly.

The School Musical *Pirates of Penzance* was a highlight of the cultural programme this year when it was staged at the Civic Theatre in May.

The leads were Tim Stork, Elizabeth Swanwick, Chris Kahler, David Miller, Sian Dempsey, Adam Harmer and Ben Harrison. I pay tribute to the staff and students involved in presenting a very high quality rendition of the Gilbert and Sullivan show. Thankyou to the production team, Fr Chris Ivey (Director), Miss Kate Grady (Assistant Director), Mr Peter Sunman (Orchestral Conductor), Mrs Alison Falk (Rehearsal Accompanist) and Miss Megan Shorey (Choreographer).

The School's first Inter-school *Chess Challenge Day* was held at the White Rock campus with a number of teams battling for supremacy over their chess boards. Thankyou to Mr Hodgson for organising this competition.

A very enjoyable *White Rock Junior Performance Evening* attracted a large audience to see children from a number of classes present plays and musical items.

The *Marlin Coast Drama Evening* also attracted capacity crowds in the St Peter's Chapel to watch students from Years 3-10 present high quality drama.

Herbert Gerzer and Rebecca Jensen represented the *Cairns Youth Orchestra* in their Annual Queensland Tour.

A successful *Music Camp* was held at Genazzano during Term 2 for our instrumentalists and choristers. Outstanding individual achievements in the Cairns Eisteddfod were: Renae Smith (*Most Promising Modern Dancer*), Michael Pensini (*Most Promising Piano Award*), Josephine Zammit (*Prato Family Award*) and Alexander Sunman (*Boys Vocal Special Encouragement Award*). Alexander Sunman also achieved the Eisteddfod's highest accolade, the *Heather Harvey Memorial Trophy* for the *Most Outstanding Competitor* in this year's Eisteddfod.

A drama presentation at the Arts Awards Dinner

PRINCIPAL'S REPORT

The School's cultural year culminated in the *Annual Arts Awards Dinner* at the Cairns Colonial Club. Congratulations to Natalie Mann and David Miller who were joint winners of the *TAS Creative and Performing Arts Award for 1996*.

OUTDOOR EDUCATION

All students from Years 2-12 were involved in our *Outdoor Education Programme* again this year. Destinations included the Genazzano Centre and other venues at Lake Tinaroo and the Atherton Tablelands, the Coconut Beach Environmental Lodge north of the Daintree River, Chillagoe and the Undara Lava Tubes, Cape Tribulation, Blencoe Falls, Mungalli Falls and Hinchinbrook Island. Our three week Year 9 Camp was again held at Lake Tinaroo. New aspects of the programme this year included "the journey", an unaccompanied day trip where both success and failure in navigation led to useful learning outcomes; and the "solo", a five hour reflection time spent on the lake's shore. Another highlight was the variety of camps offered to Years 10 and 11, which included a voyage on the Tall Ship "One and All".

The entire Outdoor Education Programme, which this year saw over 4 000 student days on camp, depends to a very large degree on the generosity of staff in giving up personal time. Staff members from Years 3-12 averaged five days each on a camp this year. I thank all staff for giving their time so freely to this important area of education and especially to our Outdoor Education Co-ordinator, Mr Mark Sewell, for his tireless efforts in offering an extensive programme to enrich the curriculum.

SERVICE

Every Year 11 student is involved in the *Community Service Programme* as part of their Christian Education course. Each week for one semester the students spend an hour in one of a number of institutions around Cairns, including Whitfield Primary School Special Education Unit, the Day Respite Care Centre, the Good Samaritan Nursing Home and Boopa Werem Kindergarten. These institutions enjoy and appreciate the work of our students and can see great benefits from such a programme for both our students and their clients. The ideal of service to others is such an important component of the Christian ethic.

Fundraising by students this year has taken place at all campuses. \$1 000 was raised for the Anglican Board of Missions through the Lenten Appeal. The Secondary Houses have raised thousands of dollars for the following charities:

Dalrymple	The Leukemia Foundation and the Salvation Army Red Shield Appeal
Leichhardt	The Queensland Cancer Fund through the Daffodil Day
Kennedy	The Cootharinga Society
Mulligan	The Queensland Cancer Fund

Through their annual door-knock profits from the BOAM (Business Organisation and Management) *Trade Day* went to the special fund set up to help Tjandamura O'Shane who was so badly burned when he was attacked at Cairns North State School in October.

The *White Rock Junior School Advisory Council* raised well over \$2 000, half of which went to *World Vision* and the remainder to the *Guide Dogs for the Blind Association*, the *Epilepsy Foundation* and the *Fred Hollows Foundation*.

Considerable funds were also raised by both Junior and Secondary students to go towards school resources.

A very successful *Jump-Rope-For-Heart* was conducted at the Marlin Coast Campus, raising almost \$3 500. The *Marlin Coast Campus SAC* also raised money for the *National SIDS Council of Australia* through *Red Nose Day*, collected gifts for local charities through the Carols Service and participated in the annual *40-Hour Famine and Famine Fighters*.

OTHER ACTIVITIES

Trinity Celebration Day

Our annual Trinity Celebration Day was held in May when we celebrated our Feast of Title. All students and staff from Years P-12 participated in our 14th Birthday Celebrations which were held at the White Rock Campus. Our celebration included a Eucharist followed by morning tea and celebration activities - the Inter-house Tug-o-War and Courtyard Dash. This year's recipient of the Spirit of TAS Award is Kathryn Stolarchuk, a Year 7 student at the White Rock Junior Campus.

Triniset Exchange

Approximately 60 children and five staff from Somerset College visited TAS for our annual get-together at the end of Michaelmas Term. The week was filled with sporting and cultural challenges, educational activities, fun outings to the Reef and Kuranda and plenty of opportunities to meet new friends and re-establish acquaintances from last year. For the first time in seven years of Exchanges, TAS won the competition trophy. Congratulations to all for a wonderful week and thank you to Miss Paulie Bolton for overseeing the Exchange.

STUDENT ACHIEVEMENTS

Kim Chuah (Year 11) was announced as *Cairns Young Citizen of the Year* at the Australia Day Awards ceremony in January this year. This is an outstanding achievement. It is an honour for a TAS student to be chosen as our region's Young Citizen of the Year.

Toni Whitaker (Year 12) represented Queensland at the *First Constitutional Centenary Convention* in Canberra.

Yvette Colgrave (Year 11) was awarded her *Silver Duke of Edinburgh Award*.

Lesley Crofts, Andrew Kidd and Kate Lennox (Year 12) were awarded *Rotary*

Year 11 student Kim Chuah Cairns Young Citizen of the Year.

Exchanges for 1997.

Shannon McEvoy (Year 11) came first in the the Regional finals of the *1996 Leukemia Quest*.

Janie Busby (Year 12) was awarded third place in the *State QATIS Literary Competition* in Poetry.

At the White Rock Junior Campus, the Australia Day Council's *Aussie of the Month Awards* went to Kathryn Stolarchuk (Year 7), Michael Singh (Year 3), Airin Gomura (Year 6), Mietta Gornall (Year 4) and Nigel Ivanovic (Year 7).

Andrew Singh (Year 7) received a perfect score in this year's *Maths Olympiad*.

Alana Muir (Year 7) is the Multi State Aged Champion in Ballroom Dancing and was selected for eight events in the *Australian Championships* in Melbourne.

Rachel Lloyd (Year 6) qualified for the *Australian Ballroom Dancing Championships*.

Sarah Simmons (Year 7) gained third place in the *Junior Triathlon* at Lake Placid in June.

Schoolboys clash for rugby union title

TALENTED schoolboys teams from Trinity Anglican and Trinity Bay will fight out the 1996 schools open age grand final at Jones Park, Mann St today.

TAS, under the direction of Carl Sloan and Brian Kockartz, are the rising stars of schoolboys rugby. Good second round wins against Worece and long-term nemesis St Augustine's were backed up with a great semi-final win over St 18-10.

The TAS team with player talent in addition to a player who divides the captain's duties. Woodward, No. 8 Paul Peninsula representative Reinhardt, Ja and Brad Marshall, leg match will be appearance by TAS in since the inaugural M final against Trinity Bay (1991).

According to Sloan, TAS will be looking to play their own game by dominating

tough, close encounter in which his team will try to pressure Trinity Bay into frustration and errors.

Trinity Bay captain, Alan Chatfield, said he would ask his forwards to play with TAS in general.

However, the ask giver TAS captain

Playing in a recent State carnival for Peninsula, Gane seriously injured his left leg when he accidentally ran over the top of a team-mate, apparently ending his push for State selection.

TRINITY Anglican High School open banker Anthony Gane, 17, will look to draw a whole new meaning after the selection of a whole new schoolboys rugby union side.

Both teams got off to a nervous start which was obvious by the number of errors from both sides and a low score at the first break.

It was not until the losing stages of the first quarter that players got into a pattern of play and at some goals on the ground and TAS held a narrow 5-4 lead at quarter time. Both teams came

out for the second quarter a lot more organised and focused, scoring off their own centre passes and the teams were level-pegging in the initial stages. Then Atherton made a few errors with ill-directed passes and TAS mid-court player Ailsa Bray capitalised, getting the ball to

goal shooter Sussanah Pedro and TAS were up 16-11 at half-time.

TAS dominated the third quarter, extending their lead to 27-18 at three-quarter time but to Atherton's credit they fought back strongly in the final term, ousting their opponents 10-5

A star is born at eisteddfod

ON the way up... Alexander Sunman, 9, of Mooroolool, is a classical music star on the rise. The Trinity Anglican School student won the Heather Harvey Memorial Award at this year's Cairns and District Junior Eisteddfod. The award is given to the most outstanding competitor in the eisteddfod field in a particular area. This year it was for music.

who were nearly 10 years older than himself. In all, the youngster won six major section prizes: Australian Composer, Boys Vocal; Contemporary Piece; Dowed Instrument; Under 10 Piano Duet and Under 9 Piano Solo. It was his prolific efforts that convinced the judges to give him the prestigious prize on Monday night. For Alexander, who

TAS students - from left - Cara Odenthal, Andrew Singh, Alan Coppack, Michael Ramsay, Michael Stephenson, and Brendan Board.

Cairns students tops in science

TOP students from locals schools are set to become leading scientists of the future following impressive performances in the world's largest science competition.

Nine TAS students were placed in the top 1 per cent of competitors in Queensland. A further 73 were placed in the top 10 per cent of the State.

Brendan Board, Cara Odenthal, Luke Harris (Year 5); Andrew Singh, Michael Ramsay (Year 7); Adam Cropp, Michael Stephenson (Year 8); Colleen Gregoric (Year 11); Alan Coppack (Year 12) each received High Distinction Award in the Australian Science Competition which attracted a record 425,000 entries from Australia, New Zealand and the Asia-Pacific region.

Peace Lutheran College Year 6 student Gary Searle also a received High Distinction Award.

PRINCIPAL'S REPORT

David Hurst (Year 7) gained first place in the *Cairns Junior Triathlon Championships* at Yorkeys Knob.

STUDENT LEADERS

The School has been ably led in 1996 by *School Captains* Kate Downes and David Miller and *Vice Captains* Kate Lennox and Danny Webb. The *Prefects* this year were Suzanne Armstrong, Cressida Bradley, Ben Cryan, Kelly Fagg, Philip Hassall, Natalie Mann, Belinda Marshall, Jacqueline Muller, Natalie Obersky, Richard Pound, Jason Reinhardt, Jessie Sadler, Daisuke Saijo, Anthony Singh, Renae Smith, Toni Whitaker, Minka Woldram and Peter Woodward.

The *House Captains* for White Rock Secondary Campus were: Dalrymple - Jessie Sadler and Dan Weston; Kennedy - Kelly Fagg and Adam Wilson; Leichhardt - Kirsty Callahan and Paul Berlund; Mulligan - Skye Maconachie and Peter Woodward.

The *Sports Captains* for this year were Belinda Marshall and Ben Cryan and the *Music Captains* were David Miller and Bridget Smith.

At the White Rock Junior Campus the *Junior Schools Captains* this year were Kurt Falkenstein and Kathryn Stolarchuk. The *Junior Vice Captains* were Nigel Ivanovic and Katie Clarke.

The *White Rock Junior House Captains* for 1996 were: Dalrymple - Jennifer Splatt and David Hurst; Kennedy - Gabby Phillips and Tor Rigano; Mulligan - Julie Struber and Sam Caldwell; Leichhardt - Sarah Simmons and William Reid.

At the Marlin Coast Campus the *Palmerston Secondary House Captains* were Jason Gregoric and Shannon Rumney; the *Palmerston Junior House Captain* was William Becker; and the *Morrell Junior House Captain* was Rebecca Jensen.

Our annual *Investiture Service of Prefects and Student Leaders* for the White Rock Secondary Campus was held at St John's Church in February, with Bishop Ian Stuart presiding. Ceremonies were held on campus for the appointment of the White Rock Junior and Marlin Coast student leaders.

STUDENT ADVISORY COUNCILS

Our three *Student Advisory Councils* have been very busy this year with fundraising, as well as providing a forum of communication between the student body and administration. At the White Rock Secondary campus the School Captains chaired a weekly meeting, with two representatives coming from each year level 8-12. The SAC Reps were: Kate Downes and David Miller (Chairs), Sherilyn Barnes, Annika Bradley, Melissa Carlill, Kim Chuah, Brad Jorgensen, Martin Knott, Michael Miller, Jessie Sadler, Elizabeth Swanwick and Dan Weston. I thank Mr Pearce for overseeing the White Rock Secondary SAC.

At the White Rock Junior Campus Miss Paulie Bolton oversaw the Student Advisory Council. The Representatives were: Michael Singh (Year 3R), Tess Stolarchuk (3L), Mietta Gornall (4M), Andrea Stolarchuk (5K), Samantha Paver and Jonathan Bleakley (5/6M), Dimity Barnes (6J), Timothy Lanski (7S) and Carla Simms and Courtenay Donnelly (7B).

Miss Anne Trethewey looked after the SAC at the Marlin Coast Campus. Members were: Guy Hannan and Alicia Blain (Year 3), Callum Jensen and Eleanor Jenkins (Year 4), Alicia Wenderlich and Arthur Blaxley (Year 5), Simon Carthy and Alfred Bovey (Year 6), and Mark Downes and Laurie Ormond (Year 7).

PARENTS' & FRIENDS' ASSOCIATION

At its Annual General Meeting in February the following parents were elected to the Management Committee of the Parent's & Friends' Association for 1996:

President	Mrs Sally Fraser-Kirk
Vice Presidents	Mr Clive Abbott and Mrs Jenni Gilbert
Secretary	Mrs Margaret Dean
Treasurer	Mr Gerald Rigby
Committee Members	Mrs Ann Fagg and Mrs Patricia Heath

Mrs Julie Smith also joined the Management Committee as a White Rock Junior Representative.

The P & FA had a successful year, providing both social and fundraising activities. The most notable events were a wonderful *Marlin Coast Carnival* in May, and the *Fireworks Evening* in November, as well as the *Annual Fashion Parade*. The P & FA operate the Tuckshops on both campuses as well as our School Uniform and Bookshop. I thank Mrs Emily Moritz, Mrs Sandra Wright and Mrs Louise Vickers for their efforts as convenors of the shops.

The bulk of funds raised this year went towards the purchase of substantial library resources at the Marlin Coast campus and the re-development of a new central tuckshop at the White Rock campus, to be ready for the beginning of the 1997 school year.

I thank Sally Fraser-Kirk and her hard-working committee for the positive contribution that the P & FA have made to life at the School this year.

THE DEVELOPMENT OFFICE

The School Council took the opportunity this year to review the operations of our *Development Office*. In the early '90s the School thought that philanthropy held the key to securing our future as a leading independent school in this state. Recently it has become clear that a shift in focus to "enrolments" should form our priority in securing our future. A fully enrolled school will mean a significantly better resourced school - in physical and human terms. Accordingly, our focus will shift from "development" to "admissions" from next year.

Our *Admissions Office* will be headed by Mr John Bacon, the Director of Admissions. The office will focus on marketing and enrolments, promotion and advertising, as well as assisting with fundraising and support associations (P & FA and Old Scholars).

I thank Mr John Bleakley, Development Officer, for his efforts throughout this year. He has made a significant contribution to life at TAS in so many areas.

THE OLD SCHOLARS' ASSOCIATION

A Special General Meeting of the *TAS Old Scholars' Association* was held in September. The new office bearers for 1996/97 are: President - Rebecca Jensen, Vice President - Sian Ferguson, Secretary - Kirsten Tame, Treasurer - Brent Brosseuk, Committee Members - Jason Fowler, Cheryl Gamble, Craig Jensen and Chris Kirk.

The Old Scholars' Association is playing a more significant role in the life of the School. Indeed, even though TAS is only 14 years old, a number of Old Scholars have married and have even commenced enrolling their children at the School.

Their annual social function and sports days were again held this year. A victorious Old Scholars First XV Rugby Union team defeated TAS First XV 31-5, although they were assisted by four members of staff!

The annual Old Scholars vs First XV Rugby Union match.

PRINCIPAL'S REPORT

Big boost to Marlin Coast Library.

STAFFING

We welcome the following staff this year: Mr Craig Bassingthwaighte (Deputy Principal), Mr Rick Hodgson (Head of White Rock Junior), Mrs Melinda Short (Bursar), Mrs Belinda Bogart (Enrichment Co-ordinator), Mr Rowan Bullock (HPE, WRC), Mrs Gaye Chant (Accounting/Commerce), Ms Elaine Mangan (Primary MCC), Ms Ann Morgan (Music MCC, Semester One), Mr Brian O'Connor (Manual Arts), Mrs Christina O'Connor (Preparatory MCC), Mr Stephen Spilsted (Maths/Science WRC), Mrs Mary Sprawling (Christian Education, part-time Semester One), Mrs Ruth Hellwig (Primary WRC), Miss Natalie Taylor (Japanese MCC, Terms 1-3), Mr Nigel Hastie (Japanese MCC, Term 4), Mrs Kerry Jefferis (part-time Receptionist MCC), Mrs Sue Stork (ESL, Term 2), Mr Charles Crockford (Science and ESL MCC), Mr Philip Turner (ESL, Semester 2), Ms Helen Bond (Receptionist WRC), Mr Lee Schiller (Groundsman) and Mr Shane Dunstan (Groundsman).

The following staff took Long Service Leave during the year: Mr Rob Clegg, Ms Robyn Hope, Dr Barbara Howard and Mr Tony Sheppard.

Mr Paul Clarke was appointed to Senior Groundsman, Mr Sandra Wright became Assistant Co-ordinator of the MCC After School Care, Miss Paulie Bolton was appointed to the position of Upper Junior Co-ordinator at the White Rock Campus, Ms Lyn Fowler became Lower Junior Co-ordinator at the Marlin Coast Campus and Mrs Diane Lymbury became Upper Junior Co-ordinator at the Marlin Coast Campus. Mr Brian Springell was appointed as Head of Technology - Administration.

At the end of this year Mr John Bleakley, Development Officer, leaves TAS to pursue personal business interests; Mr Chris Ansell and Mrs Françoise Nozaic will also leave TAS. We wish them well for their future.

Next year we welcome Mr John Bacon as Director of Admissions. Mr Bacon comes from Camberwell Grammar in Melbourne, where he has been Registrar.

Other appointments were being finalised at the time of writing this report.

CONCLUDING COMMENTS

Two significant decisions were taken during 1996 that will affect the life of the School from next year. Firstly, from 1997, we will be operating one well-resourced Secondary Campus (at White Rock), with two Primary campuses - at White Rock and the Marlin Coast. This shift in strategy involves the current Marlin Coast Secondary classes moving to the White Rock Campus. Such a shift in strategy will enable the School to make some significant resource developments over the coming years at both campuses. It will also enable a new and expanded curriculum initiative to be introduced, thus enhancing our already well regarded educational programme. Both campuses will be strengthened through this decision, with our students being the beneficiaries.

From next year the Marlin Coast Campus will continue to operate as a well-resourced first-rate Junior school (Preparatory to Year 7) campus. Whilst it is acknowledged that some families (especially those from Port

Douglas/Mossman) have been inconvenienced by this decision, there is no doubting that the quality of educational offering at both campuses will be significantly enhanced through the strategy shift.

A *Student Accommodation Centre* will open at Woree next year to accommodate secondary school boys and girls from around Far North Queensland and beyond who wish to attend the White Rock Campus but are unable to travel each day. Bus services from Port Douglas and Innisfail will be operated by the School to supplement the existing school runs.

