The School Mission

*The Mission of
Trinity Anglican School
is to nurture Christian formation and
educational excellence in young people,
inspiring them to reach their full potential
as individuals and serving members
of the wider community.*

The School Prayer

*Almighty and Everlasting God,
We pray for our school and for all who teach and learn in it.
We thank you for the vision of our founders,
for the peaceful surroundings of our campuses
and for the beauty of your creation
in which each one of us can share day by day.
Help us to show love and concern for one another
as Christ has shown His love for us.
Enable us to grow in stature, knowledge and humility,
always looking to you as our source of all wisdom
and understanding.
We stand together firmly in the faith of Christ,
giving thanks for the past,
involving ourselves in the present and looking forward
to the future.
TEACH US TO OBSERVE ALL THINGS,
through Jesus Christ our Lord.*

Amen

From the Principal

Another year; another Trinitas. Here for your enjoyment is the great banquet of 2004 as we knew it at TAS this year.

There is nothing ordinary, of course, about any year at TAS. If we think about a banquet, what food comes to mind? Each year seems to be as rich and as challenging as plum pudding – although in these diet conscious days, it might make more impact to say that each year is as complex and subtle as a decent stir fry. We take all the disparate parts of school life and bind them together so that the whole is greater than the parts. It's the interaction of the parts that make the whole. The result is simply outstanding.

One of the most important ingredients in the mix is a lively, committed and hard working team of

students. The staff add the ginger and spice with their passion and love for the students they teach. The parents bring the common ground to support all of this and the result is superb.

Congratulations to the staff and students who have produced *Trinitas*. They have produced not just a record of the year but a celebration of it as well.

Let us always remember what we owe to God for all his goodness to us at TAS. May we never forget to Observe All Things as He has commanded us to do.

Rev'd Paul Bland
Principal

AUSTRALIAN SCHOOLS SCIENCE COMPETITION

At Trinity Anglican School, all students from Years 5 to 12 complete the Australian Schools Science Competition. This year students from the School gained fine results and were awarded 17 Certificates of High Distinction, 113 Certificates of Distinction, 206 Certificates of Merit, and 511 Certificates of Participation.

A High Distinction places students on a State Percentile Rank of 99 and hence within the top 1% of students within their year level across the State. This is an outstanding achievement and the following students are to be congratulated on their success: Benjamin Harris (Yr 10), Liam Buchanan (Yr 9), Madeleine Donald (Yr 8), Joss Emerton (Yr8), Douglas Patterson (Yr 8), Campbell Harding (Yr 7), Rhys Hughes (Yr 7), Emma Johnston (Yr 7), Joel Ling (Yr 7), Drew Wakefield (Yr 6) and Henry Harding (Yr 5).

Mrs Jillian McPherson, Head of Science Faculty

Spiritual Life at TAS

Year Five students at both campuses learnt about the Sacrament of Holy Communion. At their Family Services a number of students received their first communion and were formally admitted into the Anglican Church of Australia as Communicants. These services were very special events in the lives of these students. Several Junior School students were baptised this year, including Matthew and Nicholas Jones, Jarrah Newman, Liam Farmer and Christopher Watters. Mr David Long was confirmed by Bishop George Tung Yep at a very special service in front of his family and his class. It is a great privilege to be involved in being a guide through these rites of passage. Students at Trinity Anglican School really are showing the world that they are part of the family of God.

It is a great privilege to be involved in being a guide through these rites of passage. Students at Trinity Anglican School really are showing the world that they are part of the family of God.

We really are very fortunate to have Father Paul Bland as the leader of our school. The spiritual direction he brings to the school is significant. He is to be found at the beginning of every day in the chapel in prayer for our school. His celebration of Holy Communion with students across the campuses has brought a special pastoral role to his principalship.

Elizabeth Park and Farrah Kochi were the Chapel Captains of 2004. The gentle leadership at chapel services and their dedicated work behind the scenes brought great benefit to the whole student body.

Carols by Candlelight

Steven Cadell dressed for the Advent festivities

families and staff to come together in an informal environment.

As another year draws to a close, I'd like to thank Ms Cooke, and this year's Chapel Captains, Farrah Kochi and Elizabeth Park for an inspirational year and a job well done!

Youth Minister*

A Student's Perspective

The religious life at TAS is bursting at the seams - discussions groups, Bible studies, lunch time activities, Monday chapel and house services.

The high school group ("Chutney" - it's a long story!) meets on Tuesday, complete with Bibles, talksheets, the occasional snack and cushions. This group also organizes "WOF" or "What's On Friday", a group that attempts to show other students that Christianity is fun! This year, the group chose to remake the popular theme of What Would You Do For A Can Of Coke? This undertaking left numerous students getting down and dirty in a bid to win the prized red tin and was, all in all, a very successful lunchtime.

The junior school also has a busy schedule: "Living Waters" for the Year Six and Sevens (WRJ), "Alive" for the Year Three and Fours (WRJ), "A Prayerful Place" (MCC). These groups focus on having fun and answering the questions fundamental to developing a strong faith later on in life.

Chapel services are an important part of the week. Hymns, Bible readings, prayer and a sermon, delivered by Ms Cooke, give all the students a chance to ingest a worthy message and learn about relevant topics like trust, love, and wisdom. Following much student input, Senior School chapels this year have also been run by the students, including the Year Nine and Ten CRAVE classes, Bimini Wright, Monica McGhie, Farrah Kochi and Elizabeth Park. Contemporary music and slideshows are also featured during chapel services.

House and Family services, which occur twice a year for each house or year grouping, are also enjoyable experiences, (apart from the early hour on a weekend morning!). These services are a chance for the students,

World Vision Report

Firstly, we'd like to thank and congratulate all the students who participated in this year's 40 Hour Famine. By giving up either food or technology, or giving generously to various other fundraising activities, TAS raised exactly \$5 437.35!

As well as all the dedicated people who raised money through not eating or not watching TV, we'd also like to thank the Grade Twelve Students who participated willingly and shamelessly in the Slave Auction. After a spaghetti and detergent race (which they performed crawling on their backs with no arms or legs) - which was interesting to say the least- both students and teachers purchased groups of Grade 12's to do with as they pleased for three school days.

As World Vision Group Leaders, we would like to say a huge thank you to the fantastic people at Piccone's IGA. They gave the school a very substantial donation, which was incredibly helpful in the organisation of prizes, activities and promotions. If you live near Edmonton, please go and give Piccone's IGA a visit!

We would also like to acknowledge and thank all the wonderful parents, friends and students who, just from making a donation at the door, raised over \$200 at the Theatre Restaurant. This is amazing, and shows just how much difference a small donation can make. If you save the pennies, then the pounds save themselves.

Finally we want to thank the backbone of this great success, Mrs. Cooke. She put in the time, and the effort, and these are the results. It wouldn't be possible without her dedication, so we'd all like to say thanks Mrs. Cooke.

Thanks everyone for your participation and your generosity.

by Alicia Blain, Belinda Ashton and Kim Greaves

Year Twelve Slaves Shaun, Tim, Anthony, Tim and Ryan line up nervously as the bidding begins.

Round Square

LEFT: "Maid of the Mist" at Niagara Falls.

ABOVE: Round Square student representatives dining with a view.

The Round Square International Conference this year was held at Deerfield Academy which is two hours west of Boston, Massachusetts. This was the conference where Trinity Anglican School became a full member of Round Square.

There was great excitement amongst the conference attendees, Jacob Croker (Round Square Captain), Alex Bishop, Megan Kadic and Tom Manoy and myself as we met early in the morning of September 19th for our flight out of Cairns. We were leaving early so that we could spend a few days in New York and attend a pre-conference tour in Toronto before going on to Deerfield.

We managed to successfully negotiate all the hassles of Los Angeles and landed in New York the same day we left! Our hotel was located on 7th Avenue in Midtown Manhattan opposite Madison Square Gardens. This proved to be ideal as it was central to most things.

We were soon out of the hotel looking for food and mixing with all the other New Yorkers. The city never seemed to sleep and there were always people everywhere. We quickly learnt that when in New York do what the New Yorkers do which included basically ignoring the walk and don't walk signs and of course keeping to our right which we all found challenging for most of the time we were there. We rushed around doing as much as we could in two days – Empire State, Macys, Times Square, Broadway where we saw the show 'Hairspray', Ground Zero (a very moving experience), Chinatown, Central Park (for a jog and to see the squirrels) and a bus tour of lower Manhattan as well as a number of other shops for some retail therapy.

Then it was off to Toronto to join in a tour organised by three of the four RS schools in Toronto; St Clements, Bayview Glen and Lakefield College School (actually 2 hours north). This was a great opportunity to visit the schools, make new friends and of course see the sights. These included a fantastic day at Niagara Falls, a tour of Toronto and a visit to the Haliburton Wolf Sanctuary as well as a trip to Algonquin Park in northern Ontario.

Of course the real reason for our trip was the conference at Deerfield Academy whose theme was 'Exploring our Frontiers'. It was here that we met Rev Bland and now the delegation was complete.

This was a gathering of Round Square schools world wide and there were fifty four of these schools from all continents, including for the first time South America.