Secondly, a major building programme has commenced at the White Rock Campus, due for completion next year. The project will involve the construction of Stage One of a Performing Arts Centre as well as four new secondary school classrooms, an administration centre and a new centrally located tuckshop. Stage One of the Performing Arts Centre will involve the construction of a multi-purpose hall with full theatrical stage. The second stage of construction later this decade will see the facility converted to a 500 tiered-seat theatre. This is the first major building programme in six years at the White Rock Campus and marks the building of a new phase of physical development of our School facilities.

Over the Christmas holidays certain facilities at the Marlin Coast Campus will also be converted to accommodate the specialist needs of primary students.

As I draw to the end of my report, there are a number of people to whom I pay tribute and extend thanks for their support throughout the year. Firstly, to Mr Peter Gummow, Chairman of School Council for his personal support and understanding, his wisdom and guidance, his considerable commitment of time to the School and his visionary leadership.

To each member of the School Council, for their encouragement, support and trust throughout the year. Thankyou to Bishop Ian Stuart, Bishop George Tung Yep, the Reverend Dorothy Daniels, the Reverend Barry Paterson, Mr Ross Bottomer, Mr Jason Fowler, Mrs Robyn White, Mr Nigel Salter and Mr Hal Westaway. Our good wishes and thanks go to Bishop Tung Yep who stepped down from Council after 13 years of dedicated service.

To the members of the Management Team with whom I share the administration of the School; Mr Craig Bassingthwaighte as Deputy Principal and Campus Head for the White Rock Secondary Campus, Mr Norm Brossek as Academic Director, Mr Rick Hodgson as Head of White Rock Junior, Mr Alan Campbell as Head of Marlin Coast, Mr Stephen Pearce as Dean of Students, Fr Christopher Ivey as Chaplain, Mrs Melinda Short as Bursar and Mr John Bleakley as Development Officer. Thanks also to Dr Barbara Howard who served as Acting Senior Mistress for Semester One. A finer Management Team you would not find.

To all teachers at the White Rock and Marlin Coast campuses who day by day stand before classes as teacher, role-model and care-giver.

To the support staff who, often behind the scenes, play such a vital role in the operation of the School. I especially thank our Office Manager, Mrs June Chan, Enrolments Officer, Mrs Wendy Grimley and our Head Groundsman, Mr Paul Clarke.

To my secretary, Mrs May Hubbard, upon whom I am totally reliant! Her professionalism and personal dedication are an invaluable asset.

And finally, to all the families who together, make up the Trinity Anglican School Community of 1996. Each and every student has made a special contribution to the overall mission of TAS this year. Thankyou to each of you and to all parents who have supported their sons and daughters.

As we approach Advent, we are reminded that it is a time of preparation as we ready ourselves for the great celebration of the birth of our Lord Jesus Christ. I pray that each member of our School Community may pause at this time to give thanks to God for the many blessings that he has bestowed upon us over the past year. Christmas really is a time of celebration for all. May the celebration of the birth of the Christ-child remind us of our reliance on the Lord for all that we do.

I extend to you all a happy, holy and blessed Christmas. May your family have a restful and refreshing vacation and a New Year that is full of promise.

The Reverend PJH Laurence
PRINCIPAL

FROM THE SCHOOL CAPTAINS

Trinity
Anglican
School

Our school motto, 'Teach them to observe all things' has been put to the test this year with a jam-packed time of memorable events. The students of TAS can be proud of the outstanding results produced in all aspects of school life, whether it be sporting, academic, cultural or spiritual. The results have set a challenging precedent for students of the future to follow and hopefully one day overcome.

From the sporting side of life, TAS stood out in fields such as the swimming carnivals (thanks to the inter-school cheer squad!), athletics carnivals, our triathlon, netball, rugby union and many other team and individual sports.

TAS has shown its gratitude for the sporting students by holding yet another successful Sports Awards Dinner with this year's guest of honour Hayley Lewis. Brothers Leagues Club was the perfect venue for such an event.

The Arts Awards Dinner following in suit with a great evening at the Cairns Colonial Club. Many awards were given for the different fields of art in which our students displayed outstanding abilities.

Academic students will be recognised for their achievements in this year's grand Speech Night to be held at the Cairns Convention Centre. It is sure to be a success with all three campuses involved in the one night.

As School Captains, we have been particularly involved in the spiritual and civic side of the school. We have attended such events as the installation of the new Bishop, the Right Reverend Clyde Wood, in Townsville in October, and various other events where we have represented TAS.

We would like to thank the Prefect body of 1996 for their help and support this year and we wish 1997's leaders the best of luck in their roles.

FROM THE CHAPLAIN

I am continually encouraged by the growth of the Christian Ethic within the school community. The ministry of the Chaplain and other staff is to support our students in their everyday lives, whether it be questions of faith, life or personal development. We are privileged at this school to have so many opportunities to grow and share together and 1996 has been full of such opportunities.

IN THE CLASSROOM

1996 has seen our Christian Education classes continue across the school. In the junior classes, our teachers have once again brought the simple message of the Gospels to our students and provided opportunities for them to consider such issues as friendship, commitment and the teachings of Jesus. In 1997, we look forward to the introduction of new upper junior material, ensuring that our programs are up-to-date and relevant for our students.

The secondary department embarked on a new programme across the classes, and this has proved most effective. We have covered a vast number of issues, from creation to comparative religions, from the Gospels to 'the future'. We are continually striving to find new and relevant resources which address students' faith in the '90's. Once again, our Buddy program has been an integral part of the Christian Education program, providing opportunities for our Year 12 students to share friendships with those in the lower Primary School. My thanks to Mr Sloan and the staff with whom he works.

I would like to thank all the Junior School staff for their efforts this year and to Fr. Laurence, Mr Campbell, Mr Sloan, Mr Bullock, Mrs Sprawling and Mr Turton for their assistance and dedication to the Secondary classes.

COMMUNITY SERVICE

Our Year 11 programme has ended its 5th year and is still proving to be an invaluable opportunity for our students to assist less fortunate community members. At times, I know this is demanding of our students; however, their dedication and maturity is to be commended. This year we began working with Woree Special Education Unit and the Cairns Respite Care Centre, two new additions to our friends in the community.

LITURGY COMMITTEE

The committee has had a quiet year, which leaves us with a big work load for 1997. The committee aims to look at the key areas of worship within the school, weekly Chapel and Family Services. We have already begun to formulate some exciting new changes for 1997 which will ensure our worship remains a relevant and integral part of the TAS experience.

HUMAN RELATIONSHIPS EDUCATION

HRE commenced as a formal lesson in the Secondary Department at the White Rock Campus at the commencement of Semester Two and this has been to the benefit of all our students. It is an extremely important part of a child's education and I would like to thank the staff who have taught the programme for the first time. They have risen to the occasion and helped to ensure the programme is a success. A number of staff and parents have assisted on various committees to ensure that we have a solid and well-presented programme for our students and I thank them for their commitment. We have also been fortunate to have a large number of guest speakers from the community to work with our students and their assistance has been

invaluable. We are keen to improve each year and our plan for 1997 is to consolidate on the good start made so far.

CONFIRMATION

This year, Bishop Wood confirmed 12 students at St. Peter's Chapel at the Marlin Coast on Sunday November 3rd. It was a wonderful service and I was very privileged to prepare the students during the course of our classes. I pray for Laura Butler, Grant Fraser-Kirk, Kristy Fraser-Kirk, Michael Hellwig, Laura Jenkins, Timothy Lanski, Lucy Male, James Mousa, Claire Mousa, Tara Pollock, Caitlin Salter and Julie Taylor as they begin their Christian journey.

WORSHIP

Our very first P-2 services were held at both campuses early in Semester two and these were wonderful opportunities for worship amongst our youngest members of the school family. Both services were full of life and enthusiasm and will become an essential part of the worship life at TAS. Within our Chapel framework, we have had a number of exciting guest speakers throughout the year, from a wide range of backgrounds, enabling our students to hear first hand about the work of many organisations around the country.

Throughout the year we held a number of special liturgical services, including campus-based Ash Wednesday Services, year level Easter services, our Feast of Title, and the very successful Year 9 Camp Service. These events are helping to establish traditions within our community, ensuring student involvement and an expression of our faith as a Christian School. These services, along with our Sunday Family services, have always adopted a community atmosphere, allowing the School to worship together and to feel a sense of belonging.

The 1996 Lenten appeal raised a large amount of money to support the work of the Anglican Board of Missions; the students response was very positive and the money was well received.

1997 promises to be an exciting year as we build on the past and look forward to more opportunities where we can strengthen our sense of communal faith. The challenge is always to provide opportunities for our young men and women to know and trust in our Saviour, Jesus Christ.

Fr Christopher Ivey
SCHOOL CHAPLAIN

FROM THE ACADEMIC DIRECTOR

Trinity
Anglican
School

Throughout 1996 the School has continued to pursue its goal of academic excellence through its many and varied innovative programmes. Many advances were made in the commitment to integrate technology into the curriculum at all year levels. It goes without saying that we are very proud of the achievements of our graduating class from 1995 and look forward to the achievement of our class of 1996.

At the end of Semester One, a new reporting system was introduced into the Junior School in order to provide a more comprehensive method of reporting student achievements. I do thank all those who worked so hard to achieve this outcome.

With the provision of the electronic data retrieval system in the library through 1996, we have been able to enrich the learning experiences for our students with access to TASNET and the internet, and I do thank Mrs White for her tireless efforts in establishing this facility, and for her infinite patience in leading students and staff through the maze that allows access to this information.

As the year draws to a close, I would like to thank all those who worked so tirelessly in an effort to provide the myriad of educational experiences that enrich the lives of all the students under our care. Their efforts are appreciated and underpin our goal of Academic Excellence.

Mr Norm Brosseuk
ACADEMIC DIRECTOR

FROM THE DEVELOPMENT OFFICER

1996 has seen a change in emphasis in the Development Office from a focus on the engendering of philanthropic support to the maintenance of enrolments as a means of developing TAS in the short term.

However, both emphases involve the promotion, within our community and beyond, of all that is special about our School, so there has also been much continuity of purpose.

The year saw the production of a new brochure to market our unique Preparatory programme. Visits were made to many local kindergartens and day care centres as we worked to make our *head-start* Year better known and understood in the Cairns community.

The Old Scholars' Association is always a significant avenue of support in many ways in an established independent school. In 1996, the TAS Old Scholars took on a "new look" at the top with the election of a new committee at a Special General Meeting in September. New President Rebecca Jenkins and Vice-president Sian Ferguson, both from the class of '88, together with their new committee, have plans to put the Old Scholars on an even firmer footing.

The pursuit of philanthropic support was certainly not neglected during 1996. A number of generous benefactors continue their annual pledges to support our planned building programme, and a number of named endowment funds which have been established continue to grow. Speech Night 1996 saw the awarding of the first *Tung Yep*

Family Scholarship, endowed in perpetuity by a family who have been supporters of the school since its inception. A number of named prizes, supplied through the establishment of endowment funds, were also awarded for the first time this year.

The White Rock campus will see the first significant building development for several years completed during 1997. The first stage of the performing arts theatre, in particular, has attracted interest, with one school family instrumental in the decision to proceed with this project at this time through their very generous commitment of time, money and expertise.

Our third Annual Giving programme has, once again, attracted considerable support. Annual giving funds resources for the School which are beyond the capacity of our budget each year. It is the Development Officer's happiest duty to catch up with teachers from each department telling them how much extra they have to spend each year as a result of the generosity of the TAS family.

Annual giving in 1996 saw gifts received from parents, past parents, friends of the school with no other connection, grandparents, School Council members, staff, past staff and old scholars - truly diverse support from across the community.

The Bleakleys revert to our role of "just" being supportive parents next year, and the advent of the Admissions Office heralds a further change of emphasis. But, the support - in so many ways - of the whole school community will **always** undergird the success of a school such as TAS.

To serve the School family on staff over the last 3½ years has been a privilege. As parents, we will continue to contribute to that wonderful support base in the future, in whatever way we can.

Mr John Bleakley
DEVELOPMENT OFFICER

P & F A

PHEW, WHAT A YEAR!

As the first ever female President of the Parents and Friends Association, the pressure was on from the minute I was elected. However with a fantastic team on the Management Committee, consisting of my Vice Presidents Jennie Gilbert and Clive Abbott, Treasurer Gerry Rigby, Secretary Margaret Dean, and Committee Members Ann Fagg, Patricia Heath and Julie Smith, we quickly got to work.

We broke the ice with our inaugural Trivia Night at the White Rock Campus, which was so successful that we repeated it later at the Marlin Coast Campus.

Denise Beattie organised a very special dinner dance which was held in the completely transformed under cover area at White Rock. Superb food, an excellent band and good company all contributed to a wonderful evening.

After many hours of discussion it was decided to hold just one carnival per year, and to alternate them between White Rock and the Marlin Coast. The successful Marlin Coast Carnival raised approximately \$20,000. This has become very popular with the whole Marlin Coast Community.

A surprising fundraising event was next. We were approached by the Brisbane Boys College to provide catering for students on the 5th World Students' Conference. A two course meal was provided for 50 students for four nights at the school, netting the P & FA a profit of \$3000. We are hopeful that we will be able to repeat this next year.

At the time of writing, three major fundraising activities are still to happen. These are, the Fashion Parade which this year has become a stand alone event, a Fireworks evening at White Rock which promises to be great fun, and the competition of a raffle of a year's school fees.

Our P & FA Sub-Committees have also been very busy this year with the Marlin Coast Campus madly raising funds to air-condition all the classrooms through chocolate drives, donations, hot cross bun drives etc. Our White Rock Junior Committee ran a very successful Fathers Day 'bring and buy' day

raising an incredible \$550. They are also the driving force behind the Fireworks evening.

The Parents and Friends Association is not just about fundraising however, and this year we have had a number of issues important to parents and students which we have been involved in. The issue of overhead power lines was again raised this year, and I would like to thank Brett Haymes and his network for lobbying so successfully for the existing power lines to be removed and replaced with an underground one - a great result for the School.

The bus service continues to provide headaches to all concerned. As a result of two public meetings, a sub-committee was formed by the Department of Transport consisting of representatives from all major bodies. I was fortunate enough to be selected to represent independent schools, and we have been working diligently to improve our school services. I am hopeful that the revised bus timetable and services in 1997 will bear testament to this.

UNIFORM AND BOOKSHOP

A brand new uniform and the collapse of the company supplying us with text books were two challenges we faced this year. A big thank you to Louise Vickers for keeping her finger on the pulse. With the relocation of the shop and a move towards phasing out the old uniform, we believe that next year we will be able to plough the profits back into the school.

TUCKSHOPS

Mrs Emily Moritz and Mrs Sandra Wright, our tuckshop convenors, have once again proved their weight in gold. We are hopeful that with the relocation of the tuckshop at White Rock next year, we will once again be able to build up a willing band of volunteers.

Getting involved in the P & FA is a great way to contribute to the school community. As always, anyone with offers of support or new ideas will be warmly welcomed.

Mrs Sally Fraser-Kirk
PRESIDENT

FRIENDS OF TAS MUSIC

Friends of TAS. Music are a small group of parents who devote their energies and time into creating improved facilities and recognition for music at Trinity Anglican School. The group was formed in 1995 consisting of Liz Tomlinson, Maureen Downs, Pru Paver and Lorna Pratt.

The objectives of the committee are to raise funds, give additional support to the Music Director, provide support and encouragement to music students and provide extra opportunities for the students to perform.

Some of the achievements as a result of the fundraising have been:

Tape Recorders

Filing cabinets for storage of sheet music

Sound proofing, refurbishment and air-conditioning of the Music Department

Instruments (Tympani)

Uniforms - formal and informal for ensembles and choirs.

Friends of TAS. Music would like to thank all TAS families and students who have supported their fundraising events to date, and look forward to their continuing support.

The establishment at TAS of the English as a Second Language (ESL) course has been one of the many curricular innovations this year. It has been developed so that our international students can be more easily incorporated in the school population. Involvement with the ESL programme is enabling our international students to increase their proficiency levels in English across the four skills - reading, writing, speaking and listening - and is preparing them for entrance into the mainstream classroom with a greater assurance of academic success.

This intensive programme began in second term with Mrs Sue Stork at the helm, and in third term I took over as co-ordinator. Students have been exposed to a hectic potpourri of interactive communicative lessons, and have even tested the water on excursion, where they coped most admirably with the language demands made in the 10 pin bowling alley, the video shop, the clothes shop, the restaurant, and the ice cream parlour.

Perhaps their greatest challenge came when they performed a student written drama piece in English at the Windmill College Second

Anniversary dinner in front of several hundred guests, held at the school on August 17. The evening was attended by students, parents, staff, local dignitaries, visiting Japanese students and their host families, as well as the head of Windmill College, Mr Toshio Ito. Entertainment was provided by the school band, TAS Jazz, the Year 11 Japanese class together with Mrs Gomura, and the humorous skit performed by the ESL students themselves. Speeches by Father Laurence, Ito San, David Miller and Daisuke Saijo were well received.

Much progress, both in and outside the classroom, is being made with mutual cultural exchange evident at lunchtimes, on the basketball court, and soccer fields especially. It is heartening to see bridges being built between Australia and Japan right here at TAS, and pleasing to note that helping to make the world a place of mutual understanding and respect doesn't stop with the ritualistic chanting of the ESL students in Room B7.

Mr Phillip Turner
ESL Co-ordinator

GIFTED AND TALENTED

Our gifted and talented programme is based on the premise that students who are above average ability, display a creative approach to their work and are committed to completing tasks, need further stimulation in their learning. This service is being provided in diverse ways ranging from individual extension work to whole-class lessons on thinking. We also run lunchtime Science clubs, Challenge Days, and are involved in Tournament of Minds, as well as a range of other competitions that offer students opportunities to demonstrate their expertise. Our successful Junior

School Tournament of the Minds Maths team enjoyed their visit to Brisbane for the State Finals and we hope ALL teams go on this learning venture next year. Next year we will be running lunchtime club activities to better prepare students for this mammoth task, and training students to be involved in future problem solving. It should be an exciting year.

Mrs Belinda Bogart
GIFTED AND TALENTED CO-ORDINATOR

OUTDOOR EDUCATION..

THE OUTDOOR EDUCATION PROGRAMME at TAS endeavours to provide a sequential learning experience for all students. Traditional outdoor skills such as camping, navigating and canoeing are introduced gradually. The physical challenges increase with each year. The natural world surrounding students on camp changes and expands as the students themselves change and grow. The social structure of each programme is more complex than that of the previous year. Throughout the ten or so years it spans, the Outdoor Education Programme affects the individual student in terms of her or his softness of heart and sharpness of mind, strength of body and depth of soul. At the same time it helps form the bonds between individual and community and between community and the natural environment.

Plunge Pool - Blencoe Falls - Year 10 Camp

of Outdoor Education; rather it provided an opportunity for all Year 12 students to focus on aspects of school life important to them. They worked through a program emphasising their roles of leadership and responsibility within the TAS student community and attended sessions on personal development issues and adolescence. Some time was given over to the Housemasters who used it to run activities which fostered a stronger bond within each House. A barbecue lunch and an afternoon of swimming and canoeing at nearby Lake Eacham provided an opportunity to relax in an environment of inspiring beauty.

Term two saw most of the Marlin Coast and White Rock Junior School students attend a variety of camps.

Year 3 students had separate campus camps, staying, as had the Year 12s, at the Genazzano Centre. Their program, however, was based on the fun of exploration and discovery. A range of activities introduced students to the basic concepts of environmental awareness and adventure.

All Year 4 students stayed at the Coconut Beach Environmental Lodge, north of the Daintree River. There they worked through a very busy program which augmented their classroom study of rainforests. They briefly visited both the Daintree Rainforest Environment Centre and the "Bat House" Tropical Rainforest Research Centre.

Year 5 students from Marlin Coast and White Rock travelled together to Camp Tinaroo, on the lake. During this camp the students were exposed to some of the skills of the outdoors; among other things they learned basic canoe strokes and went on a short hike. One afternoon they went to Lake Eacham for a picnic and swim and later to the Mt. Hypipamee crater, spotlighting for nocturnal wildlife.

Year 6 classes from both campuses travelled inland to Chillagoe for an arduous five days camping under canvas. A very busy program saw them caving (both guided and self-guided with maps and torches), taking part in various types of art classes and going on a bush foods and medicines walk with local Aboriginal people. The Chillagoe area offers a huge amount of stimulus for thought and the week away seemed hardly long enough.