Speakers on the theme Exploring our Frontiers included Lech Walesa, ex president of Poland, Louise Richardson who spoke on Terrorism in Context, and Michael Gazzinga who spoke on The Ethical Issues posed by Bio-Scientific Advances. The speakers were followed by discussion groups led by students from Deerfield.

At the Annual General Meeting, Trinity Anglican School was accepted as a full member of the organisation after a power point presentation by Jacob Croker.

There were of course a number of more social activities during the conference. These included a multicultural performance from each of the regions and a day of a variety of different excursions ranging from mountain biking, hiking the Appalachian Trail to working on farms picking vegetables or fruit.

Most importantly there was plenty of time to get to meet people and make new friends which is the highlight of a conference like this.

Deerfield Academy is an amazing school. Founded in 1797 it is coeducational with 600 boarding and day students. The Academy's 280 acre campus includes 90 acres of playing fields and is located in the midst of the 300 year old village of Historic Deerfield. It offers nearly 200 academic courses and is set deep in the heart of rural Western Massachusetts.

All too soon it was time for us to leave and saying goodbye was very hard because of all the new friendships that had been forged. However there will be other times to meet again perhaps on a service project or at the next International Conference which in 2005 will be in Melbourne, hosted by Ivanhoe Grammar.

Mr Andrew Campbell
Round Square Co-ordinator

TAS Students share their Exchange experiences

Exchange to Gordonstoun School, Scotland

During Term 1 I took part in a Round Square exchange to Gordonstoun School, Scotland. Gordonstoun is internationally known for being the British Royalty's choice of school. Prince Charles was a student at Gordonstoun school many years ago, and it was considered and still is as one of Europe's finest schools. This knowledge intimidated me and I was quite hesitant to leave my colleagues and sunny Australia for the cold wet highlands of Scotland, where Gordonstoun is located.

I did make it there, and had the best experience an exchange can offer. During the Easter term about 30 Gordonstoun students go on exchange to other Round Square schools. I made many great new friends, many that I will be able to keep in touch with and visit. Gordonstoun is an international school, so I have many friends positioned all around the world, and I hope one day to be able to visit them.

I brought back many memories that will stay with me for a long time, and I greatly recommend an exchange to anyone, even if you have not considered it.

Samuel Blockey

Exchange to Sedbergh School, Canada

Earlier this year I spent 3 months at Sedbergh School in Quebec, Canada. Leaving Cairns' languid, humid days for the bitter cold seemed easy enough in December (like an extended stay in the frigid but refreshing cinemas) but there's nothing better for a dose of reality than having your eyelashes freeze together as you leave the airport. Below zero degrees Celsius the entire time of my stay; and below minus forty for a good month, was a big change from Cairns. But retrospectively the climatic difference was one of the smallest.

Sedbergh is an international school; with all bar three of the student body boarders and all bar eight students from overseas.

There was a large Mexican population, as well as South-East Asian with a few Africans and Europeans thrown into the mix. It has the largest campus, 1,200 acres, of any Round Square School, but the smallest number of students. When I was there, around 80 students from Year 5 to Year 12 attended Sedbergh but there were 50 including cooks and the guys who drove the ski-track groomer (a huge machine that looked like a cross between a Mack truck and a tractor).

Sedbergh is located in the country; with only the tiny hamlet of Montebello nearby. This, coupled with the small population, lead to an intense feeling of community that I, being an only child, miss. Being in rural Quebec also meant that few people spoke English, so my French improved considerably.

Sedbergh offered many exciting activities; they viewed the harsh weather as an opportunity rather than a hindrance. While there I spent two entire days out of six outside (remember if you were to spit it would freeze before it hit the ground) and also went camping for a week. We built igloos and played boot hockey on the lake (like soccer except on ice with a puck - your snowboots allowed you to kick the hard disc without damaging your foot). My most memorable outdoors adventure though would probably be when the entire school was required to build a quincee (or snowcave) and sleep in it.

You'd never believe it but sleeping in a snowdrift is surprisingly warm.

The other big event I remember was participating in the Canadian Ski Marathon, a 180km trek from Montreal to Ottawa, which Sedbergh treats like a sports carnival.

All in all it was an enjoyable and enlightening experience, and really inexpensive considering everything I did. I'm glad to be home, but a day doesn't go by when a small part of me doesn't wish I could go outside and freeze my eyes shut, or see my friends from Korea or Sudan or Mexico, or just be there again.

Shevaun Fitzmyers, Year 11

TAS Swimming

The 2004 year has been a defining year for the Aquatic Centre with expanded integration of the swimming program into the school week of every TAS student.

Our vigorous Swim Club has been re-badged as TAS Swimming, with membership encompassing Prep to Masters. The Club has competed at every Carnival in the region, spreading the word about our school and pool. Seven swimmers from the Club competed with merit at the Queensland State Championships. Club members have all improved their times, contributed to the increasing medal and ribbon tally and have also set new FNQ age records. Friday evening Club night has seen up to a hundred

swimmers competing in a spirit of fun and desire to improve.

The pool has also hosted the Suncorp Games swimming and water polo competitions, the FNQ Short Course Championships and of course the school and CISSA swimming carnivals.

The Aquatic Centre buzzes from 5 am to 6 pm daily under the direction of Andrew "Herbie" Howard, ably assisted by Chris Bray, Julie Bromley and a great teaching staff. What a great focus for the school's vision of developing a healthy lifestyle in every member of the TAS community!

Roxanne Wu
TAS Swimming (Club)

Round Square Junior Regional Conference

I would like to share my experiences of the Round Square Junior Regional Conference that I attended with Mr Campbell, Sophie Eastaughffe, Sophie Wilson and Bronte Raumer. It is a small group, considering other school groups had up to 10 people. But it didn't stop us from having fun. The Southport School hosted it this year at South Stradbroke Island, which is one and a half hours by boat from the Gold Coast. We camped on the island. It is a sand island, so we had piles of sand in our tent.

At the conference we learnt respect, tolerance, rights and opinions. We participated in activities such as; clearing lantana, beach walks, canoeing, and how to make damper. We also had a bit of a shock on the first night, as it was the coldest night recorded on the Gold Coast ever. We had so much fun, and met so many people from other schools including Scotch Oakburn College, Ivanhoe, Mowbray and Westminster just to name a few. We caught up with students

from every school that was represented there. Altogether, 13 schools from all around Australia attended. We met 105 of the 125 girls and boys. Everyone at the conference was welcoming, and each had different interests and ideas. The people in my group were motivated and great leaders. One night we went on a meditation walk. What you had to do was; blindfold yourself, put your hands on the shoulders of the person in front of you, and trudge up a hill. Also, you weren't allowed to talk for the whole time. Because we lost two senses, our others picked up. It was interesting not being able to talk for an hour and a half. I chose not to talk, which helped my experience and other peoples. We also walked around with a candle on the beach at night.

We made so many new friends, it was hard to leave the conference.

Weeks after, it was all that I thought about. Overall it was a great experience and I would recommend going on a conference to anyone.

Alana Haymes, Year 8

Theatre Restaurant

Performing Arts

Performing Arts came alive again this year with a myriad of performances across the campuses. Art students displayed their talents at the Cairns Show where Kirsty McKay was publicly recognised for her artwork and at the Arts Awards Evening. Drama students were inspired by Dance North workshops, a viewing of *X-Files* and Zen Zen Zo's *Romeo and Juliet*. Our TAS dramatists featured in the Fashion Fantasy with Shakespeare's *Midsummer Night's Dream*.

Music students are the busiest in the school. A successful camp at Tinaroo kick-started the various musical groups, with guest lecturers, Keith Sharp and Derrin Kerr moulding the groups.

Performances at the NQ Garden Show, Cairns Cultural Week, the Gordonvale Fete and Flower Show, Business Liaison Breakfast and the Coconut Carnival led towards fantastic highlights at the Arts Awards Evening and Speech Night.

Students were motivated by a trip to the Queensland Symphony Orchestra, Russell Gray (cornet player), Cairns Brass and Marist College, Brisbane and were busy playing at various Concert Evenings and the Eisteddfod. Congratulations to the Ulysses Trio (Steven Cadell, Benjamin Harris and Hulton King) for being awarded Most Outstanding Ensemble of the Eisteddfod.

Talents across the combined Arts were evident in the *Fashion Fantasy* (organised by Alex Bishop, Megan Kadic and Chelsea Russell) and *TAS Idol Theatre Restaurant*. Achievers were honoured at the Arts Awards Evening where major winners were: Tim Ashton, Michael Cadell and Kirsty McKay.

Led by Mrs Ailsa Horsburgh, the Friends of TAS Music, continue to support and provide for all of us in ways that would never be possible without their fundraising and efforts. All members of the group are sincerely thanked.

Sadly, we farewell our Year 12s who have been instrumental for years in TAS groups: Lauren Hall (choir), Sheridan Hill, Elyse Milgate, Rhyannyn Westecott, Alysha Wincen and our incomparable Arts Captains – Michael Cadell and Tim Ashton.