Georgina - Bush Food and Medicine Walk - Chillagoe - Year 6 Camp

During the heat of first term Year 12 spent three days on the Atherton Tablelands at the Genazzano Centre on Lake Tinaroo. This camp (and I use that term loosely!) was not strictly a part

'SHARPER MINDS, SOFTER HEARTS'

Trinity
Anglican
School

The Year 5 & 6 composite class also travelled inland, to Undara Lava Tubes, another pleasant and thought provoking experience.

Most of the remaining Secondary year levels had their camps in term three.

About half the Year 10s, including students from both campuses, took part in either a voyage on the tall ship "One & All" or a bushwalk on Hinchinbrook Island. These camps provided good opportunities for students from both campuses to mix in a positive and supportive environment. Staff, too, could enjoy the relaxation and aesthetic beauty of a maritime environment.

Year 11 students selected their camps from a range comprising a "One & All" voyage, an exploration (by foot and bike) of the

"Solo", a five-hour reflection time spent on the lake shore. A most heartening aspect of this camp was the exceptional willingness of the vast majority of students from both campuses to integrate fully.

Late in the term the Year 8 classes, two at a time, spent five days based at Fong On Bay on Lake Tinaroo. During this camp they went on an overnight canoe trip and a day hike.

During the last term each of the Year 7 classes camped for five days at Cape Tribulation, where they spent a great deal of time listening to and talking with various local experts, discussing fields of interest ranging from the Bloomfield Track to Bat Ecology.

Finally the remaining Year 10 students attended camps at Blencoe Falls and Mungalli Falls.

Cape Tribulation - Year 7 Camp

Zoe Bay - Hinchinbrook Island - Year 10 Hike

Blencoe Falls gorge, a bushwalk on Hinchinbrook Island, a sea kayak trip around the same island and a descent of the Wallaman Falls gorge with Outward Bound.

The spectrum of programmes offered to Years 10 and 11 students caters for a range of needs: pure adventure, physical challenge, aesthetic beauty and more. It offers a variety of environments: marine, islands, inland and gorge. Each student is able to select a different camp in Year 11 from that which they attended in Year 10.

All of Year 9 went on a three week camp around Lake Tinaroo. New aspects of the programmes this year included "The Journey", an unaccompanied day trip where both success and failure in navigation led to useful learning outcomes, and the

It ought to be clear in all our minds that whatever the benefit to our students in taking part in these varied and rich experiences; none of it would have been possible without the voluntary participation of many, many teaching staff. Over 4,000 student-days on camp this year required a lot of staffing, each member of the teaching staff averaged in excess of five days away from home to support the program. Their presence is far and away the most important resource in the entire TAS Outdoor Education program, and their contribution the most generous! I thank them all and wish them, and all students, happy holidays, especially if camping!

Mr Mark Sewell
OUTDOOR EDUCATION CO-ORDINATOR

INFORMATION SERVICES

'The current generation will be the last that uses pen on paper as the major form of non-verbal communication'
- anonymous

This quote has been heard recently at education and technology conferences. The rapid expansion of information technology is staggering and it is essential that technology plays a major role in today's education. The Laptop Programme allows students to have unlimited access to computers at school and at home to complete many of the educational tasks that arise across all subjects in the curriculum. The laptop has already become an essential educational tool and yet we are far from utilising its full potential.

The first level of computer expertise involves using the Works package to create drafts, manipulate data and present documents which are essential skills for any occupation or business. The standard of material presented by students in all grades is outstanding, e.g. Year 7 students are producing mini-newspapers of a professional standard, Year 12 Physics students are instantly plotting graphs of their experimental results to see the effect of different variables and English teachers can now indicate where students should move whole paragraphs in essays without burdening the students with laborious redrafting.

MicroWorlds Project Builder is a widely used and exciting educational package that develops problem-solving skills in combining text, graphics and animation. Year 6 teacher Mrs Diane Jackson attended a technology conference in the United States during the July school holidays in which MicroWorlds featured prominently. In other subjects Graphics students use CAD (Computer Aided Drafting) on their laptops, Biology students use genetic programmes to simulate heredity and breeding, and Japanese students have software to help learn Kanji characters.

TASNET is the other major component of the technology programme at TAS which complements the laptops. Currently, the desktop computers in the library are networked to a Novell server and CDROM tower that offer multiple access to reference materials and multi-media presentations in many subjects. There is also multiple access to the Internet which is proving incredibly popular and useful as an up-to-date and limitless resource for any subject area. Staff and students are gradually using the Email facility to communicate with colleagues across Australia and across the world. The Junior School students especially have taken to Email enthusiastically.

The next development in TASNET will be utilising the fibre-optic cable that has already been installed, to allow access to the network from many classrooms. This will certainly make the classroom an exciting learning environment with expanded horizons. The eventual aim is to not only have all classrooms linked to the network, but to offer dial-in modem access from home for staff and students. However, the intricacies of networking mean that this task needs to be approached steadily in order to make sure each layer works properly before the next is added.

The computer technician Mr Joe McCully, is to be thanked for his patience in attending to the myriad of hardware and software problems from both staff and students in their daily use of the laptops.

Mrs Linda White
HEAD OF INFORMATION SERVICES

Mr Brian Springell
HEAD OF TECHNOLOGY - ADMINISTRATION.

SPIRIT OF TAS AWARD

At our Trinity Celebration day each year the *Spirit of TAS Award* is presented. This is awarded to a student who best embodies the spirit of Trinity Anglican School. In particular, the student whose life reflects the School's dual mission of Christian formation and educational excellence, a student who strives to reach his or her full potential as an individual and as a member of the wider community. The winner of the 1996 *Spirit of TAS Award* was:

Kathryn Stolarchuk

"BEST ALL ROUNDER"

Ampol Petroleum have sponsored an award for the "Best All Rounder". The "Best All Rounder" is awarded to a student who has demonstrated leadership and school spirit through a commitment to the academic, sporting, cultural and spiritual life of the School. The "Best All Rounder" is awarded to:

Belinda Marshall

TOP HOUSE PRIZE

This is based on performance by each House during 1996 in the following competitions: Swimming, Public Speaking, Cross Country, Athletics, Debating, Triathlon and Drama. The White Rock Secondary Trophy was donated by the Wilson family in 1983.

The winning Houses are:

Marlin Coast Campus	Morrell
White Rock Junior Campus	Dalrymple
White Rock Secondary Campus	Leichhardt

DUX

The Years 8 - 11 Dux awards have been endowed by the Carroll family, in memory of their daughter Tracy, who was a TAS student from 1989 to 1991.

The Tracy Carroll Memorial Awards for Dux of Years 8 - 11:

Year 8	Elizabeth Goodall
Year 9	Michael Pensini
Year 10	Karen Van Den Brand
Year 11	Kim Chuah & Megan Grinter

The prize for the Year 12 Dux has been endowed anonymously in memory of the Third Bishop of North Queensland, the Right Reverend George Horsfall Frodsham who held office from 1902 - 1913. Frodsham was known as the "Restorer Bishop" and towards the end of his episcopate as he prepared to return to England, said that he had tried to be "a faithful administrator rather than a popular man". Bishop Frodsham had a wide ranging interest in education; he was a vigorous promoter of Religious Instruction in state schools, was on the committee to encourage the establishment of the University of Queensland and was one of the prime movers in the foundation of the Institute of Tropical Medicine in Townsville. We are pleased that, through this endowment, Bishop Frodsham's contribution to our Diocese and beyond will be permanently recognised by our School community.

The Bishop Frodsham Prize for the Dux of the School:

Kurt Maile and Anthony Singh

The Spirit of TAS Award

... is to be awarded to a student who best embodies the spirit of Trinity Anglican School. In particular, "The Spirit of TAS" is presented to the student whose life reflects the School's dual mission of Christian formation and educational excellence, a student who strives to reach his or her full potential as an individual and as a serving member of the wider community.

*1996 Recipient
Kathryn Stelarchuk*

FROM THE DEPUTY PRINCIPAL

White
Rock
Secondary

It is often said that teaching and learning, as we do at TAS, involves a process of delayed gratification. Unlike the bricklayer or the shipwright, at the end of our day, teachers are mostly unable to see the tangible benefit of what they have done. Perhaps it will exist in the revelation of a poem, or the solution to a problem, or in this day and age in the configuring of a computer programme. But our real work, our real worth, lies deep within the students we teach. In this way, our gratification is often delayed.

Coming to Trinity Anglican School in July after a considerable time at my previous school, I have felt very comfortable with the style of education presented. There is a delightful blending of tradition and new ways, of formality and informality (I never had to own a dinner suit before this semester!), of teachers and students rubbing shoulders in all the activities they pursue, side by side. A school that only provides the classroom as the learning environment is a poor one indeed. At Trinity Anglican School, we are rich in our diversity.

My images are of students and their teachers learning from each other; the simple serenity of the Year 9 service in an old hall at Lake Tinaroo; the glorious competition of the inter-house triathlon under a blue July sky; rows upon rows of computer screens and tapping fingers, TAS JAZZ 'flying us to the moon', the enthusiastic and vocal support by boys at netball and girls at rugby; the illumination of a Robert Frost verse in an English classroom.

In a school young in years, there must be a blend of continuity and change, a chance to consolidate and to challenge; but always, we must be asking more of our students than they think they can give. Is it the best they can do?

It has been an honour to serve such a dedicated and committed group of teachers as they have sought to provide the experiences for our children. Going the extra mile is something always evident but never taken for granted. We can be proud of the healthy relationships developed at school that nurture the teaching and learning process.

Therefore, we must move forward, trusting that our routines will eventually produce results. Immediate gratification came to me at my first Chapel service. Boys at my previous school had a favourite hymn that they sang with gusto and love. It is the same hymn students like

to sing here, "Shine Jesus Shine". It features the inspirational call to have our "hearts set on fire". If we send our graduates out, in this case the Class of '96, beginning to learn what is the best they can do, then truly we have answered their call and set their hearts on fire.

Mr Craig Bassingthwaighe
DEPUTY PRINCIPAL

Mr Brian Kockartz and students - New Zealand Rugby, Netball Tour

STAFFING

At the beginning of semester two we welcomed Mr Craig Bassingthwaite to the English Department; his wide experience and depth of knowledge are already being appreciated by students and colleagues.

AUSTRALIAN SCHOOLS ENGLISH COMPETITION

All students in the high school participate in this demanding competition which assesses reading comprehension, document and data interpretation, vocabulary and language skills. Michael Stephenson (Year 8), Karen Van Den Brand (Year 10), Alan Coppack and Janie Busby (Year 12) were all awarded High Distinctions, representing the top 1% in the state. Janie deserves special congratulations as she has now gained a High Distinction in Years 8, 9, 10, 11 and 12. Certificates of Distinction were awarded to a further 74 students and 112 students gained Certificates of Credit.

PUBLIC SPEAKING

This year we have had considerable success in a number of public speaking competitions. (See photos page 28)

Karen Van Den Brand (Year 10) was selected in the Cairns final of the Junior Plain English Speaking Award to represent the Peninsula Region in Townsville with her topical speech on 'Gun Law Reform'. Stacey Cogan (Year 11) went on the attack in the 'Battle of the Sexes' in the Rostrum Voice of Youth Speaking Competition. Victory was hers in Cairns and a very creditable 2nd Place in the subsequent North Queensland Finals in Townsville. Given that Stacey was due on stage back in Cairns for the 'The Pirates of Penzance' early that same evening, her afternoon speaking engagement did not leave much time to spare. The third speaking competition in which students participated was the Junior Speaking, open to Years 8 and 9. Jess Ferguson, who had to come down from the Year 8 Camp for the first round of the competition, was the winner with her light-hearted approach to 'Backyard Sheds'.

Natalie Mann (Year 12) won most convincingly the Junior Newsreader competition organised by WIN Television and the Northern Building Society

- a tremendous achievement demonstrating her poise, confidence and speaking ability.

Congratulations to all the students who took part in any of the public speaking competitions even if they did not progress beyond the first round; they were still winners in a very real sense by virtue of their participation.

LITERARY COMPETITION

Each year students are encouraged to enter a variety of literary competitions; assignments are used if appropriate or submissions may be written specifically for a competition. Congratulations to Janie Busby (Year 12) on gaining 3rd place in the Poetry section of the prestigious Literary Competition organised by the Queensland Association of Teachers in Independent Schools, The English Teachers' Association of Queensland and The Courier Mail.

'THE TAMING OF THE SHREW'

Thirty students chose to extend their classroom knowledge of Shakespeare by attending a modern interpretation of 'The Taming of the Shrew' performed by La Boite Theatre Company of Brisbane. Thanks to Mr & Mrs Bassingthwaite, Miss Grady and Mrs Barnes for accompanying the students.

To mis-quote a line from the 'Pirates of Penzance' - 'An English Teacher's lot is not (always) a happy one' - but when we see the successes and overall literacy of our students, the seemingly endless marking all becomes worthwhile.

I would like to give my heartfelt thanks to Mrs Stolarchuk, Mrs Falk, Miss Grady, Ms Bagnall, Miss Tame, Mrs Vernon, Mr Bassingthwaite and Mr Sloan for their untiring efforts and dedication, making possible the student successes that we have come to expect.

Mr Malcolm Bailey
HEAD OF ENGLISH

HEALTH & PHYSICAL EDUCATION

The primary aim of the physical education part of our course is to develop the students' skills in a wide variety of sports, to enable them to pursue their favourite sports further, both within the inter-school sporting programme, and outside of school. Sports within the P. E. programme include: gymnastics, volleyball, touch, basketball, swimming, softball, hockey, soccer, badminton, netball, tennis and athletics.

In Years 11 and 12, students also study health related topics including nutrition, personal hygiene, body abuse, sports injuries, fitness training, the consequences of smoking and the risks of skin cancer. The focus of the health components of our courses is to assist students in making informed health decisions.

Mr Rowan Bullock
HEALTH & PHYSICAL
EDUCATION TEACHER

MATHEMATICS

White
Rock
Secondary

The Mathematics department has had a busy year. As in other subjects, the pressure has been on to complete a heavy programme, especially in the senior classes.

The usual busy Maths Week in late July saw a flurry of activity in getting a team of Year 8 students ready for the annual Maths Quiz. Mr Spilsted and Mrs McPherson spent several lunch hours sorting out a team for the competition. This year it was again held at Gordonvale State High School, last year's winners.

The students selected were; Michael Stephensen, Natalie Jennings and Michael Miller, with Anna Timings as reserve. The team acquitted itself very well against strong opposition from eight other high schools from Cairns. We came a commendable 4th. The quiz was won quite convincingly by the St Mary's team. Congratulations to those brave students for going in the competition; I feel sure they enjoyed the ordeal! Thanks too to Mr Spilsted for supporting the group through the lead up session and on the night.

The Australian Mathematics Competition was held at the School on Tuesday, July 30. Unfortunately the Year 10 students were absent on camps and work experience, and so missed out this year. The results were very good again with three High Distinctions - Michael Ramsay (Year 7), Mikiko Tsue (Year 11) and Peter Woodward (Year 12). Mikiko also received the certificate for the best overall TAS result. Congratulations to Mikiko, Michael and Peter. The school gained 43 Distinctions and 118 Credits. The competition was sat by all Year 7 - 12 students at both the White Rock and Marlin Coast Campuses.

The Year 8 combined Maths/Science course has consolidated this year and the Year 8 groups have benefited from the changes. I anticipate further fine-tuning for next year's group, which come from the Junior School with a strong laptop background.

The Maths staff have been to two very worthwhile in-service days this year. In July we all attended a day at Gordonvale High School and had a most interesting time with David Clarke, Assistant Professor of Mathematics, University of Melbourne, concerning the challenges of teaching Year 8 to 10 Maths, with the theme being 'Development of Problem Solving Skills'. We were given many examples of how to direct students into problems that are open-ended and have a number of different approaches to their solution. The trend in Maths A, B and C is toward these types of problems in the applications section of their work. The old process-type questions which were really harder, unseen, book-work-type questions, have now been replaced with more open-ended problems that challenge students to apply their knowledge in unfamiliar situations. This is a very sophisticated approach for 16 - 17 year olds and one that has been a real challenge to teachers throughout Queensland. We are still coming to terms with the levels for our various groups. With little concrete examples from the Board, it has been a real discovery period for Maths staff statewide, and one that will be on-going for a few years yet. One hopes the course will not be changed once we master the difficulties.

In connection with the above theme, the senior Maths staff also attended a three hour session in 'Stats' at James Cook University. Chris Ormon, a MCC parent and lecturer in Maths and Statistics at James Cook (Cairns Campus) generously offered her services to conduct the session. We were taken through the Statistics topics in Maths A, B and C of Hypothesis Testing and Confidence Intervals. Most 'older' Maths teachers did not do hypothesis testing at tertiary level as it is only a recent development in Statistical Analysis.

Mr Max O'Sullivan
HEAD OF MATHEMATICS

INFORMATION PROCESSING & TECHNOLOGY

This subject provides an excellent foundation for many tertiary courses. In Year 11, IPT students learn how to solve complex problems by designing algorithms and then implementing these algorithms in the programming language Turbo Pascal. The Year 12 students tackle the demanding and interesting topic of Conceptual Schemas and Database Design. Conceptual Schemas is a very recent branch of computer science that deals with the entities (objects) that make up a database and the roles (relationships) between them. The design of Conceptual Schemas is an essential foundation for a Systems Analyst who would undertake a thorough study of a business organisation, analyse the exact flow of data through the business and recommend appropriate solutions. Other topics covered in IPT are Computer Systems, Artificial Intelligence and the Social and Ethical Implications of Technology.

The standard of students' work continues to be very impressive, with many students submitting projects of first year tertiary standard. Indeed, a High Achievement in IPT gains automatic credit for some university Information Technology (IT) subjects. About one half of the 1995 Year 12 IPT class went onto the IT at university, either on its own or in combination with another discipline. With the increase of technology in all areas of society and in particular the rise of the Internet, skills in IT are highly desirable for any course of study.

The Business Department at the Cairns TAFE College once again organised the annual Cairns Region School Computer Fair where students are invited to display their computer projects. Alun Coppack, a Year 12 IPT student from TAS, won first place with his Automatic Teller Machine simulation. Alun's ATM emulated all the features of a real ATM plus some extra user friendly features. The programme comprised of over 1000 lines of Turbo Pascal computer code.

There were also some excellent results from the Australian Schools Computer Studies Competition. Over one half of the students from the Year 11 and Year 12 IPT classes who sat this test received awards. There was one High Distinction (top 1% of the state), five Distinctions (next 10% of the state) and eight Credits (next 20% of the state).

High Distinction: Alun Coppack (Year 12). **Distinctions:** Andrew Blake, Benjamin Ihle (Year 11), Janie Busby, Shane Turner, Kurt Maile (Year 12).

Mr Brian Springell
HEAD OF TECHNOLOGY - ADMINISTRATION

Year 12 student, Alun Coppack won first prize in the Cairns Region School Computer Fair for his project involving the simulation of an automatic teller machine. Alun wrote the programme using Turbo Pascal computer code.

SKI TRIP - SEPTEMBER 1996

Far from the warm shores of North Queensland, 29 students and three adults from the Trinity Anglican School were to be found skiing the infamous slopes of Mt Hutt, situated 140 km inland from Christchurch. These thrill-seeking tourists were on an eleven day 'action and adventure tour' through the green hills of New Zealand. Departing Cairns at the civilised hour of 6.00 am, the troops arrived in Auckland, to be met by our illustrious coach driver, Trevor!! The first few days were filled with black-water rafting, white water rafting, rabbit shearing, luge riding, a visit to the Maori Cultural Centre and thermal village and the thrill of the huka jet. Once we were worn out from the adventure, it was time to fly to Christchurch for the thrill of a lifetime.

The snow on Mt Hutt was perfect and each student was able to receive lessons from the instructors for two hours each day and then test the slopes with their new found skills. Some of the challenges that Mt Hutt provided were met by an adventurous few, while others found the social aspect equally as inspiring. 32 people returned to Cairns, some sunburnt, others a little stiff and sore, some just tired, but all with a sense of satisfaction and accomplishments. The excitement of the eleven days were matched with great New Zealand hospitality and generosity. The Ski trip has become an integral part of the TAS calendar, and I am sure the next trip will be as equally rewarding for all involved.