Thank you to our capable staff who have nurtured the students throughout the year: Mr Bill Carlyle, Mr Jim Rea, Mrs Sue Stitt and Ms Miriam Torzillo (secondary school). Thank you to our parents and students who have been most cooperative and hard-working throughout rehearsals and performances.

We look forward to even greater improvement next year with bigger and better groups and an exciting trip to New Zealand.

Alison Falk, Head of Performing Arts

“All the World’s a Stage”

Below are some of the things that have been happening in drama this year

Year 7 – MCC have worked in groups, to develop their skills in improvisation. Here they are creating machines using sound, movement and relationships: A machine that makes ice-cream!!

Improvisation – “Can I sell you this chair?”

Grade 8

Worked in teams to devise a collage style performance to inform their audience about bullies, using naturalistic and non-naturalistic styles and conventions such as freeze frames, exaggeration and voice collage.

Grade 10

In “The Actors Mask”, students made their own mask, built characters and then collaborated to create an improvised group devised performance on a theme of “war and peace”.

Grade 12

Explored the world of Physical Theatre, and explored the interpretation of a text using movement as the major medium of communication.

A Midsummer Night's Fashion Fantasy

TAS P&F Assoc.

The 2004 year major events included the Golf Day, Trivia Night, Melbourne Cup Luncheon and the Coconut Carnival. Thank you to all the parents that helped on these occasions and the sponsors for their contributions, they are all very much appreciated.

The Coconut Carnival was the largest event and raised \$20,000 towards playground equipment for both Marlin Coast & White Rock Campuses. This

year the P&F Assn has contributed over \$120,000 towards projects and equipment for the school.

The Annual General Meeting will be held at White Rock Campus on Monday 21st February 2005 at 7.30 pm. All parents are welcome and invited to attend.

John Quinn
President

Friends of TAS Music

Friends of TAS Music is a small but dedicated group of parents who support music students and staff and help to provide extension activities for the music curriculum at TAS.

The highlights of 2004 have been our sponsorship of tutors for the Music Camp in February at Tinaroo, our facilitation of a weekend workshop for advanced string players with the Tankstream Quartet and our involvement in a number of one-day workshops for members of junior and senior school ensembles. However we have also provided practical support for students and staff throughout the year, catering for Theatre Restaurant rehearsals, providing supper and refreshments at recital evenings and at the Cairns Brass Concert, and facilitating TAS Jazz and TAS Senior Strings performances off-campus.

In addition to this, Friends of TAS Music has actively sought involvement in the community, fundraising at events such as Animal Mania, Wild on Wheels and the Boat Show. This has enabled us to continue to contribute to the school's musical resources, funding the purchase of new music scores for both Junior and Senior Ensembles and the purchase of an oboe, which we hope will soon be adding its unique sound to our orchestra. Junior school music has also benefited from expenditure

Good luck Mr Bailey

Mr Malcolm Bailey (pictured here pushing the Cent Sale at the recent Coconut Carnival) is leaving Trinity Anglican School to opt for the less hectic lifestyle of retirement.

Mr Bailey has served TAS and its students for the past 14 years, and for the last several of these years he served as Head of Faculty in English.

Some have said that he must know something that we don't, hence the ever cheerful smile! (Maybe the smile can be explained by the prospect of his impending retirement drawing nearer).

In all sincerity Mr Bailey will be sorely missed in both his role as educator and workmate. It is a great testament to a person to be popular with both your students and your colleagues. We all wish Mr Bailey every happiness in the future, and just know that he will be doing something interesting with his newfound spare time.

on the maintenance of percussion instruments at Marlin Coast, and the purchase of additional equipment at White Rock Junior. However our special thanks go to the Music Captains at White Rock this year, for raising significant funds themselves through their disco; we enjoyed the results of their efforts at their recent Recital Evening in the Bishop Centre.

Future projects include the sponsorship of another workshop with visiting tutors at the end of October, next year's Music Camp in February, and - last but not least - the 2005 Music Tour. Preparations are well underway for this tour; 15 of our students and 2 members of staff will travel to New Zealand in April to take part in the Aurora Youth Music Festival in Christchurch. Friends of TAS Music is proud to support this initiative.

As we say goodbye to our Year 12's who are leaving us in a few short weeks, and thank them for their significant contribution over many years, we welcome the new students who will take their place.

We also extend a warm welcome to all parents who would like to lend a helping hand to Friends of TAS Music and invite you to attend our monthly meetings next year.

May you all have a very happy holiday.

Ailsa Horsburgh
President

TAS Outdoor Ed & Outdoor Rec

Year 2:-

Sleepover at MCC library and WRJ Bishop Centre
Initiative games, first overnight camp

Year 3:-

Three days and two nights at Camp Tinaroo on the Tablelands
Environmental walks, lakeside activities, walk around Lake Eacham, exploration and initiative games

Year 4:-

Three days and two nights at Daradgee Environmental Education Centre.
Low ropes course, fishing and boating on the North Johnston, environmental games, team games and camp out

Year 5:-

Four days and three nights at Camp Tinaroo on the Tablelands.
Canoeing skills and mini-expedition, Razor back hike, tree planting, team games, initiative challenges and walk around Lake Barrine

Year 6:-

Five days and four nights in Chillagoe.
Adventure caving, tourist caving, local history, swimming in the local weir, night treasure hunt, exploration and making crystals

Year 7:-

Four days and three nights at Mungalli Falls.
Abseiling, Horse riding, Archery, Commando obstacle course, Introduction to navigation, team games and initiatives

Year 8:-

Five days and four nights on Chillagoe creek near the Walsh River.
Adventure caving, abseiling into a cave system, camping out, expedition to the Walsh River, camp oven cooking and catering, team building and initiative activities.

Year 9:-

Nineteen days and eighteen nights on expeditions around Lake Tinaroo and Black Mountain. High and Low ropes course,

Navigation, Hike expedition, Canoe expedition, Abseiling, raft building, camp oven cooking and expedition cooking, camping out under the stars, full day solo, community service & tree planting.

Year 11:-

Hidden Valley hike expedition near Paluma National Park
South Passage sailing voyage from Cairns to Townsville
Russell Island camp out and exploration
Mitchell River horse trail ride
Mountain biking expedition from Port Douglas to Cairns

Year 12:-

Three days and two nights at the Genazzano Centre.
Leadership retreat, team building, swim and relax at Lake Eacham, planning and focus sessions.

Year Nine Camp

This year the students in Year 9 had the amazing experience of the Year 9 camp. We came back totally different than what we left as. Mr Boicos had given us a challenge. The challenge was to come back with our weaknesses lower than our strengths and most of us accomplished this challenge. Going through the four phases with the same group of people was sometimes tough but in the end we understood each other greatly. The four phases consisted of a four day canoeing expedition, a four day hiking expedition, 5 days of learning basic adventure skills and 5 days of day trips including the Mount Emerald walk and rope courses at Camp Tinaroo. All four phases placed many challenges in front of us and we went through each of them together as a team. In the end the Year 9s had the same thing to tell everyone back home as the previous Year 9s have, "It was an experience that we will remember for the rest of our life".

TAS Outdoor Ed & Outdoor Rec

TAS Outdoor Recreation

First Year students:-

Term I

Hiking introduction and day trips to White Rock, Glacier Rock, Stony Creek
Expedition for three days to Stannary Hills

Term II

White water canoeing introduction with day trips down the Mulgrave
Three day expedition on the Mulgrave River

Term III

Climbing, abseiling and caving introduction with day trips to Aeroglen quarry
Expedition for three days to Chillagoe

Term IV

Senior first aid qualification and day trips to Behana Gorge
Two day expedition to Davies Creek, Lambs Head walk and Davies Creek Falls

Second Year students:-

Term I

Introduction to white water kayaking with day trips down the Mulgrave River
Expedition for three days to Tully River

Term II

Advanced hiking focus with day trips to Stony Creek, Robsons Track and Walsh Pyramid
Three day expedition to ascend Mt Bartle Frere and climb Big George

Term III

Advanced climbing and abseiling with day trips to Aeroglen quarry, Barron Gorge and Bungy Tower.
Upgrade resuscitation
Expedition for three days to Mt Stewart, Townsville

Term IV

Graduated

Trinity Day

International Exchanges

Konnichiwa, Boku no namae wa Sasha desu. My name is Sasha Kaesermann. I am 15 years old and I am in Grade 10. From the beginning of April, I have been on exchange to Keimei Gakuen, Tokyo, Japan until the end of December. During these 9 ~ 10 months, I have learned, witnessed, experienced, eaten many wonders of Japan. Especially food wise. I have eaten from the usual sushi, including octopus, squid, raw fish etc. Then to whale, fried cow tongue, dried sardines, Basashi (raw horse meat), the usual terriyaki chicken, karage and lots and lots of rice and Japanese Tea.

Once you have lived in such a crowded country, you realise how lucky you are to live in such a wide country like Australia. The size of Japan could fit into Australia roughly 20 times, so it really makes you wonder. But everything has its advantages and disadvantages.

It is quite expensive in Japan, especially taxis, that's why the railway is used a lot. It is cheap and efficient. This is where the day of an average student or any other person starts. Some of my friends take two hours by train just to get to Keimei Gakuen. From the station it is about a 20 minute walk. But for me, it was an easier life. I stayed with a Home Stay family, who only lived 10 minutes away from the school.

In the morning, I would wake up and rush to get to the Morning Lessons. First thing was Judo Club. It was quite tough, especially the winter mornings, when the Tatami (Japanese Traditional Mat) is ice cold. After the lesson is over, there is just enough time to get changed out of our Judo Wear, and head up to Home Room (Tutor). The school is separated into Primary School, Junior High School and High School, so there are 3 buildings. The High School Block is 4 stories high, and guess what: my class is at the very top. After Home Room, I either have lessons with the "Domestic Class" or with "Kokusai" (International Class), it depends what subject I have.

Sasha Kaesermann pictured in front of an historic building at Keimei Gakuen, our sister school in Japan.

Between each lesson, there is a ten minute break, but the bad thing is that there is no recess, only lunch. After School, I have soccer training because I am in the Keimei Soccer Club. After I get out of my gear and decide to finally walk home with my mates, it's already around 7 o'clock in the evening, and that is pretty much my daily routine. But on weekends, the real fun begins. My friends and I go to places like Karaoke Bars, Movies, Amusement Parks, Go-Karts, Soccer matches, Survival Games and just having fun. All these activities can be done just by riding the train for a few minutes.

The picture of me is in the Keimei School Grounds. I am standing in front of the Hokusenryou. This is an Ancient Japanese building which used to be the summer home of Baron Mitsui, the Founder of the School. In the World War, the City of Akasaka was bombed, as well as the school. Baron Mitsui used his land and holiday house and turned it into a school.

I would advise anyone to go on an exchange to Keimei Gakuen, because you have fun and learn a lot more than just Japanese. *Arigatou Gozaimashita.*

Sasha Kaesermann
Year 10

ESL/Multicultural

This year the involvement of the international students in the overall life at TAS has continued to increase and I commend those students who have been actively involved in House and School sporting and cultural activities. What is most pleasing is the stronger academic focus this year. The international students have been inspired by Mari Kawamata's impressive OP 1 result from last year and her successful entry into the Medicine course at Melbourne University on scholarship.

Special thanks to our International Captains, Jing Zhu and Hisako Katsumaru, who have given wonderful support to both peers and staff, while at the same time maintaining a strong academic focus. Their assistance with permanent students as well as assisting with the influx of temporary visitors was commendable.

This year we have also been blessed by support from students from the wider TAS community, those students who do not receive special language instruction in the ESL Centre. This was most notable at the Sayonara Party to farewell Seijo High School, our sister school in Nagoya.

This event would not have been possible without the tremendous organisation by the ESL students and the hands-on assistance of the dedicated Year Elevens. Once again we were treated to some splendid cultural performances and the Australian and Japanese cuisine was enjoyed by all.

Japan Week 2003 would not have been as colourful and successful without the support of the students from the ESL Centre and I sincerely thank them.

The annual Fashion Parade, where Australian students as well as students who identify with specific non-Australian ethnic groups, joined in to perform Thai dancing, with the costumes being tailor-made for this event by Fon Sabok's grandmother.

Thanks also to Mr Campbell, Mr Bulegei, Mrs Evans and to all mainstream teachers who appreciate the linguistic and cultural difficulties encountered by our students who are learning English, while at the same time studying in English.

Philip Turner
ESL COORDINATOR

“GIVE A CAN! GIVE A DAMN”

TAS students recently got behind the Rotary Club’s “Give a Can - Give a Damn” Christmas campaign by donating food collected for Basket Brigade.

2004 Literary Competition

Sophie de Costa won 3rd place in the 2004 Literary competition for her short story entitled “Falling”. Below is an excerpt from her story.

“Falling”

I am falling. I can feel the wind rushing against my body, and feel so small against it. Compared to the wind, I am just a little bit of nothing much.

Just a little while ago, I was not falling. I was standing, on top of a high place, laughing carefree, looking at what seemed to be a toy town, full of little ant like people, that I would never reach. But now I fall, helpless, a parachute-less parachutist. I wonder what the people below me think, a person, a black speck in the wide blue of the sky, just falling. No, I think they understand. The only way down there, to that little town, a speck of madness in the wide desert of sanity, is to let yourself fall, like an eagle swooping down on its prey. The ground rushes up to meet me, like an old, long lost friend. My body lands hard, on the cement-like ground, but I survive. People walk around me, all too lost in their own problems, their own illness, to look around and help me. Eventually I pull myself up, and stagger towards a chair and think. Someone walks up to me. Their features are fuzzy and blurred but I think I recognise them. They reach out and touch my arm ...

I reel back and yell at the surrounding doctors. The smell of anaesthetic is dizzying. I won’t let them touch me, I won’t! Someone grabs me from behind and though I struggle, they are too strong. I can’t win, they’re too strong. They force me back onto a bed with stiff white sheets, attaching me to it, and we roll along smoothly. People look at me curiously as I go past, then whisper amongst themselves. I hear snatches of conversation “Bound for the crazy ward ... delusional, you know ... terrible isn’t it?”

I scream louder, and people draw back. I hated them for it, hated them, because they were too stupid to understand, that I wouldn’t hurt them ...

And I am back on the chair, looking around. The person who touched me isn’t here. I am not surprised. Not many people have the courage to stay with me for long, because I am Crazy, and no one likes to stay around Crazy People for long, because they are scared that something bad will happen to them. Suddenly I feel weirdly happy, so I laugh. For a long time I sit there, laughing my head off. I feel greatly relieved when I have finished.

by Sophie de Costa

Old Scholar

Kirralee Rankine, TAS Old Scholar who graduated in 1996 is at JCU, currently completing her PhD in the *Drainage of Underground Hydrollic Fill Stopes*.

She was recently one of 16 Australian researchers awarded a position at this year’s Fresh Science competition - a national incentive to promote research in science and engineering to the public. Kirralee was the only researcher from northern Queensland selected to attend the workshop in Melbourne.

Trinitarians

PICTURED ABOVE: The title of Trinitarian is reserved for those students who have spent their whole 13 years of school life from Prep through to Year 12 Graduation at TAS.

LEFT: These Vocational Education students have chosen to take various types of school based vocations, like traineeships, apprenticeships etc, while still maintaining their OP eligibility status

Trinitas Assistants

A group of student volunteers were selected to act as sub-editors, and general assistants in the production of this year's Trinitas. These students were chosen from Year 11 so as not to interfere with the Year 12's study plan for exams. I would like to take this opportunity to thank those assistants for their help. Thank you also to all other contributors, and especially Andrea Marks for coordinating the MCC section.

From the Deputy Principal

*Go confidently in the direction of your dreams!
Live the life that you have imagined.*

Henry David Thoreau

There is little doubt in my mind that this marvelous saying attributed to American writer Henry Thoreau really sums up for me the attitude of the students at Trinity Anglican School. Our students are in general highly motivated, achieving individuals with a real understanding of the efforts involved to succeed in all aspects of their lives.

Students in the secondary campus continue to be involved in a variety of academic competitions and the results achieved in 2004 have been excellent and consistent with the successes of previous years. English, Mathematics and Science competitions allow our students to gauge their level of success compared to their peers throughout Australia. I would like to mention particularly our outstanding results in the Australian Schools Mathematics Competition. **Sho Kuzuya** Year 12 and **Madeleine Donald** Year 8 received special prizes as they were ranked in the top 0.3% of the 500,000 students who participated in 2004. An outstanding feat indeed!

In the Business Liaison Association, FNQ Business Plan Competition, the four finalists were all students from TAS and this achievement alone certainly indicates the depth of business acumen evident in our student body. Congratulations to Mrs Chant and Mr Greene on guiding our students to this fine achievement!

The Music department was on prominent display at our recent Speech Night celebrations. What an enormous number of talented musicians and vocalists we have across our two campuses. Special mention must be made of **Steven Cadell** who this year achieved his AMusA with distinction and held us captivated by his performance of Telemann's Viola concerto's last movement. Many thanks, to Mrs Alison Falk, Head of Performing Arts and Mrs Sue Stitt for their tireless work in this area.

Students in Year 10 continue the tradition of spending at least one week in the workforce. These placements of students are done after careful consideration and discussion with regard to areas of interest. Mrs Gaye Chant our Vocational Education Coordinator works tirelessly with the Vocational Partnership Group to ensure a quality experience for our students. For many it is the one experience which cements the notion of the career they will ultimately pursue. I am in no doubt that this experience is an extremely worthwhile one. Following on from this experience we have a small number of students who pursue a school based apprenticeship while maintaining their OP eligibility status.

Trinity Anglican School continues to be committed to offering our students the best possible outcomes from their time at TAS. Dr Barbara Howard who coordinates our QCS practice

program and the staff who assist her in this area are to be commended on their attention to detail. We continue to have excellent results in the Queensland Core Skills test on an annual basis.

In the sporting arena TAS continues to field highly competitive teams in the CISSA competition. The girls' softball team was very successful this year completing the competition without a single defeat! Interhouse sporting competitions continue to be hotly contested and there is little doubt that these events foster a strong House Spirit.