Fr Chris Ivey
TOUR CO-ORDINATOR

PUBLIC SPEAKING WINNERS: *Natalee Jennings, Stacey Coglan, Grant Higgins, Karen Van Den Brand, Toni Whitaker, Jess Ferguson, Grant Fraser-Kirk.*

Natalie Mann, winner of the Junior Newsreader Competition sponsored by WIN Television and the Northern Building Society

During her visit to TAS in third term Commonwealth champion and Olympic bronze medalist, Hayley Lewis, chatted with Julie-Ann McKelvey and Kimberley Dunlop. Hayley addressed a number of students about motivation and success at an elite level, and was the guest of honour at the school's Sports Awards Dinner.

DRAMA NOTES

The creative and performing arts have played a large part in enriching the lives of students this year. Opportunities are given by many teachers to develop the wide variety of talent that exists in our students. Drama plays an important role in the student's development towards performance, directing and technical theatre.

Term 1 'Two Weeks With The Queen'

This play was performed by the Year 10 and 11 students at the Rondo Theatre. The concept was devised by the Year 11 Drama students whose characterisations were varied and believable. They certainly were an inspiration to the Year 10 recruits who then went on to steal the show! Our technicians had such a difficult call combining a variety of sound effects with film and, at the right time - the light! It is a pity that time only allows us to put on one show a year because it would be wonderful to see these students 'on the boards' again.

Term 2 'Pirates of Penzance' Musical

Term 3 Year 12 Individual Drama

Around week 6 - 8 each year, the Year 12's look forward to their final assessments, and the most difficult of all their previous assessment - the student devised, individual performance at the Rondo. The students are expected to produce a complete one-person show. Each year the students astound me with their brilliance and knowledge and show how much they have absorbed. I am always humbled by the excellent work, and very proud of their achievements.

Term 4 'Drama At The Rondo'

Many of the Drama students have their 'moments' during the year and it always bothered me that parents and other students missed such great entertainment. So, the Drama at the Rondo was conceived with all excess profit being given to a needy charity. This was a wonderful evening of entertainment. It is always a treat to view the students' work again under the theatre lights!

I would like to commend the students for their attitude towards class and their participation in the many extra-curricular activities. I would also like to wish Year 12's the very best for their future and 'come back and see us some time'.

Mrs Maggie Barnes
SPEECH AND DRAMA TEACHER

ART

The Year 11 and Year 12 Art students again made their annual pilgrimage to Townsville in March to visit the Faculty of Creative Arts at James Cook University and to view an exhibition at the Perc Tucker Gallery titled 'Reflections'. This exhibition brought together an impressive array of artists who have found and continue to find inspiration in the beauty and natural wonder of the Great Barrier Reef. 'Reflections' gave the students an opportunity to see how a number of artists approach a common theme, which was beneficial to the students as they are required to use a thematic approach to their own artwork during their senior art years. The visit to the various sections of the Creative Arts Faculty at JCU gave the students insights into what it would be like to study Art at a tertiary level. They were able to inspect the facilities and observe and talk to students currently studying for degrees in the Visual Arts.

In August, the Year 10 and Year 11 students took part in an Art excursion to Paronella Park. Here, the natural, aesthetic beauty of the area, combined with stunning medieval style architecture, provided the students with the sensorial experiences and inspiration necessary to begin creating their own graphic interpretations of such a unique area. Many wonderful drawings were developed and resolved in class as a result of the Paronella Park experience.

Mr Jim Rea
ART TEACHER

MUSIC

1996 has been a tremendous year of development for our Music students. Whether our students are performing in the Earlybirds, the Junior or Senior Choir, TAS Big Band, or TAS JAZZ, the results have been spectacular.

Much credit must go to our instrumental and vocal teachers, Miss Jenny Marsh (piano), Mrs Dianne Cadell (piano), Mrs Jenny Meehan (piano), Mrs Janet Sunman (piano and voice), Mr Leon Gordon (guitar), Mr Brian Pitcher (drums and guitar), Mrs Donna Kenshole (brass), Mrs Sue Stitt (violin), Mr Colin Fox (cello) and Mrs Elaine Fox (violin), for all of the hard work preparing students for examinations and eisteddfods. A special thanks to fellow staff members Mrs Alison Falk, Miss Anna Card and Miss Andrea Marks for their outstanding efforts with the choirs and for their assistance in all things musical, from Music Camps to accompaniments, to performances and musicals.

Speaking of musicals, who can forget the School Orchestra's accompaniment for Pirates of Penzance. The performers on stage were great too, but I was especially proud of the professional level attained by many of our students in the pit.

TAS JAZZ has featured highly in the school music calendar with performances ranging from property development openings to band competitions to the High Fire performance in the Convention Centre, and again under spot lights at the Speech Night. A special mention must be made of our leading players, Martin Knott (alto), Adam Downs (tenor), Hariji Kanagawe (trumpet), Kim Chuah (guitar) and Michael Pensini (drums).

The Big Band performed to critical acclaim at the Arts Awards Night, the Windmill College event, the Opening of Earlville Stockland Shopping Centre and were very busy at Speech Night. I have been thrilled with the progress of some of our younger players who have been ably assisted by our more experienced members. The band now has a very wide repertoire of pieces from classical to swing numbers which they are able to play at short notice. It was wonderful to have a number of Marlin Coast Campus students travel to White Rock each week for rehearsals.

It is always sad to see our Year 12 students leave the school especially when they are just reaching their potential as musicians! David Miller has made both an excellent School Captain and Captain of Music. Always obliging, he is a versatile musician, playing drums, oboe, piano, and of course made a great Major General.

Kelly Fagg will be sorely missed from TAS JAZZ and the Big Band where she played clarinet. Our warmest wishes go with these students and to our academic music students, Bridget Smith, Andrew Kidd, Alison Dimarco and Emily Fernandez.

Thank you to the Friends of TAS Music for their efforts during the year, from the Music Gala Extravaganza to the Family BBQ following the Big Bands' performance in last term. The funds raised enabled the department to purchase a set of tympani and the wonderful 20 volume Grove Dictionary of Music. We look forward to next year's events.

Finally, special mention must be made of the superb performance at Speech Night by our two music scholars Michael Pensini (piano) and Phillip Cadell (cello). Their special talents brought tears to many eyes when they performed Saint Saens Appassionato for Cello and Piano. We look forward to many more wonderful performances over the coming years.

Mr Peter Sunman
DIRECTOR OF MUSIC

ARTS AWARDS

ARTS AWARDS EVENING

The Arts Awards Evening held at the Cairns Colonial Conference Centre on October 16, was an opportunity to congratulate the outstanding efforts of many students involved in music, drama and art. Along with our 'celebrity' hosts, were special guest speakers. This year we were fortunate to have Don Freeman and Luidj Peden speak to our audience about their experiences within their field. Their 'words' were relevant, practical yet inspirational.

This year's Arts Awards Evening was considered by all, to be an outstanding success.

1996 TAS PERFORMING AND VISUAL ARTS AWARD

Natalie Mann and David Miller.

He who aims at the moon may hit the top of a tree, he who aims at the top of the tree is unlikely to get off the ground. Those students are being honoured tonight for excellence in the arts have already proved that they have some talent.

For those of you who also have the dream and the courage, take aim at the moon and, perhaps scratched and slightly bruised you will reach the top of the tree.

DON FREEMAN

Big Band

Harry - Skye Maconachie, Amanda Spelta

Earlybirds on the loose

Biology, Chemistry, Physics and Junior Science - another year of exposing the 'mysteries' of science; another year of excellence from many students and another year of 'firsts'.

1996 was the first time our Senior Spaghetti Bridge Building Team won this competition at the Cairns Supa Show. The ALL FEMALE team of Elisabeth Wynn, Robyn Lymbury, Renee Muller and Colleen Gregoric blitzed the opposition and the girls' superior engineering talents were recognized by a generous grant to the School's Science Department from the Australian Institute of Mining and Engineering. Well done girls!

This year was also the first time a TAS student received a plaque in the Australian National Chemistry Quiz. Plaques are awarded to students who attain first, second or third place in the state in a year level. Year 8 student Michael Stephenson was the first Chemistry Quiz Plaque winner at TAS - superior effort Michael and very well done!

After last year's successful participation in the CSIRO Silver and Bronze Crest Award scheme by numerous Year 11 Biology students, this year 25 Year 12 Physics students enrolled in the scheme. Students designed and tested their projects, collected and analysed data and then presented their findings to fellow students - all with a minimum of guidance. This is integral part of the Physics programme as it gives students a taste of the practical use of Physics in industry.

Our Year 12 Biology students spent over seven weeks 'living' in the mangroves doing intensive study as part of their broader Ecosystem studies. After an introductory full day excursion and lecture by Mr Bernie O'Reilly, a recognised expert in the study of mangroves, students made many brisk walks to their Trinity Inlet research site which was accessed from the rear of the school. Over the next seven weeks students carried out transect, quadrant and consumer studies. They became fascinated by the world of mangroves including their unusual growth forms and earthy odours, and they developed a deep appreciation of the beautiful mud.

The Year 12 Chemistry students, as in previous years, learned the meaning of such organic molecules as 5-ethyl-3,4-dimethylheptyne, the difference between and exergonic and endergonic reactions, and the fact that every rule in Chemistry has an exception.

The highlights of the Junior Science Programme would once again be the Year 9 Science excursion during the Year 9 Camp, and the expanded use of the laptops in the teaching of both the Year 8 and 9 Science courses.

We are all looking forward to next year when we get to teach Science using the range of new digital and computer-based instrumentation. The range of new meters, sensors, probes and interfaces will allow for an ever greater application of the laptop as a tool for teaching and learning science.

HOME ECONOMICS

Home Economics classes provide an opportunity for students to learn how to survive when they finally make it through school!. Students also get to do some of the things they really enjoy - like cooking, eating and following fashion. They also learn how to stay looking and feeling good during their lifetime.

Thank you to the local people and businesses who have supported our students in their learning experiences. These include: Mayco Kitchens, Status Plus, Caterair, Innisfail TAFE, Mrs Therese Plath of Ray White Real Estate and the Far North Queensland Electricity Board who have kindly welcomed

excursions to their premises and/or who have provided valuable knowledge and expertise for our students.

Later this year our students will again be entering the inter-school Fashion Excellence Awards where last year, they were successful in gaining placings. Students will also be enjoying the Johnstone TAFE College Fashion Awards where Kerry McGee, Daniel Lightfoot and Rebeka Pople will be judging the entries from TAFE fashion students and local schools.

Congratulations to those talented students who have received Home Economics prizes for 1996. They are: Jessica Singh (Year 9), Helen Hellwig (Year 10), Karina Lewis (Year 11), and Fotina Mason (Year 12).

Home Economics is a subject which produces students who are confident and effective in the management of their own lives. Many students fail after leaving school because they have poor life management skills. Whilst Home Economics is enjoyable at school, it provides vital skills for the post schooling years. It also leads into some dynamic and very different career opportunities.

I look forward to being challenged by the new ideas and approaches of the 1997 students, and experiencing their enthusiasm and enjoyment in a creative sphere. I would also like to compliment our departing Year 12's on their attitude and performance, and wish them every success in the future.

Ms Julianne McCarthy
HOME ECONOMICS CO-ORDINATOR

LANGUAGES OTHER THAN ENGLISH

At Trinity Anglican School, the LOTE (Languages Other Than English) Department provides Japanese in Years P - 12 and French in Years 8 - 12. The obvious value of learning another language is the opening of channels of communication in a multicultural and multilingual world. The gift of language is a very powerful gift; the gift of a number of languages increases the power exponentially. In learning languages other than English, our students are reflecting the needs of the state in terms of the communication channels needed to be opened and maintained because our vital interests - political, economics and cultural - rest to a large extent with the countries where those languages are spoken. The less obvious benefit to learning other languages is in the development of critical understanding.

The development of cultural understanding and appreciation is an important part of the language-learning process. Interaction with exchange students and visitors involves our students in active learning experiences. This year, TAS has hosted a number of groups from Japan for both brief visits with classroom

Year 11 Japanese Students in charge of the TAS display stand at the LOTE EXPO

interaction and longer periods involving homestay. Early in 1997, a number of our students will visit Japan as beneficiaries of the Windmill College scholarship scheme and, later in the year, a school trip to Japan is planned. French and

Japanese cooking are also popular cultural experiences among students and visits to a Japanese restaurant, hosted by groups of touring Japanese students, proved to be successful interchanges.

At the Languages and Cultures Expo in August, our students demonstrated their language ability by winning a number of awards. As part of the Expo, TAS had a number of entries in the LOTE Speaking Competition: Kim Chuah and Jacqueline Muller obtained equal marks in the Senior Japanese Speaking Competition with First Place finally being awarded to Kim as a result of Jacqueline having spent a year in Japan after Year 10. Alisha Reinhardt was commended for her efforts in the Junior Speaking Competition. Many students entered the competitions run in conjunction with the Expo and a display of TAS work and resources was most effective.

Through the Internet, a number of our students have made contact with their counterparts in both France and Japan and are now regularly communicating with their keypals by both email and 'snail mail'. Year 11 and 12 French students have keypals in Quebec. The number and warmth of the replies have been overwhelming. Our students use their communicative skills in the best possible way and learn about the culture at first hand

Mrs Linda White
HEAD OF INFORMATION SERVICES/LOTE

Rachel Storrs, Year 10 French student with some of the many replies she has received to

'Everyone and everything around you is your teacher' (Ken Keyes Jnr). 'If you are never scared or embarrassed or hurt it means you never take chances'. (Julia Soul). 'They can, because they think they can' (Virgil).

Taking chances, learning from your surroundings, and grasping opportunities is what Commerce is about. The students are placed within an environment where they are told to look beyond the possible and extend into the impossible. The students are encouraged to set challenges and strive for attainable goals. The one thing we seek to instil upon the students is the ability to become independent learners which incorporates the mind as well as the heart.

The students are immersed in a world of DYNAMIC change and are forced to question traditional stereotypes and pre-empted values. The learning experiences that they attain, enables each student to foster an intellect to the highest limits that each is capable of, to encourage the search for true learning and understanding and the pursuit of excellence.

In general, the disciplines taught within the spectrum of Commerce attempt to develop an awareness of the needs of others and self, proper moral and spiritual values, moderation and self-discipline.

Awards, Achievements and Successes.

'The difference between a flower and a weed, your honour, is judgement'. These immortal words were uttered by the one and only Duftmaster in the BEAAQ Mock Court Competition. So logical are this man's thought patterns that many adjudicators have been known to mutter; 'It's the Duftmaster, may God help all those who must face his acid tongue and witticisms'. So successful were the TAS Gladiators during the competition that they dominated the early rounds, culminating in a devastating victory in the Grand Final.

The forceful advocacy of R Dufty (Duftmaster), S Coglean (Ranger Stacy), T Stork (The British Bulldog) and G Elsley (The Black Widow), the expert directions given to them by solicitors K Abbott (The Scribe) and R Bottomer (The Hangman) and the testimonies of state witnesses J (Fearless) Litherland, M (Melrose) Botha, S (Sizzler) Male and M (Is that a question?) Tame, ensured that this formidable team would leave their imprint upon all who came across their legal reasoning, determination and wit.

The Year 12 Legal Studies students were dynamic in their presentation in the 'Friends of Bond University Moot Court Competition.' The crystal clear tones of T (Terminator) Whittaker, accompanied by the assertive oratory of N (Mirthful) Mann, and the brilliant instructions and guidance of D (The Man) Weston ensured that the TAS team were the eventual winners of the Far North Queensland title and runners up to our nemesis down south, Kirwan State High, in the North Queensland Region. The North Queensland Region included a total of 36 schools from Mackay, Rockhampton, Townsville and Cairns. Thank you for your effort guys.

Congratulations are offered to all Year 11 BOAM students who have spent many months investigating, monitoring and finally implementing business ventures for Trade Day. Ventures such as 'Grug Entertainment', 'Strawberry Royale', 'MGB' and 'Glorified Weeds' showed in a practical sense how theory in the classroom can be incorporated into a real world situation.

Special mention must again be given to Shane Subloo (Coal Exploration) for reaching the Grand Final in the Peninsula region of the Department of Business and Development competition. So impressed were the organisers of the event that they are looking at the feasibility of formulating such a business enterprise under the guidance of Shane's instructions.

I am still amazed at the impact that the laptop programme has had on the Commerce area. ALL Commerce staff are actively involved in the development of a curriculum that incorporates all aspects of this programme. The great steps that have been made in subject areas such as Accounting (spread-sheeting, Lotus 1-2-3 and MYOB), Economics (Graphing & Charting), BOAM (Powerpoint Presentation, Expert Systems and Marketing Strategies) & Legal Studies (Multi-Media Technologies) clearly illustrates the technological environments in which the students and staff are being immersed. A special vote of thanks must go to Ms Barbara Mendelsohn and Mr Andrew Watson for the effort and dedication that they have shown in attempting to foster, within the students, an appreciation of the importance of technology in learning. Thanks Gang.

Professional Development

The professionalism of the staff of Trinity Anglican School is renowned throughout the Cairns community. The Commerce staff are no exception. At all times the Commerce staff foster a sense of worth and importance. Teaching is more than academic excellence, it is about an holistic approach to learning. The professionalism of Mrs Gaye Chant and Ms Barbara Mendelsohn ensures that the students' learning environment is stimulating and progressive.

We have been extremely lucky to attain the services of Mrs Gaye Chant this year. Her happy disposition, enthusiasm and professionalism have helped keep us all sane at different times throughout the year.

So, if your child comes home one day and can't understand why his/her teacher is looking just a little bit tired, the response is simple: they are being the true professionals that they are renowned for throughout Cairns.

Thanks team for all your blood, sweat and tears throughout the year. Looking back, it has certainly has been worth it.

Mr Brad Greene
HEAD OF COMMERCE

WORK EXPERIENCE

Our Work Experience Programme for 1996 continued on the same basis as 1995, whereby voluntary work experience was offered to students in Years 11 and 12 during the first week of the June school holidays. Many of our senior students took up the offer and possibly the most adventurous was Elisabeth Wynn of Year 11, who experienced a week of mine engineering at Kidston Gold Mine near Chillagoe. I commend Elisabeth for her spirit and courage.

The majority of our programme was focussed on Year 10 students. During Term 3 and Term 4, whilst approximately half the year level attended outdoor education camps, the other half of the group participated in our work experience programme. Students were placed in a variety of settings including retail, offices, tourism, public relations, hospitality, advertising, medicine, law firms and veterinary surgeries in locations as far away as Port Douglas and Innisfail as well as locations on the Atherton Tablelands. Reports back from employers were generally very positive and emphasised the suitability of students to career choices.

The programme allows students to acquire new skills and techniques as well as developing self-confidence, self-esteem, self-awareness,

motivation and direction, as well as allowing for possible future (part or full-time) employment prospects. Students also receive a Work Experience Employer's Report and a Certificate of Participation which they may proudly place in their student portfolio.

Without the assistance and co-operation of employers in the Cairns and surrounding areas, this programme would not be able to operate. Many employers have helped us on a number of occasions over the past few years. To all employers, I would like to express my gratitude to you for assisting our young people in their quest for future direction. I would also like to thank many of the staff at both the White Rock and Marlin Coast Campuses who have helped with the enormous task of administrative preparation, especially Mrs Irene Harrison, Ms Helen Bond, Miss Trish Burley, Mrs Karen Oostergo and Mrs Kerry Jefferis, as well as the teaching staff who visited students whilst on their placements.

Ms Barbara J Mendelsohn
WORK EXPERIENCE CO-ORDINATOR

Year 8 Social Science/English Programme

This year saw the continued development of the integrated English/Social Science programme which was introduced in 1995. The Year 8 students developed their language and literacy skills within a social science framework. The two disciplines complement each other extremely well, and the students have produced excellent work, enhanced by their personal computers.

Integration of the two subjects has not prevented the students from gaining the necessary knowledge and experience of geographical and historical skills and processes to allow them to make an informed choice of Humanities subjects in later years. In 1996, the course has covered a wide range of topics from prehistoric Australia to a geographical and historical trip around Australia. The students experienced a simulated 'paleontological dig', and were required to write a field report on their fossil discovery. They also became 'visiting Egyptologists' and delivered very interesting seminars on a variety of topics ranging from Cleopatra to sailing on a felucca on the Nile. Studies of the local area have provided students with the opportunity to explore local history and development. Their understanding of this topic was undoubtedly enhanced by excursions such as the one to the Mulgrave sugar mill and the Settler's Museum in Gordonvale.