Trinity Day again afforded us the opportunity to celebrate our patronal festival and we were grateful to Bishop John Noble for being with us on this day. The school spirit evident at this time never ceases to amaze me and the intense house rivalry as the annual Dash and Tug O War are contested is second to none.

The quality of the Outdoor Education program at TAS is absolutely first rate. Mr Boicos carefully tailors these programs to the students' age and ability range and this ensures that students are offered a worthwhile experience. As our Year 12 students leave us at the end of their secondary schooling, it is quite amazing how many of them recall their experiences on the Year 9 camp as some of their most memorable ones.

I would like to conclude this report by expressing my gratitude to the staff of the White Rock secondary campus. Their competence, enthusiasm and dedication continues to ensure a quality education for our students. Without doubt, this wonderful group of people are instrumental in allowing our students to achieve to their potential in all areas of endeavour and I thank them most sincerely.

As another year draws to its conclusion, I wish all members of the TAS family a happy and holy Christmas, a restful and refreshing vacation and a prosperous and hopeful New Year.

Mrs Margaret Kennedy
Deputy Principal

A word from the SRC

This year the Student Representative Council's main project was to help the research of Duchenne Muscular Dystrophy, and create awareness of this life threatening issue. We organised a guest speaker, physiotherapist Wendy Bryant, to inform the senior school about this illness, and the effect it was having on hundreds of peoples' lives each year. After creating awareness in our school community, fundraising was our next step to help this worthy cause, as most of the general fundraising in the community went towards its support services.

Our main fundraising aim was to sell roses and lollipops at the Marlin Coast Coconut Carnival. With our team of dedicated SRC members working all afternoon and evening we made a profit of \$220. The roses were a sell-out whilst leftover lollipops were subsequently sold at school the following weeks. With a fantastic effort and participation from both SRC members and students across the school, we were able to make a presentation and donation towards the research of Duchenne Muscular Dystrophy.

Nadia Kochi, SRC Captain

Constitutional Convention

On the 23rd of February 2004 a group of Year 11 students attended the Constitutional Convention, held at the Cairns Convention Centre. Mr Sloan, Lachlan Greene, Miranda Yates, Mitchell Rose, Sarena Ehrlich and Alicia Blain all took part in the event and I, Claire Burman was the speaker.

The theme of the day was "SENATE REFORM - the House of Review or the House of Obstruction". The keynote speakers, Senator Jan McLucas and Mr Bryan Law entertained us with their views on the subject, as did the nominated speakers from each of the schools in attendance.

The day also involved group challenges on topics related to Australia's constitution and government.

It was a great opportunity to engage in constructive debate about Australian politics and meet people with similar interests from schools across the region.

I would urge those who are offered the opportunity to attend the Constitutional Convention next year to make the most of this invaluable experience.

Thank you to Mr Sloan for organising our team and encouraging our points of view.

Claire Burman, Year 11

TAS Public Speakers

Pictured above are Trinity Anglican School's entrants in various Public Speaking competitions. They are from left: Kate Davis, Catherine Bleakley, Claire Burman, Elyse Milgate, Bimini Wright, Scott Cook, Stephanie Iovanella, Rachel Tonkin and Alexandra Herbert. Absent: Kurtis Lowden.

Big Buddies Program

In Term 2 of Year 12, our CRAVE class took part in the "Big Buddies" program.

This involved us taking part in various activities with Junior School students in Year 2.

We helped our buddies paint characters from books on huge pieces of cardboard to decorate their already colourful classroom, listened to them read and assisted them in making unique storybooks.

The experience was rewarding, as their faces lit up every time we came into their classroom. Their teacher informed us that they were restless on Thursday mornings until they got to spend time with us.

On behalf of our little "buddies" I would like to thank Truda Rex (our teacher - who has now moved on), Suzanne Gibbs (Yr 4G class teacher) and Mr Carl Sloan (Buddies Program Co-ordinator).

Nathalie Taylor, Year 12

WRS Music

Swimming Carnival

Activities 2004

This year has been a feast of sporting events entertaining us from one month to the next. The highlight was of course the Olympic Games which was a mesmerising display of courage and commitment. Our own Suncorp Games enabled many of our students to experience an intense weekend of sport. Some students raced from one venue to another as they represented Cairns in several disciplines. The weekend created the opportunity for them to make new friends whilst having fun at the same time.

Training time for students is often intense and we can easily forget the enormous pressures our athletes are under. I applaud all those who put in the extra hours out of school and still manage to have school work completed on time.

Not all students thrive on competition so the Interhouse carnivals are organised to cater for both those who wish to move on to Interschool sport and those who simply support their House and enjoy recreational sport.

Participation is an essential ingredient for a successful carnival and it is wonderful to watch students taking part with pride for their House.

SWIMMING

The year always begins with a big splash as **Swimming** is the first event on our Interhouse sporting calendar. The setting is serene and Houses begin to develop their creativity and try to outdo each other in costume design and vocal decibels. The carnival becomes a riot of colour and the increased participation by the students indicates that the competitive nature is alive and well!

From this competition the Interschool Swimming team was selected. The students competed against 14 schools from the region. Our highly tuned team finished the competition in 3rd place, a brilliant result. Well done to all competitors! The visiting schools are always impressed by the superb organisation done by the TAS Aquatic staff and the parents and volunteers who help time and record. A great team effort all round.

We have a number of students this year who have qualified for the State Championships to be held in Brisbane in January, 2005. Well done to **Pieta Spencer, Lorenzo Pacis, Daniel Chapelle and Jack Punshon.**

PUBLIC SPEAKING

The **Public Speaking** competition at the close of Term 1 had the Juniors discussing "Are we there yet?" and the Seniors "Is it OK to say you're sorry?" Some very interesting speeches resulted as the Heads of House supported and encouraged their competitors. The speakers managed to deal with the impromptu topics of 'Rubbish' and 'Panic' without too much problem resulting in a great deal of humour. A fine effort from all participants.

CROSS-COUNTRY

Having sliced through the pool water First Term the second major carnival demands a gritting of teeth, as distance and streams have to be forged. Having the WRS **Cross-Country** run within the schools' immediate vicinity has given those who consider themselves less athletic the opportunity to be within reach of completing a course that is not too strenuous. Meanwhile, the more athletic can stretch out and try to complete the course in record time.

Again, a strong contingent ploughed on through to the Interschool Competition which resulted in TAS finishing in an outstanding 2nd place. The course they run is far more severe, not so much in distance but the fact that the terrain is steep and the competition fierce.

Congratulations to **Cassie Olholm** who went on to be selected in the Peninsula side with **Chris May, Kristen Fixter, Alex Bishop and Fiona West** selected as shadows. A huge effort and very well done.

TRIATHLON

Second Term concluded with the mighty **Triathlon** at Kewarra Beach with so many individual entries this year that transporting bikes became a problem! This event is the most gruelling on the sporting calendar but to see the huge increase in Individual entries is very rewarding. The Beach Flags Competition was also fiercely

contested and the Sandcastle Competition saw teams displaying their artistic flair and wit. The weather was superb and the students should be immensely proud of their efforts.

Congratulations to the Individual Age winners:

Open Girls **Rebecca Lyons**

Open Boys **Ciaran Sculley-Clausen**

16 Girls **Olandah Chanelle**

16 Boys **Scott Fixter**

15 Girls **Louarde Thomas**

15 Boys **Joshua Kirkpatrick**

14 Girls **Davina Pantacchini**

14 Boys **Hayden Rogers**

13 Girls **Tasciana Gordon**

13 Boys **Kurtis Lowden**

A big thank you to all the sponsors, parents and friends who gave a helping hand to make the day run smoothly and to the students for getting involved and promoting superb House Spirit.

ATHLETICS

The Interhouse **Athletics Carnival** is held each year at the top quality venue of Barlow Park. The weather was perfect with a light cloud cover. This was a welcome bonus for some of our athletes who competed in over 5 events.

New records were set this year by:

Alex Walker 13 Girls Discus (20m.32)

Selina Goodman 14 Girls 100m (13.65) and the 200m (28.42)

Cassie Olholm 14 Girls 400m (1.06.97) 800m (2.36.24)

Kim Greaves 16 Girls Javelin (28.66) Long Jump (4.63)

Many of our students then went on to Interschool competition and the TAS students

that were selected for Peninsula were **Kim Greaves, Selina Goodman, Cassie Olholm, Dan McKenzie and Liam Birchley**. Liam set a new Javelin record at the Interschool competition with a throw of 55m 21cm.

Cassie, Kim and Selina then travelled to Brisbane to compete at the State Competition. A huge achievement and great effort.

DEBATING

The Interhouse Debating Competition took place at the end of Term 3. The students spend a great deal of time preparing for this competition and the resulting speeches are very entertaining. The topics hotly debated were:

Year 8 "That school homework is a necessary evil."

Years 9 & 10 "That the Olympics have become a soap opera."

Year 11 & 12 "That terrorism achieves its goals"

As always a lot is at stake for each of the Houses but the students certainly rise to the occasion showing that the word is mightier than the sword!

Activities 2004

SPORTING TEAMS

There are of course many students who are part of the TAS teams of Cricket, Netball, Hockey, Rugby Union, Rowing, Soccer, Softball and Basketball.