The students learnt that Gordonvale was originally called Nelson (surveyed for a town in 1896), but was renamed Gordonvale (after a prominent businessman, John Gordon) because much mail was misdirected to Nelson, New Zealand. The students were also interested to learn that the area's first sugar mill, the Hop Wah, is now the site of the Earlville Shopping Centre. The Year 8 students have also completed a very exciting Microworlds project on their personal computers which describes the geography, history and development of the local area using innovative computer animation and programming.

History

The study of History enables students to understand why our modern world is the way that it is. In Year 9, the junior History programme focuses on the background to contemporary issues in Asia and Europe. Studies of Ancient India and Ancient China were enhanced by sharing a cultural meal and listening to a guest speaker. The Year 10 History programme investigates the development of conflict in our

modern world and specifically, Australia's role in these conflicts and the consequent emergence of the Australian Nation which is continuing to change and adapt as the Year 2000 approaches. These units lead naturally into the study of Modern History at the senior level which involves in-depth studies of the growth of modern nationalism and internationalism, as well as the historical development of contemporary issues. Undoubtedly the students' study of the Gulf War enabled them to understand the 1996 Hollywood blockbuster *Courage Under Fire*. The Year 12 students explored the sometimes fragile and volatile relationships that Australia experiences with some of its closest Asian neighbours. They also engaged in very lively debates in their study of contemporary issues such as 'population control', coping with 'information technology', and the changing structure and role of the family as we approach the 21st century.

Geography

Geography is a valuable medium for the education of young people as it helps students to better explore, understand and evaluate the social and environmental dimensions of the world. At Trinity Anglican School, Geography is taught both within and outside the classroom. Year 9 students have undertaken an investigative study of the agricultural processes and natural environments of the Atherton Tableland during their three week Outdoor Education Programme. In Year 10, field trips included an environmental impact study of Fitzroy Island and a study of waste management in the area.

The Year 11 and 12 students have undertaken an investigation of settlement patterns and processes in the Cairns region. Such an investigation enabled the students to understand the challenges of planning for urban development. They also became more aware of the socio-economic and political factors that shape the environment in which they live. The Year 11 and 12 students also travelled to Green Island to investigate and assess the impact of tourism on this unique environment and its immediate surroundings. Perhaps the 1997 Senior Geography students will investigate the more politically and environmentally sensitive issue of the Oyster Point Development at Cardwell!

Mrs Carmel Stolarchuk
HEAD OF HUMANITIES

Year 8 Paleontological Dig.

MANUAL ARTS/GRAPHICS

The Manual Arts Department at TAS has seen the introduction of a new member of staff this year. Mr Brian O'Connor is to be congratulated on an outstanding effort in introducing the Year 8's to Art, Design and Technology. The students gained a lot of satisfaction and fun making a variety of wonderful projects which Mr O'Connor introduced. Thanks again to Mr Jim Rea who again continued to nurture the junior Graphics students into becoming draftspersons, engineers and architects of the future and has done a fantastic job giving students experiences with Computer Aided Drafting technology.

Year 9 Shop A students have worked hard on their projects this year with particular interest being shown in using the wood lathe. Year 10 Shop A has also seen some impressive projects develop. Student's bookracks and foot stools were constructed and designed with enthusiasm and great skill. Finally, the students were able to design and make a project of their own choice to finish off the year. This has seen some great ideas generate into some terrific projects and some interesting creations.

Senior Technology Studies is a design-based course concentrating on solving real life problems with practical solutions. Both Year 11 and Year 12 classes designed some fantastic projects this year, including wine racks, coffee tables, desks, stereo cabinets, a grandfather clock, an outdoor setting and a fibre glass skurf board.

Senior Graphics students have worked well to achieve good results overall. This year, 4 Year 12 students and 9 Year 11 students have chosen to do every drawing using Computer Aided Drafting technology, whilst the remainder chose to draft using traditional

means, or a combination of CAD and traditional drafting. Soon the subject of Graphics will require students to do all their work on computer in order to be prepared for an industry which has become more and more reliant on the use of computer technology, and for a society which expects immaculate graphic presentation.

It has been a most enjoyable and productive year for the majority of students and we look forward to their active enthusiasm again next year. Good luck to the Year 12 students, and I wish them every success in their chosen careers.

Mr Brian Kockartz
MANUAL ARTS/GRAPHICS
CO-ORDINATOR

SPORT

1996 was a fantastic year for sporting achievements at Trinity Anglican School. TAS displayed admirable sportsmanship and promoted its reputation as a successful and respected competitor in sporting competitions.

SWIMMING

The TAS swimming carnival, held at Woree Pool, was once again a colourful affair. Dalrymple House won the Junior Trophy, while Leichhardt took out the overall award.

Age Champions

U/13	Vicki Ratliff	Jordan Brown/Mark McKelvey
U/14	Jennifer Urquhart	Mark Oostergo/Matthew Lovell
U/15	Adrienne Bishop/ Sarah Emms	Daniel Hanna
U/16	Julie-Anne McKelvey	Scott McGowan
Open	Kimberley Dunlop	Jon Simpson

The year got off to a great start with the TAS school spirit highly evident in our large and enthusiastic cheer squad in the A division of the inter-school swimming carnival. TAS placed second behind a stronger combined Saint Augustines - Saint Monica's swim team. There were some great individual performances and all swimmers are to be congratulated on their fine efforts.

CROSS-COUNTRY

The TAS Cross-Country was held at the White Rock Campus with nearly all students participating. Dalrymple won the Junior Trophy, while Leichhardt took out the overall award.

Age Champions

U/13	Jess Ferguson	Scott Stevens
U/14	Abigail Stanbridge	Oliver Driscoll

U/15	Megan Mansfield	Adam Hansen
U/16	Aisha Watene	Daniel Whately
Open	Kate Lennox	Joshua Driscoll

TAS came third at the inter-school Carnival, with Megan Mansfield winning her age division.

TRIATHLON

The triathlon was held at Kewarra Beach in beautiful conditions. The event was a colourful one and gave our athletes a fine chance to challenge themselves. Kate Lennox and Ben Hartley won the Senior division, while Jennifer Urquhart and Adam Hansen won the Junior divisions. The event was a clean sweep to Dalrymple who won the Junior and overall trophies.

ATHLETICS

The Athletics Carnival was held at Barlow Park this year, on a beautiful day. In an amazingly close competition, Dalrymple won the Junior Trophy, and the overall trophy was awarded to Leichhardt.

Age Champions

U/13	Vicki Ratliff	Ryan Lange
U/14	Abigail Stanbridge	Matthew Lovell
U/15	Alisha Reinhardt	Jason Gregoric
U/16	Julie-Anne McKelvey/ Megan Mansfield	Kim Chuah
Open	Kelly Fagg	Daniel Webb/Piet Baxter.

The Trinity Coast South Inter-school Carnival was held at Barlow Park. This year it was TAS's turn to run the carnival, and special thanks must go to all staff and students who assisted. We finished 4th overall and had one Age Champion - Alisha Reinhardt. We also won the U/13 Girls Age Division.

NETBALL

This year saw both our junior and senior netball teams dominate the local Cairns and District competition, winning both divisions by being undefeated in all matches throughout the year. In July, the TAS Open Netball Team travelled to New Zealand for a week of fierce competition against the Kiwis. The experience gained on tour proved invaluable for the girls' Mobil Netball competition.

TAS successfully defended their three year reign as Peninsula champions. After winning 6 sudden death knock out games, TAS defeated Atherton State High School quite convincingly in the Regional Final. The team then travelled to Townsville for the State Quarter Finals, however, for the third year in a row, were unsuccessful in their bid to make the State Finals in Brisbane. Mrs Jill Fowler and Mrs Joy Rigby devoted a large amount of time, effort and energy to TAS netball during 1996 and must be congratulated on their excellent efforts.

RUGBY UNION

With a great emphasis put on the development of rugby over the past few years, this year we saw tremendous improvement in the standard of rugby at TAS. After a slow start to the season, narrowly losing the first three games, the First XV turned the tables on the other teams, beating every team in the competition, and then, for the first time in many years, making it through to the grand final.

Following on from last year's inaugural tour of the Gold Coast, this year the school took a combined rugby and netball tour to New Zealand. Overall, both the netballers and the rugby men performed exceptionally well, rising to compete against a very high New Zealand standard.

The Under 15 team had a successful season. Although they didn't make it to the final round, there is plenty of talent there to make a competitive team next year. The standard is continually increasing, and the future looks bright for rugby at TAS. Thanks must go to the coaching staff - Mr Carl Sloan, Mr Brian Kockartz, Mr Rowan Bullock and Mr Stephen Spilsted for their efforts, as well as Captain of the First XV, Peter Woodward who displayed outstanding skill and leadership throughout the season.

INTER-SCHOOL SPORT

This year we entered 32 teams in the Inter-school sporting competition held on Wednesday and Thursday afternoons. Each student was given the opportunity, within school hours, to be part of a team and to display and develop their sporting skills. We won nearly 60% of all matches. With eleven of our teams making it into the semi-finals, six teams made it to the grand finals and three of them won the premiership. These teams were: Junior Girls Netball A, Junior Girls Softball and Senior Girls Netball A.

SPORTS AWARDS DINNER

Trinity Anglican School's finest athletes turned out in style for the third annual Sports Awards Dinner held at Brothers Leagues Club. Hayley Lewis, one of Australia's greatest swimmers, was the guest of honour, and the night proved entertaining and enjoyable for all. The evening culminated in the selection of Junior and Senior Sports Person of the Year for 1996.

Sportspersons of the Year

Senior Female **Kirralee Rankine**
Senior Male **Joshua Driscoll**

Junior Female **Megan Mansfield**
Junior Male **Oliver Driscoll**

Many thanks to workaholic Belinda Marshall and Ben Cryan, who both helped write this report, and whose support and dedication were an essential part of TAS's sporting success in 1996. Special thanks also to coaches and managers, especially Mr Rowan Bullock, Mr Stephen Spilsted, Mr Steven Pearce and Mr Carl Sloan for their commitment to sport. Beware opposition! TAS for victory in 1997!!

Mr Brian Kockartz
SPORTSMASTER

STUDENT ADVISORY COUNCIL

White
Rock
Secondary

STUDENT ADVISORY COUNCIL

(Back row) Melissa Carlill, Elizabeth Swanwick, Michael Miller, Kim Chuah, Sherilyn Barnes, Martin Knott, Annika Bradley. (Front row) Kate Downes, Mr Stephen Pearce, David Miller.

The role of SAC representatives is an important one as they are the voice of the students in their year level, and act as a communication channel between the students and the school. Through the SAC, the school can be improved for the benefit of all.

The SAC representatives for this year include: Annika Bradley, Michael Miller (Yr 8), Sherilyn Barnes, Brad Jorgenson (Yr 9), Melissa Carlill, Martin Knott (Yr 10), Elizabeth Swanwick, Kim Chuah (Yr 11) and Jessie Sadler and Dan Weston (Yr 12).

SAC representatives have met once a week this year to discuss issues raised in Chapel in consultation with, and on behalf of their peers. Once the matter has been discussed amongst the other members from each year level, the students are responsible for reporting the results to other students. This way, students have been able to see first hand, the work and achievements of the Council.

The SAC team has been busy at work this year. Classed as the silent achievers, the SAC students from each year level have produced results, such as an extensive review of student menu choices for the tuckshop, casual clothes days, the installation of several new printers around the school, the availability of ID concessions cards for students, a continuing programme of safety improvements to both Leftwich St and Progress Rd working together with the Cairns City Council, the reportin of reported repairs to classroom furniture such as chairs, fans, taps and windows, and multiple improvements to playing fields and sporting facilities.

As chairpeople of the SAC committee, we would like to thank these students, along with Mr Pearce, for their contribution and benefit to the school community. We would also like to wish the SAC members good luck in their endeavours in 1997.

**Kate Downes and David Miller
SCHOOL CAPTAINS**

HOUSE CAPTAINS

(Back row) Adam Wilson, Kelly Fagg, Peter Woodward, Skye Maconachie, Dan Weston, Jessie Sadler, Paul Berlund, Kirsty Callahan. (Front row) Mr Ed Stolarchuk, Ms Julianne McCarthy, Fr Peter Laurence, Ms Robyn Hope, Mrs Alison Falk.

LEICHHARDT LIONS

HOUSEMASTER'S REPORT

My second year as Leichhardt Housemaster has been full of fun and enjoyment; due in no small part to three things - the excellent leadership of our House captains, Kirsty and Paul, the involvement and commitment of all Leichhardt students and the support of our wonderful parents.

Our fantastic tutors, Mr Dawson, Mr Little, Ms Mendelsohn and Mrs Stolarchuk have been great organisers and supporters of the students. I thank them all for their tireless work.

The following summaries acknowledge our fine achievements this year; achievements of which all Lions can be proud because you set your goals and saw them through to fruition. Congratulations!

Mrs Alison Falk
HOUSEMASTER

HOUSE CAPTAIN'S REPORT

The 'Year of the Lions' has finished with great exuberance, success and pride for all Leichhardt students. This victorious house met fierce competition along the way this year, but with such abundant determination and spirit, there was no room for second place.

The Year 12 leadership team excelled themselves and have done a terrific job instilling House spirit and loyalty in tutor groups and inter-house competitions.

Leichhardt's success this year has come from some outstanding individual efforts, but mostly through great team efforts as was exemplified in the relays at both the swimming and athletics carnivals and in the tug-o-war at Trinity Celebration Day.

We wish the Year 12's of 1997 good luck with their important task of keeping alive the Leichhardt dream and spirit, as we do the whole House.

Furthermore we would like to thank the house for their support of us as House Captains this year, but most of all a big 'thank you' to Mrs Falk who helped us throughout the year with her motivation and guidance.

Remember: Gold is good, we are good, Leichhardt is good!

Paul Berlund and Kirsty Callahan, House Captains, 1996

SWIMMING CARNIVAL

Leichhardt achieved a win in the first inter-house carnival this year. It came down to the wire but the lions dominated in the relays to secure victory. This demonstrated great team work and depth. Congratulations to our age champions: Mark McKelvey, Jon Simpson, Julie-Ann McKelvey, Mark Oostergo. Leichhardt has rewritten history with proof that - **The LION is King of the water.**

Kastelle McCutcheon

CROSS-COUNTRY

Whether it was the promise of a frozie at the end of the race or the lucrative possibility of being first in the shower, the lions led the way to improve on second place last year. All House members ran to the best of their ability to achieve this great team result. Congratulations to age champions: Kate Lennox, Joshua Driscoll, Oliver Driscoll and Aisha Watene

Paul Berlund

TRINITY CELEBRATION DAY - Gold, gold, gold!

Spurred on by their male House Captain, the Leichhardt tug-of-war team won this event for the second year in a row. The combined power of primary Cubs, secondary Lions and the finesse of Rory and James was unbeatable. The spirit of the House was on a high and this flowed over to the Dash competition, where Leichhardt dominated the results to win this as well. The whole House celebrated in style with a

barbecue lunch on the oval. This was truly a golden day for all Lions.
Kirsty Callahn and Kastelle McCutcheon

TRIATHLON

2ND

Leichhardt triathletes competed fiercely this year and were narrowly beaten to first place by those arch rivals, the Dolphins. Whilst we did have some champion performances, it was heartening to see the effort made by so many, some first time competitors in this gruelling event. Five teams achieved first place and Kate (super star) Lennox won the individual open girls event.

Kirsty Callahan and Rosie Emms

ATHLETICS

1ST

A great, golden day was conducted at Barlow Park this year, in which the Lions proved that whilst they may not have had a team of champions, they were a champion team. Many students achieved great victories, and these combined with the support of the rest of the House and the efforts and willingness of all members to participate, contributed to our success. It came down to those relays again and Leichhardt blitzed the field. Congratulations to Julie-Anne McKelvey, our only age champion.

Rosie Emms and Kirsty Callahan

PUBLIC SPEAKING

2ND

Great golden efforts were made by all four Leichhardt speakers, but we were outclassed by those Dolphins this time. Congratulations to Xenia Brasch, winner of the junior competition.

Kastelle McCutcheon

DEBATING

1ST

Not historically our strongest suit, but perhaps the sweetest victory of the year was our first place in debating. The Lion's skilful roar was refined and mannered on this occasion and our teams were successful on the day. Thanks to Mrs Stolarchuk for overseeing the teams and to the avid debaters who changed Leichhardt history in 1996.

Alison Dimarco

CHARITY - QUEENSLAND CANCER FUND

Leichhardt's charity for the second time was this worthy organisation for whom the House raised \$505 through the sale of daffodils, badges and silk flowers. Aply led by Year 11's and 12's, the team ventured to the Junior school, where they were met enthusiastically. Thanks to all TAS students for their generosity towards this worthy cause.

Kirsten Harrison

DRAMA

3RD

A witty, intelligent script by James Mousa sparked Leichhardt's brilliant performance of 'It Ain't Over 'Til The Fat Cat Sings'. Academy award winning talents of Felicity, Ben, Rory, Andrew, James, Paul and many others were employed in this excellent production.

Well another year has just whizzed past our big BLUE eyes, and what a fantastic year it has been. We must admit that at the end of 1995, when we were appointed House Captains for the most superb house around, we didn't expect the amazing results that Dalrymple House has achieved for 1996.

The swimming carnival is probably the best opening to our wonderful achievements with a spectacular 1st from our juniors, and of course like every other year, Dalrymple just happened to swipe the cheering trophy at the end of the night. Overall we finished a very creditable and satisfying second behind our close and worthy rival Leichhardt.

Next was the hot, tiresome and sweaty, inter-house cross-country with again our athletically gifted juniors, taking out the junior trophy, but overall Dalrymple were again the bridesmaids to Leichhardt.

We were very optimistic going into inter-house public speaking and were sure that this time the lions were not going to roar. So with Grant Higgins and Natalie Mann representing our seniors, and Kent Dufty and Joelene Carmody doing their bit for the juniors, Dalrymple pulled off a stunning overall victory, Natalie and Grant coming first and second respectively in the senior section.

By the time that the inter-house triathlon rolled around we realised that we weren't just Dolphins, we're Road Runners and Pedal Pushers too! And it was because of this amazing versatility within the house, that we annihilated all opposition to take out our second consecutive house competition for 1996. The triathlon would prove to be Dalrymple's greatest effort of the year taking both junior and senior trophies and producing three out of a possible four age champions: Adam Hansen and Jenny Urquhart in junior and Ben Hartley in senior.

Dalrymple has not won the inter-house athletics carnival for 10 years, and we believed that, under the guidance of our housemaster Mr Kockartz, we had our best chance to break the drought in 1996. Throughout the whole day Dalrymple and Leichhardt swapped and shared the lead in the overall stakes with the competition going right to the wire. However, it was to

be the Lions day again, and the gallant Dolphins were once again relegated to overall second place. There was consolation in the face of defeat in the shape of a victory in the junior section. It was a great show of courage from Dalrymple who have been the token easy-beats in the past, but now we are the force to be wary of, on the track and in the field.

The house competition was now a two-horse race between Dalrymple and Leichhardt with the result depending on the inter-house debating competition. However, all was not to go our way, and we finished a disappointing last in the competition, which in turn, put us out of the running for the Annual House Trophy. We had a big finish though with a spectacular win in the inter-house drama festival.

We, as House Captains for 1996, would like to give a huge thank you and congratulations to all those who made this a great year for the Navy Blue house. We would like to say a special 'well done' to our junior competitors who proved themselves to be the best throughout the year. We would like to say a big good bye and good luck to the seniors who will be parting with Dalrymple at the end of the year. An extra special thank you must go to Mr Kockartz who was an excellent leader and an inspirational figure head for the house.

Next year will surely be a huge one for the Dalrymple Dolphins!

HOUSEMASTER'S REPORT

I would like to say how very privileged I have felt during 1966 to hold the position of Mulligan Housemaster. Whilst being quite demanding, it has also been extremely rewarding to watch the trials, triumphs and disappointments of such an enthusiastic and dedicated group of students.

Our enterprising and hard working student leaders have made a significant contribution to house organisation and they are to be commended for their efforts. Thanks to House Captains Skye Maconachie and Peter Woodward, House Vice-Captains Katherine Utzinger and Jason Reinhardt, and Treasurer Belinda Marshall, for their resourcefulness and effective leadership.

I would also like to express my appreciation to our tutors, Mrs Maggie Barnes, Mrs Gaye Chant, Mr Malcolm Bailey and Mr Stephen Spilsted. They have provided a very caring, supportive and encouraging environment in which Mulligan House students have flourished. I note with pride the many outstanding academic, cultural and sporting achievements of students in Mulligan, reflecting a high degree of motivation and diligence in a wide range of endeavours.

Our sport stars are many. Athletics Age Champions included Ryan Lange, Matthew Lovell, Alisha Reinhardt, Megan Mansfield, Kim Chuah and Danny Webb. Megan also won the cross country at the house and Peninsula level and was placed first in the triathlon teams event with Naomi Waldock and Louise Struber. Alisha Reinhardt, Ryan Lange, Belinda Marshall and Danny Webb completed the individual triathlon event, performing extremely well. Alisha has also broken many records in house and district athletics events. Andrew Gane is our latest addition, and he has proven to be an outstanding football player.

Mulligan was also very proud to be placed joint first in the inter-house debating competition with Leichhardt. Congratulations to Alison Cunningham, Annika Bradley, Kristy Fraser-Kirk, Melissa Parrish, Louise Struber, Naomi Waldock, Phillip Stork, Laura Butler and Katherine Wynn for their winning performance.

Our House is also fortunate to count among its ranks many of the schools very talented musicians and dramatists. These include Katherine and Elisabeth Wynn, Elizabeth Swanwick, Louise Struber, Skye Maconachie, Geraldine Emsley, Lindsay Chandler, Anna Lillie, Bridget Smith, Philip Cadell, Rory Barclay, Michael Pensini, Kirk Harmer, Tim Stork, Kim Chuah, Chris Kahler and Damien Carroll. These students add a particular zest and character to Mulligan House which help to create its special

particular atmosphere and personality which is indeed noticeably different to all the other houses.

Finally, I would like

to congratulate all the students in the house who have contributed their time and effort towards house organisation and house events. Without the efforts of every single member of the house, we would not be able to function, and the house system at TAS would simply disappear. The houses are kept alive by the support, enthusiasm and appreciation of each of their members and I trust that they will be kept functioning for many years to come by that vital irreplaceable student input.

Mrs Julianne McCarthy
HOUSEMASTER

HOUSE CAPTAINS REPORT

Swimming Carnival - On February 21, the Mulligan Mulletts entered the stadium with red and white polka dot bandannas reinforcing that certain style and pizzazz that Mulligan House is known for. Unfortunately the bandannas didn't make us swim faster, but as a wise seaman would say, 'Mulletts don't swim fast in cold raining conditions'. Our gills did not rest all night as we screamed and danced with enthusiasm whilst our flash new banner hung proud. Many of us suffered from serious vocal chord damage!!!

Triathlon. There was a clear blue sky, smooth water, coconut trees and hundreds of coloured shirts frantically racing around. It was a day of strength, endurance and agility with a range of athletes from swimmers to cyclists, to runners. Enduring the freezing water was a feat in itself for our Mulletts, let alone the 500m swim in which they had to complete. There were a few wobbly legs after the 15km bike ride and many exhausted athletes after the 5km run in the hot, beaming sun. It was a great day of team spirit and personal achievements. The adrenalin pumping event was finished off with cordial and hot dogs at the Marlin Coast Campus. What service!!!

Trinity Celebration Day. The day certainly lived up to its name. It was full of school spirit, activities, the coming together of students, staff, families and officials. Each house participated in gruelling rounds of tug-o-war, and after red blistered hands we were defeated. The Upper Junior School also participated with the seniors in the courtyard dash. It was a test of absolute endurance and agility as five hyped up students sprinted round the courtyard. We then feasted on hot dogs and red cakes.

Cross-Country. There is one Mulligan athlete who seems to conquer the cross country every year. Despite the hot, hot temperature, and the hard never ending road, Megan Mansfield puts all the straggling walkers to shame. If you haven't been training for at least five months for this event, then you are most likely to feel every step in your lungs as you gasp for breath. However, despite a couple of devious senior boys, we all finally completed the prolonged course to be welcomed by thousands of bright red frozies which seemed to work wonders in revitalising our bodies, or should I say making us all just a little hypo!! (maybe we should have had them before we ran).

Athletics. Well we perform better as fish out of water. It was a fantastic day at Barlow Park with talent, competition and determination. Our Mulletts provided a fantastic show of sportsmanship and participation as they filled each age group with an age champion. What legends!!!

Skye Maconachie

Public Speaking. Public Speaking is one of the most nerve racking experiences that high school students endure in the inter-house competitions. Mulligan was well represented by four fearless speakers: Katherine Utzinger and Grant Fraser-Kirk in the senior division, and Elys Green and Phillip Caddell in the junior division. Mulligan achieved third place overall with Katherine Utzinger, gaining fourth place in the seniors.

Debating. Mulligan finally broke the drought of no wins in the house competition this year, with a tie for first in debating with Leichhardt. Under the watchful eye of judges and adjudicators, our debaters won four out of seven debates against the other Houses. With the other three debates being very close, Mulligan proved that they are the champions in the debating arena. Congratulations to all those who competed.

Peter Woodward

Well yet another year of school closes
and what a memorable year it was!

We can only just remember the House Day at the start of the year
everyone full of spirit and pulling at the mighty rope, and for what? A Mars bar of course!!

[Inter-tutor group tug-o-war, Paradise Palms Tennis Court]

Kennedy House did not strike fear into the hearts of all competitors
in all inter-house competitions this year,
but many in the House did show that the Crocs are still a force to be reckoned with.

Just think of Jess, or Scott, or Piet, or Kate and you'll know what we mean!
In addition, there were many outstanding house members who helped foster a strong house spirit,
the Year 9 and 10 cheer girls, who helped with creative ideals, the Year 11 girls,
and who just were always there to help in every way, the Year 12 cohort!

The Kennedy Kitchens continued to operate this year, after the New Zealand mob stopped hogging
OUR fundraising lunch times, with fortnightly episodes occurring.

Our scrumptious and sizzling sausages again proved to be a great hit with hungry students
and Mr Bassingthwaigthe!

Our other "tradition", the Cootharinga SUPERWALK, also occurred this year,
this time at beautiful Palm Cove. A beautiful afternoon was had by all
who attended, especially those who stayed back for the BBQ.

Finally, we say goodbye, farewell and good luck to Kennedy House.

This great House has provided us with much enjoyment,
and gave us an opportunity to get to know a wonderful group of students.

Thank you to all who helped us have a memorable and fun-filled year; to next year's captains, work hard,
keep up the house spirit and remember, always have faith in your House - GOOD LUCK!!

Adam Wilson and Kelly Fagg - House Captains

Another great year is over! True, we don't have the burden of all those trophies this
year; however, we do match previous years with precious memories, be it those wonderful
swimming, cross-country, debating, public speaking efforts, or those out-landish excuses
for not being able to swim, run or produce the old hat when boarding the bus! Yes, all
Kennedyites have left an impression on me, and I am certain that they will all have
impressions of each other, staff or house events that will last a life time.

I would like to thank the Year 12's for their support and leadership throughout the year,
especially House Captains Kelly and Adam. Thank you Mr Rea, Miss Grady, Miss Tame
and Mr Tippett for your wonderful support in 1996 - couldn't have survived without you

Mr Ed Stolarchuk - HOUSEMASTER

SENIORS 1996

White
Rock
Secondary

As School Captains, we would like to say a big 'farewell', 'good luck' and 'thank you' to the senior class of 1996. the BBQ's and chocolate selling paid off in the end!!

It has been a challenging yet fun-filled year of tears and laughter at events such as our Year 12 Camp way back in first term, to our forever memorable Formal and our mixed emotional Valedictory on the final day of a long, yet rewarding 12 years.

We would like to wish you good luck for your futures and hope to see you at the Old Scholars' functions next year. Also, a huge thank you to all the teachers who have made it possible for the unforgettable class of '96 to survive the year.

Hopefully, we will never lose touch of the friends and memories we made at TAS. Always remember to smile.

Kate Downes and David Miller.

There's Sunshine in a Smile

Life is a mixture of sunshine and rain,
Laughter and pleasure, teardrops and pain.
All days can't be bright, but it's certainly true,
There was never a cloud the sun didn't shine through.
So just keep on smiling whatever betide you,
Secure in the knowledge God is always beside you,
And you'll find when you smile your day will be brighter
And all of your burdens will seem so much lighter.
For each time you smile you will find it is true
Somebody, somewhere will smile back at you,
And nothing on earth can make life more worthwhile
Than the sunshine and warmth of a beautiful smile.

Helen Steiner Rice

The richness of life and the diversity of qualities in people are never more evident than in a school community. Schools, more than anything else, are about people working together in the process of sharing, living and learning. This year has been another full and challenging year. *Trinitas*, our annual magazine, is a wonderful record of the sharing, living and learning that has characterised the MCC in 1996.

As has been the case in previous years, 1996 began with the Campus eagerly awaiting the completion of a new building which was to become a larger library facility and music/general teaching space. In due course these added rooms were used extensively, and left everyone wondering how we ever did without them.

Our Laptop Programme expanded this year to include Years 5, 6, 8 and 9, and next year will include Year 7. This programme has brought many benefits to our students and with the addition of multi-media desktop computers in the library, significant advancements were made with technology in the academic programme. The MCC looks forward to further advancements in this area as the School's communication network comes on line.

The Marlin Coast houses of Morrell and Palmerston were very successful this year and continued to develop a strong tradition of maximum participation and community spirit. Being the central building blocks of the School's pastoral care system, the House activities provided numerous opportunities for students across the year levels to share in sporting competitions. Among many notable achievements were Palmerston's first place in the inter-house junior debating competition, and Morrell and Palmerston Primary Houses taking first and second places respectively in the athletics carnival, as well as completing first and second places in the inter-house swimming and cross-country carnivals. The completion of this trifecta was cause for much celebration and serves to illustrate the depth of talent the MCC boasts in the area of sport.

One of the highlights of the sporting calendar was the hosting of the School Triathlon. This most successful event was held at Kewarra Beach where over 250 second school students swam, cycled and ran

their way through this most challenging of sporting events. This school triathlon continues to be the only school based triathlon offered to secondary students in North Queensland.

A new and very successful initiative held at the MCC this year was our Drama Night. This event, held over two evenings involved a series of one-act plays featuring students from Years 3-10. This event provided an opportunity for the younger students to experience the learning and excitement inherent in presenting a play before a large audience. Our Drama Night was also a fine example of how a large team of students, staff and parents can all contribute to a major project.

In 1996, our Marlin Coast Campus P & FA Committee was busy organising a range of social and fund raising events. The highlight was undoubtedly a wonderful Marlin Coast Carnival that attracted a record attendance, and raised significant funds that were ultimately directed into Campus initiatives. I thank all members of the P & FA Committee who have contributed so much to the MCC this year. Their support is greatly appreciated and a vital aspect in the life of the School.

I wish to pay tribute to all of our very valued parent helpers who have given so much of their time to assist reading, sporting, extra-curricular and many other activities throughout this year. Many of our programmes have been greatly enhanced by the teamwork that has existed between parents and staff.

I also wish to thank the staff of the MCC who have guided and cared for each of the students throughout the year. Their dedication, expertise and care have been clearly evident and have been the foundation for a wonderful year.

I do hope that you enjoy these pages of *Trinitas*. They are our way of highlighting the sharing, living and learning that has characterised the Marlin Coast Campus in 1996.

Mr Alan R Campbell
HEAD OF MARLIN COAST

LEADERSHIP

Marlin
Coast

SECONDARY CAPTAINS' REPORT

As the two Sports Captain of the Marlin Coast secondary, we had a thoroughly enjoyable time guiding the talented Palmerston House into battle in a large number of sporting, academic and cultural events against the four Houses from White Rock.

1996 was a year of mixed success for Palmerston House. The inter-house swimming carnival was our first major event, everyone gave their best effort and showed great sportsmanship ... winning isn't everything!

A cultural activity which took place in term one was the public speaking competition. Heidi Downes and Rebecca Graham represented Palmerston House and we took 4th place.

School sports followed and the volleyball boys team worked their way into the grand finals. The girls netball team also made it into the finals and took 2nd place. The other Marlin Coast teams of basketball and touch football ... all tried hard, had fun and produced some great results.

In term two we travelled to White Rock to participate in the inter-house cross-country. It was great to see the number of students participating and trying their best. There were a select few who excelled and gave Palmerston the edge it needed to receive 3rd place.

Then it was White Rock's turn to travel to our campus and compete in the Marlin Coast Triathlon. All our teams tried and achieved high places in their age groups. There was only one person who competed individually and that competitor was Cameron Bartlett who came

second. Palmerston House was place 3rd which was a tremendous result considering the number of Marlin Coast teams competed to the mass of White Rock teams.

In the third term Palmerston competed in the TAS debating at White Rock. All the teams put in a great effort and we won three out of four debates and were placed equal first.

We feel privileged to have been the last two sports captains of the secondary Palmerston House to lead our troops into competition against White Rock. We have enjoyed the many challenges the Palmerston team has faced with such team spirit and determination.

Shannan Rumney and Jason Gregoric

PRIMARY CAPTAINS' REPORT

Being appointed Morrell and Palmerston House Captains was a great honour. Contrary to popular belief, representing the Marlin Coast Campus Junior School has not been all glory. The challenges presented new opportunities to build character, and for us to develop new skills. The highlights of our year as House Captains were definitely the three inter-house carnivals. Both houses did extremely well in each of these carnivals with Palmerston achieving first place in this year's swimming carnival, and Morrell winning both the inter-house primary athletics and cross-country carnivals.

Our time as Junior School Leaders, has, for both of us, been extremely fulfilling and very memorable. We wish all the best to the future Junior School Leaders in 1997.

Rebekah Jensen and William Becker

Coast

PREPARATORY

Class Teachers: Mrs Christina O'Connor
Miss Irene O'Keefe

Celebrating

Partnership

The Preparatory classes of 1996 wish to thank all those who have assisted with the Preparatory Programme.

YEAR ONE

CLASS TEACHER: Mrs Sue Welman

We did many things in Jump Rope for Heart.

Shane and Thomas

We went to the Cairns Show and had fun.

Stefanie and Laura

At the Easter Hat Parade we walked around in a circle.

Bernie and Sinead

Everyone got a ribbon at the Friendly Olympics. Mums and Dads came to watch and there was a Parent's Race.

Tara Lee and Ali

We had a Teddy Bears Picnic at the end of Term 3. We brought Teddy Bears and lots of food to the picnic. We had lots of fun.

Erin and Lauren.

The Book Week Parade was fun and so were Electives.

Joshua and Jack

YEAR TWO

Marlin
Coast

CLASS TEACHER: Mrs Lynn Fowler

Lisa

Jakob

Jack

Ashlea

Karl

I liked our P-2 Friendly Olympics. Lisa, Marika, Jakob, Jerome and Rosie carried the coloured ring for each of the 5 teams and Edward carried the Olympic Torch. "When they come to write our names they write not whether we won or lost but how we played the game".

Rosie, Ashlea and Isabelle.

Maths Whizz is a super maths game which helps us learn our times tables and our basic number facts.

Every theme we learn about gives us a chance to choose new names for our Table Groups. We enjoy working in groups, brainstorming and sharing our ideas. Each person in the group has a "job" to do.

Georgina and Bianca.

We have put a lot of time into our three projects this year. Presenting our "Talking Projects" to our classmates, explaining the information we have researched about our topics, has been a great learning experience.

Benjamin, Sasha and Scott.

Light and Shadow, our budgies, are lucky enough to have a sleep over at a different Year 2 home every weekend. Light is very naughty because she has got out of the cage twice by pushing out her feed container! Tut! Tut!

Jerome

Friday is our special contract day when we choose which activities we would like to work on. Science and Maths are exciting, Children's Choice and Language are fun but our favourite is Theme Activity Cards.

Maxime, Karl, Jakob and Hulton.

SQUIRT - Sustained Quiet Uninterrupted Reading Time

DEAR - Drop Everything and Read

We love our books, we love reading and we love listening to stories especially those by Roald Dahl and Paul Jennings.

A COLONY OF CO-OPERATIVE WORKERS!

Memories of Camp. I see the fire, the flame burning. I see the moonshadow, moon shadow, moon shadow. I see the torches flickering and flatterring. Guy

I like working in groups because you co-operate and you work with each other. You share ideas, you help each other and you get to know each other. Kacey

In Year 3 I got 100% in Spelling for the first time!! Jay

Maths is another Language. I like Maths because it can help you. Some people say it is hard, but as long as you have a go, Maths never ends. We keep on going. Larissa

I really like this class. I learn a lot and I like my teacher. So I have no problem. Jackie

Angles are big and small, angles are sharp and spiky, angles are smooth and round, it's smooth and round, round, round, round. Megan

This year I am learning my running writing. I am going well. Matthew

Hi! My name is Shevaun. I think our class works great in Committees. My committee at the moment is building a Reading Corner. It's so fun!

At the Peace Club, people have learned that peace is important. Peter

'Deadly Australians' was about snakes, spiders, and seasnakes. My favourite part was when Ms. Mangan had to hold a carpet snake! Joseph

The best thing about Camp was my tooth got bumped and now it's wobbly! And my moonshadow was following me, I shined my torch but it didn't go away. Ryan

You can get more ideas if you work together as a team. Stephanie

Don't dangle your bangle in search and zeros the sound. It's round I have found, round I have found, round I have found, round I have found. Cameron

On the first morning of camp we all walked down into the mist. We loved camp, especially Alex and Tom B

I had a great year with Ms. Mangan and Year 3, and we learned about ants. We had Ant Journals, ant stories, and facts about ants. Martina

An ant is extremely strong. 10,000 different species of ants create all body ants. Queen

In Art... we got hay from the hill on the oval, and we built a Grass Dragon. Tom M

I loved Year 3 Camp. It was so much fun. Waking up to morning light, it seems so bright, swimming at Lake Eacham, walking through the bush, seeing the Curtain Fig Tree. Laine

There are about 10,000 different species of ants. Queen

I have enjoyed working with the Peace Club. We tried to bring peace to the school. Alicia

Goldfish swimming in the pond, Splish and splash, swimming fast, Dare to not come last. Michal

Dear God, Please help all the children to think about other people. Help them to share and co-operate. Thank you for my friends. Amen. Torie

YEAR FOUR

Marlin
Coast

CLASS TEACHER: Mrs Diane Lymbury

I know all about dogs, I do,
'Cause they all like playing Peek - a - boo!
But if you think that they can fly,
To me that's just pie in the sky!
So when my dog is close at hand,
Maybe you'll see him come in to land.
by Tondru Jordan.

I know all about teachers I do,
They don't like to yell and that's certainly true.
They like to do heaps of dancing and gym,
When we're supposed to sing a hymn.
Instead of doing Maths and division.
We do outside and practise collision.
They like to turn everything upside-down,
Especially our happy little town.
They would much prefer to show and tell,
Than teach everyone how to spell.
Instead of doing a spelling test,
And expecting us to do our best.
They tell us all to have a long rest.
So we all lay our heads down on the desk.
When we wake up, its the end of the day,
We shed a tear 'cause we'd much rather stay
by Courtney Mc Phail

I know all about parents, I do,
I know what think and eat and drink too.
They like to let children go to bed late,
Polite and well-mannered children they hate!
And hate to do the cleaning up,
To end this poem I'd like to say,
I hope you act like this all day!
by Charne Quayle

Turtles running everywhere, this way and that,
Catching all the geckos and chasing the cat.
You find them in the kitchen, in the bathroom too,
Blocking up the plughole and swimming in the loo
Mrs Silver doesn't know about the turtles I keep,
I'll have to do something because I cannot sleep,
I'll return them to the shop on Wednesday afternoon,
I'll have my house to myself not a moment too soon!
by Eleanor Jenkins.

Illustrated by Adam Bekkeli.

YEAR FIVE

CLASS TEACHER: Mrs Tracey Chirio

Year 5 Fun & Fantasy

Giants and elves,
Little and big.
These are all fantasy,
Unlike you and me.
Arthur Blaxley.

Witches with black, tall hats,
Others that have lazy cats,
That sleep on mats.
Satchiko Bidner

Tip toe softly,
Through the woods,
Trying not to be-
Cooked by the dragon,
As fairies flutter,
Softly by.
Kristin Stephens.

Black Cat,
Black Cat,
What do you see?
I see a witch looking at me!
Jenna Silvester.