The TAS Div 4 Hockey won their Grand Final as did the TAS 1 Netball team and it is heartening to see the TAS teams going from strength to strength.

One aspect of TAS sport that is encouraging is the number of our students who are taking up coaching and refereeing and putting so much back into the sport voluntarily. It does not go unnoticed and we as a school are very grateful for your time that you sacrifice and energy you donate.

SPORTS AWARDS

The Sporting year concluded with the Sports Awards where students from all three campuses come together. Some are recognised for their outstanding natural ability, some for their spirit and enthusiasm, some for their team work and others for the 110% effort they always apply to achieve their personal goals.

Congratulations to the following 2004 Sportspersons of the Year:

MCC **Thomas Beverley** and **Jessie Clements-Markham**
WRJ **Martin Scott** and **Mali Forbes**
WRS **Chris May** and **Grace Harris**

On behalf of TAS I would like to thank everyone who has willingly involved themselves in the TAS sporting program this year. Your efforts and hard work are very much appreciated. Coaches, managers, P & F, sponsors and students are to be commended on helping build a strong sporting foundation at TAS.

Students, keep aspiring to be the best you can, set a good example within the field of play and most importantly enjoy what you are doing!

Ms Imelda Spence, Director of Activities

CRICKET

The regional State Cup Championship held this year was set up to be a promising tournament for the TAS team following our emphatic journey to become runners up in the previous year. Though that was not the case, it still provided many positives for the TAS XI cricket team.

It was a different scenario this time around, last year we were certainly the underdogs and given no hope by critics. This year we were definitely favourites to go far in the competition. As our previous Year 12 stars departed there was a huge gap to fill. This gave way to some prominent young talent. Just like the previous season, our first hurdle was to overcome a powerful Trinity Bay side. Sadly the result did not favour us. Despite an excellent bowling performance from our new skipper **Sam Hutchinson** and co., our batsmen did not perform up to the task. Nonetheless we went into the next game with everything to play for against St Augustine's.

With our senior players occupied by exams, some of our youngsters got to make their debut. **Pavneet "Harbhajan" Singh** ripped through the St Augustine line-up, taking 5 wickets for 28 runs in just 10 overs. St Augustine's were all out for just over 100 runs. It seemed like a difficult task to catch their score as wickets fell one after the other. A special innings from **Michael "Sachin" Singh** saw the TAS side sneak home. TAS was handed the next game, when Bentley Park College forfeited, but unfortunately it still wasn't enough for TAS to make the semi-finals.

A huge thank you must go to **Mr Mike Park** (coach) whose passion for the game has really formed the strength of TAS Cricket. Thanks also to **Mr Hutchinson** (assistant coach) and **Mr Carl Sloan** (manager) for their contributions throughout the season.

Liam Birchley, Sam Hutchinson, Dean Auger and **Scott Cook** along with other departing seniors will be sorely missed next year. Thanks goes to these boys too, for their commitment and leadership in the team.

We look forward to building a new young side for 2005.

Science

*"It is not the strongest Species that survive,
Nor the most intelligent,
But the ones most responsive to change."*

Charles Darwin

Advances in science and technology are changing the nature of society, our lives and the future of our children. The strength and vitality of the Science education available to our students at TAS is paving the way to enthuse our students and meet the challenge to provide the next generation of scientists, innovators and science educators.

Mrs Jillian McPherson
Head of Science Faculty

SCIENCE WEEK - Year 2 Science Experience

Seniors reached out to bring the excitement and wonder of science to Year 2 students from both campuses during Science Week. Year 2 students attended the expo, which was assisted by volunteer science students from years 9 and 11. A total of 94 young students and 26 senior assistants took part.

A group of bubbling, excited year 2 students got to taste the fruits that science has to offer them in the future. Different experiments were conducted in all areas of science. The young scientists watched with starry eyes, as boiled eggs elongated to enter long neck bottles, as static electricity made their hair fly out and five cent coins became coated in copper. Also there were a number of creatures in jars for the children to identify.

After each experiment, many questions were asked, and the seniors took on the role of educators, communicating with enthusiasm and conveying their own avid interest in the world of science.

In order to foster an interest in science that will extend throughout one's life, it is advisable to expose students at an early age to the science around them in their everyday lives.

Thank you to all senior students and staff, for without your help events such as these could not be held.

PHYSICS - Junior Olympiad 2004

This provides an opportunity for Year 10 students who are particularly interested and gifted in the area of Physics to attend an enrichment program at the University of Queensland. The week's program is devised to inspire students to further their studies in Physics by challenging them with the latest ideas, research and experiments in a university context. Hulton King and Andrew Kang of Year 10 and Felicia Gordon of Year 9 are congratulated on their selection to attend the Olympiad this year. Lachlan Gordon's (Yr 11) outstanding contribution led UQ to invite him to participate in the Olympiad in the capacity of tutor.

BIOLOGY - Outdoors

Year 11 students undertook field studies on Normanby Island which offers students a unique opportunity to study organisms in a pristine environment. Students in Year 12 studied the Mangroves adjacent to the Cairns Airport as a means of applying ecological sampling techniques and to assess the diversity of the mangroves.

PHYSICS - Research Projects

The Physics students produced some outstanding projects this year under the expert guidance of Dr Howard and Mr Springell. Students all received a Silver Crest Award for their brilliant research efforts. George Gummow of Year 12 designed and engineered a water wheel to generate electrical power, and determined the optimal blade size for this purpose. Many students incorporated technology into their projects with the use of datalogging probeware. motor which was recognised as an outstanding achievement by the Australian Society of Engineers.

BIOLOGY - Research Projects

The area adjacent to the Biology laboratory was a hive of activity as students tended their projects for up to 10 weeks. Of particular interest were the projects of Sarah Quinn & Lindsay Hardwick who based their investigation on the effectiveness of the mulch produced by the Cairns Waste Treatment Plant. Several students benefited from their interaction with mentors, in particular Jay Ovens-Henig and Shara Davie who were assisted by Gayle Semmens of the QDPI. This year, 4 Silver and 15 Bronze CSCIRO CREST Awards were gained by the students in recognition as an outstanding achievement by the Australian Society of Engineers.

Dalrymple '04

DALRYMPLE HOUSE DAY

With school beginning once again, House Day was a brilliant way to meet new friends, catch up with old friends, and get into the Dalrymple Spirit. This year Dalrymple spent House Day with the Kennedy Crocs at Sugarworld. We practiced our cheers and joined activities competing against tutor groups, as well as just meeting new students and introducing them into the best house there is. With a whole day devoted to bonding as a house, every Dalrymple student ended that day making a new friend and being proud to be a Dalrymple Dolphin.

-By Sarena Ehrlich

COMMUNITY SERVICE

Dalrymple's main charity for 2004 was the Cairns Base Hospital's children's ward visit. We took an active role in providing activity booklets and games for critically ill children. The annual Dalrymple charity event 'The Gong Show' was also a huge success, raising hundreds of dollars and being won by an act performed by Dalrymple students Ryan Tenni, Peter Bullis and friends. Many Dalrymple students also took part in this year's 40-hour Famine which was largely organized by our very own Belinda Ashton.

-By Kate Davis

SWIMMING CARNIVAL

The TAS Aquatic Centre on Friday the 27th February 2004 was filled with the numerous cheers from the members of opposition. The Mullets, Crocs, and Lions were soon put back in their place as the Mighty Dalrymple Dolphins marched their way into the stands, for a day of serious competition and lots of House Spirit.

The Dolphins (being the water creatures that we are) dived in and swam our way to 2nd place in both cheering and the points tally. Although we didn't win, we had the most age champions and we were the only House to fill all the swimming events at the carnival proving we weren't the House to mess with in 2004.

DALRYMPLE DEBATE

On the last day of Third Term the annual Interhouse Debating was held, and sadly the mighty Dalrymple Dolphins were defeated, with the senior topic being, "Does terrorism achieve its goals," the Year 9s and 10s having the topic, "Has the Olympics turned into a soap opera" and the Year 8s with the topic 'Boys have it easier than girls.'

Our three dedicated senior teams consisted of Belinda Ashton, Nathan Ashton, Alice Gynther, Kate Davis, Alex Bishop, Mitchell Rose, Javed de Costa, Sarena Ehrlich, and Catherine Bleakley. Although only one Dalrymple team won this competition, all speakers were dedicated and enthusiastic and put their complete effort in. Even those who weren't speaking cheered our teams on, and that's what makes our Dalrymple Dolphins so dynamite.

-By Sarena Ehrlich

TRIATHLON

Kewarra Beach hosted a fun and victorious day for the Dalrymple Dolphins at the Interhouse Triathlon. With an incredible participation effort by all it was an easy victory for the Dynamic Blue House, as everybody was willing to do the individual leg ensuring the overall trophy was ours. Not only did the Blues win the overall trophy, but we scooped up both the junior and senior trophies as well, making it another fanTASTic triathlon win, for the third year running.

-By Lauren McPhee

ATHLETICS DAY

Dalrymple continued their victorious ways with the Interhouse Athletics Carnival at Barlow Park. The overall success was due to the tremendous efforts of Age Champion placings; Elizabeth Brown, Jack Bakker, Louarde Thomas, Leon Hughes, Laura Perry, Kate Davis, Alex Bishop, and Annette Brown; and the overall participation and performance from the whole Dalrymple House. The Dolphins once again proved to their rivals that they are a house of fun, participation and PRIDE.

-By Lauren McPhee

TRINITY DAY

Trinity Anglican School's 22nd Birthday Bash kicked off with the traditional Trinity Day service. This service of Holy Communion involved students from the upper sections of the junior schools, and the entire senior school cohort. A highlight of the service was when one of our own Dalrymple students, Catherine Bleakley, was honoured with the school's most prestigious award, The Spirit of TAS. Catherine's special achievement ensured the rest of Trinity Day celebrations would be joyous for the Dalrymple House.

The Interhouse Dash & Tug of War competitions were hotly contested. With the sprinting efforts of Alex Bishop, Kirk Brown, Edwina Forbes and Douglas Paterson in the dash, we were able to snatch 2nd overall. While the strength and determination of numerous of Dolphin members allowed us to take runner-up against old rivals Kennedy.

-By Lauren McPhee

Leichhardt

Leichhardt News

The 2004 year proved no less busy a year for the spirited Leichhardt Lions, and I would like to thank all students and their families who continually contribute to the House. I think Leichhardt House is best summed up with the words of our current Year 8s, who came into the House at the start of the year with the below thoughts:

The Leichhardt House Day at Paradise Palms was a great opportunity for students to get to know each other and to tap in on the Leichhardt spirit. The 2004 Leichhardt seniors, led by House Captains Dean Auger and Lauren Hall, proved that they are keen to carry on the proud Leichhardt tradition of enthusiasm, determination, and success. The House Captains were proudly assisted by House Vice Captains, Kylie McKenzie and Ryan Dolan.

Notable Lion-like actions at the 2004 Swimming Carnival include:

- The U13 boys relay- Connor, Aaron, Dane & Kyrill- smashing the opposition by 19 seconds. The U13 boys gave their all, all day and were the only Leichhardt age division to have a competitor in every event. Well done!
- Lisa Goodman competing in the 200m medley shortly after incurring an injury in an earlier event. Dan McKenzie also competing in events after feeling unwell at the start of the carnival.
- Jack Punshon diving into the last leg of the U15 boys relay in last place, only to bring the boys in at second place. Congratulations to Jack for winning the U15 boys age division.
- "It was all tigger"- Scott Cook's explanation of the stunning effort put in by the "17 & over" boys relay who were up against a Dalrymple squad full of state-quality swimmers. Our boys lost out to the Dalrymple boys by one second.
- The Hall girls- Lauren and Sally- for being enthusiastic in both the swimming, and their costumes. Congratulations to both girls for placing in their respective age divisions.

There were so many people who put in a tremendous effort at the Swimming Carnival - many students swam in more events than they had nominated for, and should be applauded for this. A big thank you also to those students who contributed to the tribal theme of the day and helped us look, and sound great. It's a shame we missed out on the cheer trophy. As a result of our spirited efforts, Leichhardt was awarded the "DRAGONHEART TROPHY" for 2004.

All students participated in the Cross-Country Competition held at the school in Term Two. Many students braved the muddy conditions just to support Leichhardt House (and receive their free can of softdrink) - and a big thank you goes out to those students. Congratulations to Chris May who was chosen in the Peninsula Cross Country team as a shadow member.

With Amy Smith, Dane Douglas, Claire Burman and Robert Gibson, Leichhardt had a strong team of competitors in the

Public Speaking competition. With all four members putting in a huge effort in both the prepared and impromptu areas, they helped to secure Leichhardt's overall 2nd place. It is probably one of the more difficult events for those who take part, and we thank these four for having the courage to speak in front of the school.

As one of the year's most gruelling events, the Triathlon was a great way to end Term Two. We placed 3rd, with everyone enjoying themselves immensely. The number of students who abandoned their team members to compete as an individual competitor on the day was wonderful. As Head of House I was very proud of the excellent role models the Year 12 students were, with all boys competing as individuals. And of course, one must applaud the courageous Lauren Hall who exemplified the Leichhardt spirit by competing as an individual despite being unconfident on the bike leg. A fantastic display of leadership.

A big thank you to all Leichhardt competitors at the Athletics Carnival. The day was a great success and the true spirit of Leichhardt was exemplified by the many students who contributed to the day. It was great to see some races that had only Leichhardt competitors. Congratulations to Daniel McKenzie, Liam Birchley and Selina Goodman who went on to represent Peninsula region.

Congratulations to the combined forces of Secondary and Junior school students who sold and bought flowers, teddies, pens and badges for Daffodil Day. Thank you to the Senior Leichhardt students for promoting and organising the sales and deliveries. In combining the Daffodil Day sales with the offertory from the Leichhardt chapel services this year, there has been over \$1200 raised for the Queensland Cancer Fund. The final event of the year was the debating, and we found ourselves competing with Kennedy for top spot yet again. And in similar fashion to the public speaking competition, we came away with the Senior trophy, and placed 2nd overall, winning 5 of our 9 debates. The supreme team of Scott Cook, Elyse Milgate, and Kylie McKenzie won their senior debate and are now able to lay claim to having debated for all five years of their senior schooling without ever being beaten. A fabulous effort by all accounts.

Thank you so much to those students who participated in the Leichhardt Family Chapel Services for 2004. Chapel Services are a wonderful opportunity for all of us to give thanks for the beauty and diversity that surrounds us. I am both mindful and appreciative of the time that students and their families gave up in preparation and attendance to this time of worship, and look forward to seeing you all in attendance in 2005.

The Leichhardt House Captains, Lauren Hall and Dean Auger have worked tirelessly this year to motivate, enthuse, and support all Leichhardt students. Their approachability and warmth has seen them gain the respect of all students in the House. They are dedicated participants in all facets of Leichhardt House, from organised carnivals, to the daily tutor group. Lauren and Dean are proud Leichhardtians and their spirit is evident when they commit to a task. Kylie and Ryan have also worked very hard in supporting their captains and Leichhardt House throughout the year, and have done themselves proud when they've had tasks to perform for the House. I would like to thank Lauren and Dean, and Kylie and Ryan, for their dignity, involvement, and positive approach to leadership.

Not Featured: Front Row:

In recognising the support network within the House, I cannot go any further than the Leichhardt tutors. The tutors are a wonderful resource of warmth, care, creativeness, competitiveness, organisation, and loyalty. Thank you very much to the efforts of the wonderful Mrs. Falk, Mr. Sloan, Mr. Turner, Mrs. Chant, Mr. Bulegei, and Mrs. Webb. And we also remember Ms. Bagnall, Mr. Stein, and Mrs. Walters-Hill who have also been part of the Leichhardt family this year.

In a final word for this year, something must be said for the Leichhardt students' graduating class of 2004. From the retreat at the start of the year, it was obvious that these were a group of students who proudly give their time and support to Leichhardt House. I wish all students the best for their future endeavours, and hope they remember their time with Leichhardt House fondly. After all,

*we're like one big happy family
beautiful reliable*

Goodbye to Candice, Cynthia, Dean, Elizabeth, Elyse, Jacob, Jeremy, Keigo, Kylie, Lauren, Liam, Ryan, Samuel, Scott, Sho, and Tina.

*Emilia Sinton
Head of Leichhardt House*

Report from the Captains

What a fantastic year! As the Leichhardt House Captains for 2004, we would like to thank each and every Lion and Lioness for making this year as exciting as possible. You have made us proud to be your leaders. Thankyou for the memorable times we have shared together as a House, the laughs, the excitement and the victories. The enthusiasm and contribution that all of you have shown towards House activities, House events and Interhouse Competitions has been outstanding and every one of you should be happy with the efforts you have made, big or small. As we leave our great House and hand over our role to your future House Captains we hope that you continue to stick together as a House. Continue to support each other, to keep the House Spirit alive, and try your absolute best, even if you're not the most skilled person for a particular activity or event. The points add up in the end.

To our wonderful tutors who have supported us throughout the year, we thank you. We will miss the security you give us, the tutor rivalry during House Meetings and Mr Sloan shouting out "I demand a re-count!" after each House activity. To Miss Sinton, thank you for being such an awesome and easy going Head of House to work with, we hope that you enjoy many more years of being in charge of such a great House.

Farewell to all, take care of yourselves and make sure that the Lion continues to roar.

*Lauren Hall and Dean Auger
Leichhardt House Captains*

Kennedy Capers

It began with a distant noise; a sound that pricked the senses; a sound that caused the skin to horripilate uncontrollably. As the noise intensified, a vision of one clan united, colours bloodied by battle, emerged. For you see the clan had returned to their homeland, after a quest, which took them in search of the elusive Holy Grail. You could see in their eyes that the journey had taken them to their limits, had tested their resolve and had enabled them to bond as one. The eyes are the windows to the soul and these eyes told a story of great sacrifice and beauty. Young **Nathalie Taylor**, an inspirational senior, had searched for the Holy Grail for years, and to finally savour its beauty brought her to tears. As a collective float the clan did roar and their mantra was sung in the cane fields of White Rock. Those that heard the resonance knelt down in awe because they were humbled by the greatness that was before them.