A snow white shape floats through the air,
Flying high in the pink sunset.
She disappears into the soft, white clouds.
The Pegasus!
Jessica Hannan

Here comes Bo-Peep,
Looking for her sheep.
There's Jack Horner,
Sitting in his corner!
Dayne Quayle.

Big witches there,
Small witches here,
Witches everywhere.
Talking at a party.
Nicholas Stemp.

When I was walking along the street,
I felt a beat coming to my feet.
So I sang my way up the hill,
That's where I saw poor, Jack and Jill.
Grace Simpson.

Goblins, Pegasus, pixies and more,
What is fantasy and where, who, why, when?
It's inside your head, and in some old books,
But who can explain it- or tell it s secrets?
Luke Harris

Huge giant sprinting by,
Causing castles to cry.
Andrew Fowler.

Dragons and fire,
Serpents and fliers,
Damsels in castles up high.
Sean Muir

A mermaid swims with streaming hair,
While the prince climbs up Rapunzel's golden stair.
When we close the book they haven't gone,
They're hovering, waiting like a song.
Alicja Wenderlich.

Goblins
Goblins, everywhere.
Stealing, reeving,
Not appealing.
Casey Ormond.

Luke Harris Design

Witches, witches, everywhere,
Flying on broomsticks through the air,
Collecting Pegasus' hair.
Rory Spence.

MARLIN COAST PRIMARY

YEAR SEVEN

Marlin
Coast

CLASS TEACHER: Mr Michael Stewart

YEAR SEVEN BLUES

Robyn's hair neat as knitting,
face clean as glass,
quite the most elegant
girl in the class.

Laurie's knees white as lilies,
ears pink as shells,
two glossy school shoes
bright as brass bells.

Thomas missing a shoe-lace,
ditto school tie,
hair like a loo brush
one blackened eye.

Eddie stains on the jumper
totalling thirty,
ears slightly grubby,
knees just plain dirty.

Alex in craft room
upset the glue.
Half in Rebecca's pocket,
the rest in Ai's shoe.

William practised his footie,
kicked ball quite far.
Guess where it landed?
Mr. Bayldon's car.

Meagan kept in for giggling.
Got home real late.
No wonder bears choose
to hibernate!

Damian sprung again talking
before morning bell.
That Mr. Stewart can
sure make life hell!

Mark ticked off for homework -
four out of ten.
Had to miss recess
and do it again.

Strife in mathematics
with Mr. Clegg.
Marisa's sent out to stand
in the hall on one leg.

Ben's biro leaked ink
on Tomoko's new jeans.
Soggy fish sandwich
instead of baked beans.

Rebekah's jumper steam-ironed,
pristine the blazer,
badge on the smart tie
shines like a laser.

David's knife-edged grey pants,
crisp, white shirt clean,
spotless, uncreased like
a new magazine.

Masashiro's shirt smeared with dribble
(licked by a dog),
Sam's school badge exchanged for
smelly dead frog.

Nicky's new blazer vanished,
shirt black as sorrow.
Repeat the performance?
Most likely tomorrow!

Front Row: Sam Hogan, Adam Cropp, Rachel McDowell, Nicole Kadic, Nicole Bean, Lucas Ferguson, Luke Goodwin. Absent: Meah Lockhart, Peter Lincoln.

Secondary school at last! Our class was lucky we didn't have to go through the nerve-wracking experience the White Rock Year 7's did of moving up to the secondary school and being split up into three different classes.

For us it was easy. Having the same class, knowing everyone - even the teachers. Our first year of secondary started with orientation day. This day was used to find out where to go for classes.

On the first few days we were given lockers to keep our books in. One of everyone's most memorable moments this year was receiving our laptops.

Our swimming carnival came quickly and after all that training in HPE and Thursday sport our efforts were excellent. After this came the cross-country. This was a fun event that everyone enjoyed. The sporting events all came one after the other. The triathlon came and our triathletes went off to complete the swim at Kewarra Beach, the ride from the beach up to our school, and back for the run. All competitors went well.

Nikki Kadic and Matthew Smith have achieved fine results by making it into the Peninsula trials for athletics. This was a great achievement and it makes our school proud.

A few members of our class were involved in the inter-school debating competition. They were Luisa Stephens, Miki Bidner, Lucas Ferguson, Nicky Van Der Zijden and Adam Cropp. They all did extremely well and three of our four teams won.

The Year 8 camp at Fong Bay, Lake Tinaroo was excellent. Everyone enjoyed it.

This year we've learnt two languages, French and Japanese. We learnt Japanese the first two terms and French in the last two.

We appreciate all the teachers who have looked after us this year. Everyone has enjoyed this year and can't wait until next year when we will be in Year 9. We are looking forward to making new friends and meeting new people.

Luisa Stephens, Jenna Rumney and Miki Bidner.

CLASS TUTOR: Miss Pam Bagnall

The Year 9 class of Marlin Coast Campus could not have asked for a better year! With the prospect of a three week camp, carnivals and competitions to look forward to, it promised to be a rewarding and unforgettable year.

SWIMMING CARNIVAL

One of the highlights of the year would have to have been the inter-house swimming carnival. This, unfortunately, was the first year that Palmerston didn't finish in the top three - the scores, we feel obliged to point out, were all very close! Our Year 9 swimming heroes included: Luke Billingham, Rebecca Graham, Chris Adams and Elly Oberhauser. They all put in very creditable performances and we had an enjoyable night.

CROSS-COUNTRY

The cross-country this year was an exciting event for everyone. Our Year 9 stars, Rebecca, Cheyenne and Luke were placed in the top ten runners of their age group and later competed in the inter-school cross-country event. Our congratulations go to Rebecca for achieving a very creditably 9th placing. We are looking forward to next year's competitions and showing the other schools what we are made of.

FETE

Term 2 brought with it the biggest event of the school social calendar - the Marlin Coast Carnival. With competitions, entertainment and choral items (featuring the girls of Year 9) not to mention rides and games, it was a great success and allowed the P & FA to donate \$10,000 towards our library.

TRINITY CELEBRATION DAY

The tug-o-war would have been one of the most successful ever! Last year we came near last, but with a much improved team we came a very good second. The people from Year 9 who were involved were Tammy, Rebecca and Lindsay, who did a great job as anchor.

ATHLETICS

On July 16, Palmerston House travelled to Barlow Park with their trusty mascot Martin the Bear. Our intention: to take first place. Unfortunately, due to injury, Carl Lewis was unable to attend, so we have had to settle for a nail-biting third place. Luckily, to take Carl's place, we had our top Year 9 athletes: Matt, Tammy, Claire, Rebecca,

Lindsay, Cheyenne and Luke. (Matt, Tammy, Claire and Rebecca went on to compete for TAS in the inter-school sports carnival.

TRIATHLON

Many students in Year 9 participated in, and enjoyed every moment of this event. They all worked very hard this year and it showed in their results. The team consisting of Tammy, Rachel (Year 8) and Rebecca came a very competitive third. Cheyenne performed very well as a member of the Year 10 team. This year was very challenging and next year's should be even better.

CAMP

To help the integration process, Marlin Coast students were split into two groups and mixed with the Year 9 students from White Rock. The first few days were a little tense, but we soon learned everyone's names, made heaps of new friends and joined in all activities.

There were many new experiences during the three week camp, including a three day canoe trip, science excursions, bush-a-thons, abseiling, Solo Day, the ropes course, a teacher-free journey day and a group initiative 'Commando Course'. The bush-a-thons were very competitive and were held at the Barrabadeen campsite - as was the Solo Day. The journey day encouraged cooperation and group effort as we had to complete a 3 and a half hour hike and a half hour canoe trip. Two of the four groups got lost and ended up at Genazzano Centre! Oh well, you can't win 'em all!

The teachers were great and they taught us many things. Besides learning how to read a map, fix up a wound and jump off the edge of a rock backwards, we also did some real 'bush cooking', with the damper and syrup featuring strongly. The food was good, and on most days plentiful. After Mrs Joseph's mouth-watering cooking at Camp Tinaroo we simply didn't want to leave.

We made many new friends at White Rock Campus, and we got to see them again at the Year 9 Sports Day. We all feel we've benefited greatly from this extensive Year 9 Outdoor Education Programme - but to tell the truth, it was nice to come home!

INTER-HOUSE DEBATING

This competition saw two of the Year 9's, namely Rebecca and Tammy, as part of the very successful Palmerston A team. With wonderful performances as first and third speakers. Their team's win also helped Palmerston to achieve their tied first placing.

With 1996 drawing to a close, the Year 9's look forward to joining White Rock students next year and meeting once again with our friends. Sadly, this year, we have had to farewell Elly, Phillip, Chris and Melanie, but we have welcomed Mariko, and she - along with Takeshi, our other Japanese student - has certainly made classes an experience.

We thank the MCC for giving us such a great year, and we leave with many fond memories.

Back Row: Lindsay Chambers, Matthew Peacock, Claire Vanbesien, Tamsin Ewen-Smith, Rebecca Graham. Front Row: Joshua Dickson, Mariko Ochiai, Cheyenne Sangster, Luke Billingham, Takeshi Tanigana. House Tutor: Miss Pam Bagnall

**MARLIN COAST
SECONDARY**

CLASS TUTORS: Mrs Françoise Nozaic and Mr Alan Campbell

Back Row: Seiichiro Sato, Jason Gregoric, Mitja Weyland, Jason Lergessner, Tys Van Loon, Shannon Turner. House Tutors: Mrs Françoise Nozaic, Mr Alan Campbell. Middle Row: Kazami Hosokawa, Yusuke Suzuki, Keishin Matsunami, Daniel Turner, Christopher James, Cameron Bartlett, Alysha Stephens, Narumi Hari, Kelda Rankine, Chiemi Watanabe. Front Row: Eva-Jane Carthy, Leisa Armstrong, Samantha Grinter, Alicia Smith, Heidi Downes, Shannon Rumney.

Our final year at Marlin Coast has certainly been one to remember, bringing forward a number of challenges and new opportunities.

Jason Gregoric and Shannon Rumney were elected Palmerston House Captains early in the year and have set a high standard for all students to follow. Well done Jason and Shannon!

Our first major event on the sporting calendar was the inter-house swimming carnival and we are proud to say that everyone from Year 10 participated enthusiastically and to the best of their ability.

The cross-country was our second sporting event in which the talents of Leisa, Cameron, Mitja and Chris were demonstrated, they then moved on to compete in the inter-school cross-country.

The triathlon came next displaying a high level of team work as well as outstanding individual performances. An excellent effort was put in by Cameron Bartlett who competed individually, stealing second place and contributing greatly to Palmerston's success. Other students who participated were Leisa Armstrong, Samantha Grinter, Eva Carthy, Shannon Rumney, Alysha Stephens, Jason Gregoric, Jason Lergessner and Chris James.

When it came to sprinting in the athletics carnival Jason Gregoric left everyone for dead, and managed to take out the age champion for 1996. Good on you Jason! Once again there was full participation from everybody.

Heidi Downes has to be congratulated for her fine effort in the inter-house public speaking competition. It was a fierce competition and we were all proud of you Heidi! When it came to debating, Jason, Mitja, Daniel and Kelda were too good for their White Rock opposition and helped Palmerston to once again snare first place. Great work guys!

Shannon Rumney and Alysha Stephens' lip sync at the Marlin Coast Carnival was a huge success and was not surprising selected as 'Judge's Choice'. Great move girls!

Marlin Coast's first drama night was also a huge success, and Jason Gregoric, Jason Lergessner, Eva Carthy and Shannon Turner displayed their acting talents with confidence and enthusiasm under the limelight. Terrific acting guys!

During Term three we had the opportunity to doing work experience or going on camp. everyone had a fantastic week no matter where they went.

As we bid farewell to the Marlin Coast Campus we are happy to say that 1996 has been a terrific year for all. Our time at the Marlin Coast Campus has prepared us well for our final years of schooling at White Rock, and as the last Year 10 class we would like to take this opportunity to thank Mr Campbell and all the secondary staff for their dedicated hard work over the years. We appreciate it. Thank you all.

**SECONDARY
ART**

1996. What a year! The Marlin Coast Campus has been involved in so many sporting events that it makes Atlanta look like a social picnic. It has been another successful year for both the Marlins and the Geckoes. We have achieved many new milestones while maintaining our past level of success. Our primary houses swept all before them this year with Morrell achieving the honour of being named Champion Primary House for 1996. Palmerston Secondary maintained its middle secondary

Year 5 Inter-school Team Sports Representatives.

Year 5 Inter-school Team Sports Representatives.

Year 6 Inter-school Team Sports Representatives.

ranking and two inter-school teams made the semi-finals. Palmerston trained well leading up to the secondary inter-house swimming carnival and toled honestly to finish 5th. The following superbish were selected to represent TAS at the A division inter-school carnival. Jeremy Gobbe, Jason Gregoric, Kelda Rankine, Cameron Bartlett and Rebecca Graham. Motivated by the efforts of our secondary students, the primary houses geared up to defend their 1 - 2 finish from last year. Both houses swam well with Palmerston reversing last year's result and taking the Aggregate Trophy and Morrell finishing second. Our Age Champions were: Elyse Milgate, Anna Sassi and William Becker.

On Friday April 9, our Marlins travelled to White Rock to run the inter-house cross-country. Our students ran very well and were just beaten into first place by Dalrymple. The best Marlin runners were Chrs James and Leisa Armstrong.

Morrell ran out convincing winners in the primary inter-house cross country by 85 points. Age champions were Chelsea Houston, Tim Moesser, Caroline Houston. Both Chelsea and Caroline went on to win their age groups at the Barron River Primary Cross-country trials. Kristin Stephens and Tim Moesser were also selected in the Barron River team for the Peninsula trials.

Primary Inter-school Athletics and Cross Country.

Year 7 Inter-school Team Sports Representatives.

Year 6-7 Inter-school Team Sports Representatives.

Our secondary students entered six teams in the inter-house winter competition. Our best placed team was the boys volleyball who lost the final to Woree. The primary students entered five teams in the BRPSSA winter competition and all competed well.

The Marlin Coast campus hosted a marvellous triathlon again. Cameron Bartlett finished 2nd in the individual junior boys, while our 13-Year Boys team of Nicky Van der Zijden, Jeremy Bloomfield and Matthew Smith finished 1st in their age division. Palmerston finished 3rd overall.

Year 8 Inter-school Team Sports Representatives.

Year 10 Inter-school Athletics/Swimming Squad.

Junior Secondary Inter-school Volleyball Runners-Up.

Year 9 Inter-school Team Sports Representatives.

Palmerston competed well to finish 3rd at the secondary inter-house athletics carnival with Jason Gregoric collecting a well deserved 15-year age champion medalion. Morrell won the primary inter-house athletics carnival despite some stiff competition, while Palmerston finished 4th. The following students were age champions: Tondru Jordan, Kristin Stephens, Caroline Houston, Tim Moesser and Mark Spelta.

This led to our primary athletes totalling their best score at both the BRP-SSA Interschool Athletics and Cross-country Carnivals. Chelsea Houston won her 800m and Adam Zaks finish 2nd in the 100m. Adam

was selected to represent BRPSSA at the Peninsula trials. TAS - MCC finished 3rd at the cross-country with both Caroline and Chelsea Houston winning their age divisions.

Outside of school hours a group of seven of our students were involved in the local soccer competition. These boys were successful in taking our the 1996 U14 soccer grand final. The students involved in this winning team were: Daniel Jeffers, Matthew Jeffers, Jeremy Goble, Jeremy Bloomfield, Luke Goodwin, Matthew Smith and Nicky Van der Zijen.

All in all, 1996 has been a very successful year for sport, and while everyone involved can feel pride at their combined efforts we must not relax our efforts. It is important we maintain the high standards set at the Marlin Coast Campus and set our sights higher. Finally it is important to keep the enjoyment in sport for our students and encourage full participation.

JAPANESE

In Japanese this year we have continued to learn about many different areas of the Japanese language and culture under the guidance of our teacher Miss Taylor.

The two preparatory classes have been learning common Japanese greetings and how to count, through playing games and other interesting activities. They have also been learning about Japanese masks and faces.

Year 1 have been learning about the names of colours and animals in Japanese and how to speak in short sentences. In Year 2 they have been learning all about the country of Japan, as well as learning new words and phrases.

Year 3 have been busy in Japanese learning about communication and different types of Japanese foods. As have Year Four, who have spent the year looking at Japan and the names of different household appliances.

Years 5, 6 and 7 have also been working very hard looking at a variety of different sports, communication, household appliances, animals and Japanese expressions, to name but a few. All especially enjoyed learning a new game called SHU, which involves eating chocolate with a knife and fork.

In talking to all students from Preparatory to Year 7, all agree, that Japanese has been a very exciting and interesting subject and Miss Taylor and Mr Hastie have been excellent teachers.

CULTURAL EVENTS

MUSIC REPORT

MCC Choir - Marlin Coast Carnival

What a year it has been for the Marlin Coast Choir! They had a very successful start to the year under the capable leadership of Mrs Ann Morgan. The Marlin Coast carnival provided a wonderful opportunity for the choir to perform for both the TAS and wider community.

During Semester Two, we saw an exciting increase in membership which provided opportunities to expand the choir's repertoire. As a result, the choir presented items at the upper primary and secondary chapel on several occasions.

Term Four brought with it another Marlin Coast concert which the choir participated in, as well as the first combined Trinity Anglican School Speech Night. The choir once again united with its fellow members from the White Rock Junior and secondary campuses to present some spectacular items on the night.

It has been a pleasure to see the choir develop over the past three years, as each has brought new members and new music to sing. Next year we hope to reach even greater musical heights.

The instrumental programme continued to grow through the year with a large number of students studying piano, voice, flute, clarinet, saxophone, guitar, violin and drums. A big thank you must go to Mrs Sunman, Mrs Meehan, Mrs Stitt, Mr Pitcher and Mr Gordon for the care and effort they have put into teaching our budding musicians.

Miss Andrea Marks

DRAMA REPORT

Two wonderful drama nights in one year? That's not what we planned! But good things come in pairs!

1996 saw Marlin Coast host its first fantastic drama festival. Overwhelming demands for seating, resulted in the growth of the Marlin Coast Drama NIGHT, to the - Marlin Coast Drama FESTIVAL!!

The actors waited nervously in the classrooms for their chance to show off their acting skills and entertain the audience with a variety of short, one act plays. These plays were performed by a group of enthusiastic students from Years 3 - 10, who dazzled their audience with tales from teenage romance to a modern version of Cinderella.

The backstage crew worked extremely hard to keep the actors looking and feeling their best. Matthew Graham and Mark Downes did an excellent job keeping everyone under lights. Simon Carthy and

Timothy Moeser kept the audience enthralled with stunning sound effects that boomed across the whole of Kewarra Beach.

Thanks to Miss Mangan, Miss Trethewey and other staff for their help in making the 1996 Marlin Coast Drama Festival a night, we mean NIGHTS, to remember!

Scott Paget and Thomas Hogben.

MCC Drama Night. (Left to right) Stephanie Collins, Laine Sherr and Toni Clapham

The pace of life and numerous activities in the Junior School continue unabated throughout the year. Children at the White Rock Junior School are offered an ever-increasing range of academic and co-curricular challenges in the day to day operation of the School. The children are offered an educational experience, which we believe is unsurpassed in Far Northern Queensland.

The foremost aspect of life in the Junior School, is the rich Christian tradition, upon which our School is based. Weekly Chapel services and class scripture lessons are used to pass on important Christian messages, to all the children in our care. We believe it is most important not only to teach about Christ but to display a Christian attitude in our daily dealings with children and their families, and of course we encourage the children to be likewise in their dealings with others.

The Junior School is a dynamic, active educational environment, where children are encouraged to 'have a go' and be happy to do their best. During this year teachers have provided the children with many opportunities to extend themselves beyond the range of activities and educational programmes traditionally offered in most primary schools.

In the specialist areas, the children have been exposed to a wide range of quality experiences, ranging from competing in sporting teams at both local and regional level to singing in Eisteddfod Choral groups, participating in Tournament of Minds teams to completing murals for the World Mountain Bike Championships. Mrs Goble, Mr Atkins, Miss Card, Mrs Bogart, Miss Tame and Mrs Gomora all are dedicated teachers, striving to provided an enriched educational environment for the children in this school.

Above and beyond the usual classroom activities, our senior Junior School children have also been involved in the wonderful Thinkfest challenge day organised by Mrs Goble in Term 1. The annual Triniset exchange for children in Years 6 and 7, was a great success in Term 3, thanks to an enormous amount of work from Miss Bolton and Mrs Howard, in particular. Of course, other activities continue throughout the year; we have been involved, both internally and externally in debating and public speaking, chess, the Australian Schools English, Maths and Science competitions and the Westpac Maths Competition for Year 7. This year's Maths Olympiad team performed

exceptionally well under Mrs Bogart's expert guidance and one of our Tournament of Minds teams were most deserved State Finalists.

The Staff of the Junior School have continued to be heavily involved in the life of the School, from many different angles. Several of the Junior School Staff coach various sporting teams, which play in the local district weekend competitions. The School outdoor education programme relies heavily upon Mr Sewell's expert guidance. Excursions, art activity groups, various musical groups, both instrumental and choral, Lower Junior School after school activity groups are all dependant upon the dedicated and continued support and organisation of the Junior School staff.

The children have worked extremely well throughout 1996. Our performances in sport, cultural activities and academic competitions have been of an exceptional standard. Swimming, cross-country and athletics representatives all gave their maximum effort in all events. Our choirs, debaters, public speakers have all attained extremely pleasing results. We finally managed to defeat Somerset College, in the annual Triniset Exchange.

The Junior School leaders have worked as a team right through the year. Kathryn Stolarchuk and Kurt Falkenstein were the Junior School Captains. Katy Clarke and Nigel Ivanovic were the Vice Captains. These people were called on for an ever expanding range of duties, which were handled with great confidence and maturity. Our House Captains for 1996 were David Hurst and Jennifer Splatt (Dalrymple), Sarah Simmons and William Reid (Leichhardt), Gabrielle Phillips and Tor Rigano (Kennedy) and Sam Caldwell and Julie Struber (Mulligan). They also have worked well together during the year, particularly around the time of our sporting carnivals.

Throughout the year, all teachers have undergone inservice training in a variety of areas. The purpose here ranges from making staff more computer literate, to ensuring they are up-to-date with the latest theories behind the teaching of reading.

In June Mrs Jackson visited the United States to attend two International Computer conferences and presented a seminar on the applications of the Microworlds programme in the junior classroom, on laptop computers. Miss Card attended an International Choral festival, held in Sydney during August. This symposium was reportedly a wonderful experience and we are sure to see more benefits from this conference during the coming years.

In the Junior School we rely heavily upon parents to be involved in the life of the School. We owe all these parents a huge debt of gratitude for all the time and effort devoted to working with and for our children.

The White Rock Junior Parent and Friends Sub-Committee has also been extremely busy during the year. The main activities organised by the group have been the Father's Day Stall and the Family Fireworks evening. Money raised during the year has all been dedicated to the relocation of the Tuckshop, which will take place during 1997. This news is certainly exciting to the children and will ensure ready access for them both at recess and lunchtime next year. Mrs Julie Smith and Mrs Kathy Bassingthwaight in particular, have worked tirelessly and would like to encourage all junior school families to consider how they could be involved in the sub-committee for the White Rock Junior, Parents and Friends Association.

My first year at Trinity Anglican School has been particularly challenging and rewarding. There has been much excitement. The Junior School staff is a dedicated group of professionals, who are responsive and caring in all their work. All the staff deserve congratulations for their manner and support during the year, however, deserving of particular mention are Mrs Carol Howard, the WRJ Secretary who is always available, friendly and unflappable. Mrs Diane Doctor, the Lower Junior Coordinator, Miss Paulie Bolton, the Upper Junior Coordinator and Mr James McGhie, the Curriculum Coordinator.

The White Rock Junior School can justifiably feel proud of its achievements during 1996 and can look forward to an exciting and productive 1997.

Mr Richard Hodgson
HEAD OF WHITE ROCK JUNIOR

LEADERSHIP

Junior School Vice-Captains, Nigel Ivanovic and Kathryn Clarke. Head of Junior School, Mr Richard Hodgson. School Captains, Kurt Falkenstein and Kathryn Stolarchuk.

When I was chosen as a Junior School Captain, I was greatly honoured. I hope I lived up to all expectations and that I was a good role model for younger grades.

Being the Junior School Captain has been a terrific experience for me.

Kathryn Stolarchuk

Being School Captain has given me new responsibilities. It has also given me new confidence in public speaking and communicating with my peers as well as others from outside the school community. I have enjoyed being School Captain and I wish next year's Captains all the best.

Kurt Falkenstein

Student Advisory Council: Michael Singh (Year 3), Mietta Gornall (Year 4), Samantha Paver (Year 5/6) (later Jonathan Bleakley), Advisor Ms Paulie Bolton, Carla Simms (Year 7), Tess Stolarchuk (Year 3), Timothy Lanski (Year 7), Andrea Stolarchuk (Year 5), Dimity Barnes (Year 6)

Dalrymple Captains, Jennifer Splatt and David Hurst. Leichhardt Captain, Sarah Simmons. HPE Specialist, Mr Jason Atkins. Leichhardt Captain, Tor Rigano. Mulligan Captain, Samuel Caldwell. Kennedy Captain, Gabrielle Phillips. Mulligan Captain, Julie Struber. Kennedy Captain, William Reid (absent).

In the year of 1996, the Student Advisory Council (SAC) have raised \$2220 and \$1164 was provided through sponsorship for World Vision Famine Fighters. \$1056 went to a number of charities including: Samuel Amposah, a student who lives in Ghana, the Fred Hollows Foundation, the Guide Dog's for the Blind Association, the Tournament of Minds Team and the Epilepsy Foundation.

Our first fundraising event was a coin line where we raised enough money to pay for Samuel's sponsorship for a year. We have also held discos and casual clothes days.

All members of the SAC have worked really hard this year.

Courtenay Donnelly
7B SAC REPRESENTATIVE

PHYSICAL EDUCATION AND SPORT

1996 proved to be another exciting year for sport in the Junior School. Not only is the schedule busy, it is also very enjoyable. Being part of the Junior School is such a rewarding experience as the enthusiasm of the students is excellent.

The first major event of the year was the annual swimming carnival held for the first time at Tobruk Pool. All houses competed fiercely, with Palmerston finishing the day slightly in front of our own four houses. For the first time the carnival contained a 'Blue Ribbon' event to find the fastest boy and fastest girl in the Junior School. The winners were William Becker (Palmerston) and Lindsey Sokolich (Mulligan).

Next on the agenda was the cross-country carnival with a slightly modified course. All runners showed a lot of determination to finish the course in good time, and at the end of the day Morrell were the winners. The mountain bike challenge for boys was won by reigning champion David Hurst with Julie Struber winning the girls event. Ten TAS runners were selected to represent Cairns Independent Primary School at the Peninsula Carnival held at Lake Tinaroo. They were: Catherine Miller, Kandice Pearce, Masayo Ito, Michael Hurst, Sarah Simmons, Gabby Phillips, Kathryn Stolarchuk, Melanie Aikebuse, David Hurst and James Mansfield.

Once again Term 3 was extremely hectic with our annual Year 3 - 7 house athletics carnival being held in week four. With three points separating first from second, Morrell emerged victorious over Dalrymple. From our inter-school athletics carnival at Barlow Park, eight TAS athletes were selected to represent Cairns Independent Primary Schools at the Peninsula Championships. There were Andrew Kirton (long jump and 100m), Paula Newman (100m), Courtney Jones (5th in final of 100m), James Mansfield (4.53m long jump, personal best), Sarah Simmons (6th in 800m), Kathryn Stolarchuk (200m and 5th in 800m) and Gabby Phillips (long jump, 100m, 200m and 2nd in 800m).

The P-2 athletics carnival was held as a separate event this year with excellent support from parents and teachers. The format followed that of the recently held Olympic Games, with the fastest runners from a number of heats progressing to the final of each year level. The finals were timed and records established, which proved to be very exciting for the participants. Not to be left out of the action, the day concluded with some novelty events for parents and teachers.

The final week of this term saw Somerset College from the Gold Coast join us for a week of sporting and social encounters. In its seventh year, TAS had yet to win the Triniset Trophy. With 10 weeks of training under their belts, our sportspeople were unstoppable and for the first time the shield will remain in Cairns, for 12 months at least. The week of sport was capped off with an exciting tug-o-war competition which had the whole school yelling and cheering themselves hoarse in order to ensure TAS won the event, and win they did!!!

Throughout the year we also had many soccer, hockey and softball teams playing in weekend competitions.

Term 4 saw the continuation of the P - 2 swimming programme with the standard getting better every year. Once again we finished the programme and the school year with a fun carnival at Edmonton Pool.

I would like to take this opportunity to thank all the parents who have given their support so freely this past year, as well as Ms Eliza Ryan, Mr David Kirkpatrick, Ms Paulie Bolton, Mr Rick Hodgson and all other staff members who have given their assistance and encouragement throughout the year. It is this positive school community approach at TAS that makes participation in sport so enjoyable for our students.

Phonecard

Rev. Peter Laurence
Trinity Anglican School
Progress Rd
White Rock, Cairns QLD 4870
ph) 070 362 955

Dear Rev. Peter Laurence

The inaugural Australia Day Telstra Phonecard Design Award, run by Telstra in conjunction with the National Australia Day Council, was announced earlier this year for Primary School students nationally and was designed to encourage students to look at Australia and its future from their own personal perspective.

It overwelmingly successful, attracting more than 25,000 entries from Primary School students throughout Australia.

I am very happy to tell you that one of your students has been successful in winning the QLD/NT region, Years 4 - 6 category.

The winning student, Michael Hurst, of 5K, will win a \$200 gift voucher and Trinity Anglican School wins \$1000.

I am presently organising Award presentation ceremonies, which will probably be linked with the National Australia Day Council's Childrens Week activities in your state during the last week of October. I will be contacting you shortly to arrange definite dates and details. In the meantime, if you have any questions regarding the Award, please do not hesitate to contact me on (02)9396 8020.

As you can imagine, with so many entries, judging was an extremely difficult task, so congratulations to Michael. Telstra is proud to be able to support our young artists of the future in this way.

Yours sincerely,

Emma Rogers

This year I was fortunate to attend the 4th World Symposium on Choral Music in Sydney. Together with hearing and seeing 27 of the best choirs in the world, it reinforced my belief that music can help unify people and promote peace. Music performances are enjoyable experiences for the performers and audience alike. The process (the rehearsal, the learning, the mistakes, the musicianship) is important too. The choral or orchestral members work towards common goals. It is during these times that a sense of belonging, fun and joy are instilled and the most wonderful friendships are established.

**Miss Anna Card
MUSIC SPECIALIST**

In music we learn many things. So, 'me' and 'do' are some of the first notes we sing and write on the staff.

By Year 6, we have learned most of the notes. We have fun playing musical games, the recorder and listening to music by composers. We sing and play many songs and it is fun trying to get the notes. Music is full of fun and laughs and it teaches you heaps of exciting things. Everyone loves music and we are always learning.

Jody Gummow and Monica Earl (6J)

PRIMARY CHOIR

During this year the TAS Choir has performed seven times including the Musical Extravaganza, the Cairns Eisteddfod (in which we gained 1st, 2nd and two 3rd places), the Performance Evening and many more events. With Mrs Jackson and Miss Card, our choir has been a great success and we have had lots of fun. Our repertoire has grown and varies from Mozart's Praises and Japanese songs to a 50's revival medley. We have combined with choirs from the secondary and lower junior schools. It has been an honour to be Music Captains throughout 1996, and we are looking forward to joining the Senior School Choir next year.

Fiona Downs Music Captain (7S), Maliha Doctor Music Vice Captain (7B)

EARLYBIRDS

The Earlybirds has grown in size and stature this year with over 30 students from Years 4 - 7 participating in rehearsals and performances. This ensemble made a memorable impression at the drama night in third term and at the music camp. Their final performance was at Speech Night, where they looked and sounded wonderful in their smart band uniforms.

It was a great thrill to find a replacement for Michael Pensini in Michael Ramsay. Unfortunately for the group we have a number of Year 7 students who will be joining the secondary school next year, and these will play in the Big Band.

Thanks to Kathryn Clark, Fiona Downes, Kurt Falkenstein, Kathryn Stolarchuk, Alex Kochi, Gabby Phillips, Shannon Smith, Amanda Harris, Chloe Dray, and Shane Clough for their contribution to the Earlybirds.

**Mr Peter Sunman
DIRECTOR OF MUSIC**

The Five K Post Year Five K Team Together....

CAIRNS: Children in year Five K at Trinity Anglican School have developed excellent team skills during 1996. This has been achieved by the children working in house and other groups to complete both individual and team assignments.

Year Five teacher, Mr Kirkpatrick, said, "The children have learnt to cooperate with team and other class members by making each person feel important, developing decision making skills and listening to every members point of view. Every child should feel proud of their efforts "

Year 6 on location in Chillagoe

This year, I've learnt more about responsibility, respect, and friendship. I have also managed to combine my hobbies and school studies. **Alana Muir**

At the beginning of Yr 7 I became House Captain which was a great honour. I have tried my best to listen to the needs of my fellow students. **Sarah Simmons**

I used to think of Yr 7 students as mature and grown up. I don't feel particularly grown up or mature yet. The work is as hard as in other years though we have learnt lots of new things. **Gabby Phillips**

I expected to have more homework and to work hard. I also wanted to experiment more with computers. **Daniel Lloyd**

As a Yr 7, I aimed at being more responsible. If I start acting that way now, it will be normal for me in Yr 8. **Michael Zammit**

We are role models for everyone, have grown more mature and have become responsible students. My aims were to achieve my best. **Andrew Singh**

This year not all experiences have been good but most of them have. It has been a very challenging year. **Tara Pollock**

I hope to set a standard for younger pupils. An honour for me was to be Music Vice-Captain. I hope I have set a good example. **Maliha Doctor**

My expectations were to develop into a thinking, member of the class. I also wanted to make my body healthier by doing more activities. **Taro Muramoto**

This year I hoped to achieve good scores in the 'Tests'. I want to achieve my dream of becoming a vet. In my speeches I tried really hard to overcome my fear of them. **Leisa Fisher**

I expected that Yr 7 would be a lot harder than it really has been, but I just suppose that we are getting used to doing more challenging work. Overall I think Yr 7 has been pretty easy. **Graham Irvin**

This is my first year at TAS and it has been great. It is really cool how we get to use laptops. Art is fun. I think I have done well this year. **Daniella Norris**

This year I hoped to do my best in class; try that little harder in all my work to achieve a good report. I also wanted to become more responsible and trustworthy. **Paul Mousa**

I enjoyed Yr 7 as there were so many challenges thrown at us. We worked in groups or alone to work out solution. Ms Bolton has been a great help to us. **Victoria Black**

This year I have been doing more homework, reading more, watching less TV, trying my hardest in everything I do. **Amanda Harris**

I want to get a good report card. I also wanted to study in class and not have to work out who's a friend and who's not so I can concentrate. **Nik Collins**

This year most of the work is basically the same but harder. There's also more homework. We are still using computers. We learnt how to cook our own lunch. **Shane Clough**

When I was in Yr 6, I was always thinking about what responsibilities I would have in Yr 7. Now I find this responsibility is not as great as the one I will have in Yr 12. **Michael Ramsay**

This has been challenging. I have made lots of friends and hope to keep them for ever. I enjoyed having the responsibility of being Junior School Vice-Captain. **Katy Clarke**

I wanted to attain my goals, to succeed academically, use my knowledge and mature. I found out it's not all win, win, win, but friends, and lessons are important. **Michaela Grabau**

What I expected of myself was to become more mature, reliable and responsible so people could rely on me. I worked to get good marks. **Tor Rigano**

My expectations were to be a good role model for younger students. I also aimed to achieve a high level in the JC Speaking Competition. **Crystal Mitsutsune**

I have experienced many wonderful learning opportunities. I have achieved all the goals I set and am looking forward to new challenges. **Carla Simms**

This year has been a real challenge. I have tackled lots of new things and made a lot of new friends. Before that, I always thought of Yr 7 as hard working, lucky people. I now know that we are hard working and lucky. **Courtenay Donnelly**

I had lots of expectations of myself. Some of these were to be a fast typist and thinker. I would also like to get an excellent report. **Alex Kochi**

I had a few expectations for Yr 7: to improve in Japanese, Music, Sport and Language. I would also like to improve my clarinet playing. I would like to win the Japanese Award so I have been working hard at that. **Jennifer Splatt**

REFLECTIONS AND EXPECTATIONS

My expectations for Yr 7 were that it would be really hard, that Mathematics would contain really weird terms and English would be confusing and that laptop computers would become impossible to use. It has turned out fine though. Laptop computers are still lots of fun. **Fiona Downes**

I expected Yr 7 to be fun and it is, but, we can't run around like maniacs because the lower grades look up to us and respect us so we have to show discipline when it is needed. **Ashley Wright**

Yr 7 certainly has been more difficult than Yr 6, not only with work but with friendships and activities. I'm sure that Yr 8 will be an even bigger step where instead of being the oldest we will now be the youngest. **Julie Struber**

When I was in Yr 6 I thought Yr 7 would be the biggest drag of my whole life, but when I arrived I saw it was going to be fun. I soon got into the work habit, so it became a breeze. **Sam Caldwell**

In Yr Six my expectations were that Yr 7 would be really hard and difficult, but now that I'm in Yr 7 it really hasn't been that bad. One exciting thing was camp. **Melanie Aikebuse**

Last year I thought Yr 7 was going to be exciting. At the time I was at a state school and had a good chance of becoming a House Captain. When I came to TAS I saw my hopes disintegrate. When I met Mr Sheppard and Ms Bolton I was warmly welcomed. **Chloe Dray**

Last year's class told me that Mr Shepherd gave so much homework for one night that it would last for weeks. I thought they were kidding me, but now I am in Yr 7 I know It's true! **Nicholas Seeto**

I thought that it would be good to be in 7S even though for some reason Mr Sheppard scared me. We have learnt a lot about changes and different teaching styles. This has been beneficial for next year.

Since I have been in Yr 7 I have looked at life through different eyes. I have learnt so many things, and I have improved in my weaker subjects. Learning has been fun with stories to help us to understand. **Sarah Storrs**

This year we have learnt a lot of unusual things, for example, we could begin a spelling lesson and end up talking about cars in mines. I can't wait until Mr Shepherd gets back so we can listen to stories about his trip. **Caitlin Salter**

Although Yr 7 can be pretty tough at times I am glad of this because it will prepare us for high school. It hasn't been as hard as I thought it would be and it wasn't all work, work, work; it has been fun too. **Nigel Ivanovic**

Now I am in Yr 7 I find I am learning things that challenge me. I have been taught not to procrastinate and to finish my work as soon as possible. Changing teachers has been a good preparation for high school. **Will Reed**

Yr 7 has been different because we have learnt to do things that we could not do before, including memorising a poem which had twenty six verses. We want to learn and it is fun. **Louise Hansen**

Last year I thought Yr 7 was going to be really hard and it has been. I really enjoyed P.E. lessons and sport. **Jason Ryall**

In Yr 7 I have learnt a lot of things including how to be prepared for Year 8. We have been working on Maths that is normally taught in Yr 10. **Tyler Dunn**

I really didn't know what to expect, so when I got to Yr 7 and found out that the class I was in was really nice and fun. **William Emms**

In Yr 7 I expected to learn a lot of difficult work and I was a little worked up about coming in to a new school. After a few months I started to think more positively and enjoy the work we do. **Barbara Martin**

I expected to have a great year and to have fun and to excel academically. I have done quite well. **Shannon Smith**

In Yr 7 I expected to learn new and interesting work. I also thought all the tasks were going to be hard. They were, and they kept getting harder. Every once in a while I would get something I could do. **Ainslie White**

In Yr 7 I expected work would be challenging and that we would get a lot more work. I was right. At least now we know more about genre and percentages. **Kathryn Stolarchuk**

My expectations for this year were to be well prepared for Yr 8 and still have fun at the same time. I thought it would be really easy but I soon found out that a lot

I thought Yr 7 would be tough but it isn't so bad. In fact I have enjoyed it. I thought we would have more assignments and projects. **Alex Whately**

During Yr 7 we have done lots of hard work and have received many punishments, but we still enjoyed it. As the year comes closer to the end we have become more and more excited about becoming high school students. **David Hurst**

I expect to be ready for high school because at the moment we are doing things such as Yr 9 work on percentages. **Timothy Lanski**

One thing I expected was to be up until midnight doing homework. I also expected to do well in athletics and cross country running. As this year has progressed I have found out that if you work hard you will find all things a lot easier. **James Mansfield**