Back at their homeland, the float did reminisce of the conquests that did occur and as they talked, two figures stepped forward and the float fell silent. Strong at heart and fierce of mind were these two. Their names, **Shaun O'Halloran** and **Zoe Richardson**. They were the chosen, the ones who had led the first charge into the waters of White Rock, then in the haloed sanctuary of the Bishop Centre, through the dengue infested swamps and taipan cane fields of the cross-country, the blood stained asphalt and sands of Kewarra Beach in the triathlon, the blessing of the rope on Trinity Day, the synthetic surface of Barrow Park and the labyrinth of rooms that made up the Great Debate. They were the leaders, the motivators of the masses, and the reason as to why the cup had runneth over with success.

As they addressed the masses they asked the clan to come forward and speak of their trials. A red haired lad stepped forward, for he was once a new boy who was at first nervous as to his status within the clan, but as he soon found out a family environment breeds deep within the core of the Croc and with the help of **Zoe Richardson** learnt first hand what it meant to be a true Croc. From that point on the lad, **Tim Candler**, was first to arise to the challenge and step forward, so it was no surprise when he gave thanks to the assembled masses and spoke of the clan's pursuits in the waters of White Rock way back at the start of the quest. Standing erect so that the attended masses could see, he began with the creed of the Croc: 'As a fellow Croc, I am obligated to feast upon the humiliated remains of those who have hopelessly attempted to rise up against the forces of the almighty and everlasting Croc.' And my how the Croc did roar.

They heard how in the waters of the TAS Aquatic Centre the water became awash with green as Croc member after Croc member issued a death roll on the hapless Lion, Dolphin and Mullet. There was not one age division where the Croc did not have a champion. And the names of the immortals were repeated in awe: **Lucy Adams**, **Tasciana Gordon**, **James Freeman**, **Daniel Martin**, **Kaz Brown**, **Felicia Gordon**, **Kate Christensen**, **Rachel Quinn**, **Jamie Candler**, **Lachlan Gordon**, **David Goosem**, **Kate Bishop**, **Olandah Channelle** and **Tim Candler**. The red haired one continued and mentioned the great courage of those who swam outside their comfort zone and gave a special mention to **Christine Goosem** and **Lindsay Hardwick** for their efforts on the battlefield. From his bloodstained house shirt he produced a worn parchment and read of those of the Croc Clan who had been honoured with House Colours/Awards for bravery, skill, determination and awesome power. Those honoured were **BJ Orwin**, **Ashleigh Roberts**, **Olandah Channelle**, **Zoë Richardson**, **Kurtis Lowden**, **Jamie Candler**, **Grant Newman**, **Calan Ewen-Smith**, **Lachlan Greene** and **Alen Van Rooyen**, **Levi Blackwell**, **Trevor Newman**, **Thomas Manoy**, **Jay Sumner**, **Nathan Shute**, **Nicky Van Der Heijden**, **Hayden Rogers**, **Richard Halabi**, **Liam Waterfield**, **Elijah Wilson-Bunch**, **Monica McGhie**, **Nathalie Taylor**, **Laura Graham**, **Kim Greaves**, **Kumi Takami**, **Jacqueline Smith**, **Rachel Laws**, **Hannah Wakefield**, **Lori-Anne Orwin**, **Zipporah Warneke**,

Jacob Gallo, **Ben Eales**, **Elly Greene**, **Alicia Blain**, **Krystal Wilson**, **Robert Wilson**, and **Shaun O'Halloran**. The Croc crew did roar as one and the red haired one sat down.

Next a battle weary clan member stepped forward. Of all the clan present she had witnessed first hand the trials and tribulations of the quest. She wore the scars of her battles as medals of honour and the clan knew her as **Laura Graham**. Her House shirt, like the red haired one, was stained with all things imaginable; the offal of Mullet, Lion and Dolphin, in fact it looked as if she had regurgitated upon it herself. She was the driving force of the House, so much so that it was rumoured that advanced driving strategies were implemented by Laura, who like the elder stateswoman she was, ensured that all members of her clan were able to safely negotiate all obstacles on the quest.

She nodded to the gathered float and sought permission to talk about the quest known only as 'The Power of Words.' In a voice hardened by war cries she began. The Croc warriors of **Kurtis Lowden**, **Bojana Kos**, **Bimini Wright** and **Peter Nieves** used words to entrap their victims. For you see their words work magic and those who were present in the Bishop Centre during the Public Speaking quest were caught in the splendour of the bards words. So dominant, was their performance, the Lion, Dolphin and Mullet took on the appearance of the Croc colour, a green hue. The magnetism of the Croc wordsmiths had snared and captured the minds and hearts of the audience. And how the Croc crew did roar when victory was announced and that OOHOO AHOO factor was pungent in the air. And so ends the tail of the quest known as 'The Power of Words'.

Next a warrior who recently had been wounded in battle took centre stage. The gathered float could tell by the fancy footwork and the battle scarred nose they were in the presence of the gifted one, **Jo Whately**. She began by singing the mantra of the Croc and in one voice the clan did sing 'Sing Oobh Aahh Kennedy House, Sing Oobh Aahh Kennedy House, How did we win, Easy.' After the noise had died down she proclaimed to the float her visions of the quest amongst the swamps and sugar cane during the cross-country. As we know the Croc has never been known for its endurance, as it is more at home in the water. It is a predator and works via stealth and ambush. Of all the quests it was the cross-country that tested the resolve of the clan the most. Many of the warriors stumbled but few were able to navigate the elements and like those warriors before were honoured by their names being included on the honour roll of greatness. And so the gifted one called out with great passion the names of those honoured and their deeds. **Jenna Brosseuk**, **Elijah Bunch Wilson**, **Lori-Anne Orwin**, **Tasciana Gordon**, **Caitlin Palmer**, **Richard Halabi**, **Liam Waterfield**, **Cameron Kennedy**, **Daniel Martin**, **John-Michael Grabau**, **Justin Moritz**, **Nathan Shute**, **BJ Orwin**, **Kate Christensen**, **Cameron Moule**, **David Goosem**, **Kim Greaves**, **Krystal Ann Wilson**, **Tim Candler**, **Nathalie Taylor** and **Zoe Richardson**.

Next a powerfully built man walked forward and the assembly fell silent with respect. He was known amongst the senior clan as the anchor, to others, he was known as **Robert Wilson**. For it was with his determination and fixation to rope burns that the quest for the dash and tug were won. With much respect he began. The Feast of Title showed the brute power of the float, the tugging might and dashing ability of the Croc clan. And like those before him the anchor read from the honour list of those who tugged so beautifully on the day and who dashed with grace. **Kim Greaves**, **Jenna Brosseuk**, **Cameron Kennedy** and **Trevor Newman** dominated the dash and with the tugging might of **James Freeman**, **Chantelle Kenyon**, **Zipporah Warneke**, **Estelle Leray**, **Nicky Van Der Heijden**, **Nathan Shute**, **Jessica Ahlers**, **Sian Atkinson**, **Trevor Newman**, **Tom Manoy**, **Sarah Quinn**, **Lindsay Hardwick**, **Ashleigh Roberts**, **Jingjing Geng**, **Robert Wilson** and **Shaun O'Halloran**.

Kennedy Capers

A young wisp of a girl with a mysterious glint in her eyes took to the stage. She was known for her high pain threshold and had once taken a piece of shrapnel that entered near her abdomen and exited close to her spine and if it wasn't for the quick hands of **Zoe Richardson**, metal poisoning could have occurred. With her high pain threshold she was well qualified to talk about the most gruelling of quests. The quest known as the "Blood, sand and asphalt" of the triathlon was read by **Nathalie Taylor**. Real blood splattered across the asphalt, sand and water of Kewerra Beach. Those who witnessed the effort walked away dumbfounded at the sheer determination of the clan as they pushed their bodies beyond the normal realms of human endurance. An honour list was presented to the float and the painless one read the names with glee. The names of **Tasciana, Felicia and Lachlan Gordon, Lucy Adams, Jenna Brosseuk, Chantelle Kenyon, Zipporah Warneke, Kurtis Lowden, Richard Halabi, Estelle Leray, Hayden Rogers, Daniel Moule, Daniel Martin, Kaz Brown, Cameron Kennedy, Charles Cawte, Kate Christiansen, Calan Ewen-Smith, David Goosem, Andrew Quinn, Jay Sumner, Olandah Channelle, Ashley Roberts, Kim Greaves, Kumi Takami, Krystal-Ann Wilson, Monica McGhie, Nathalie Taylor, Zoe Richardson, Alen Van Rooyen, Shaun O'Halloran, and Robert Wilson** became immortalised in the Croc psyche.

A maiden who had tasted the blood of the Canadian stepped forward and pronounced to the gathered clan that she would speak of the quest at Barlow Park, her name was **Heather Clarke**. Like all before her she gave thanks to the masses and looked deep in to the cup and began her story. The Croc is a multi dimensional creature, a strategic genius some may even say; a creature able to adapt to all environments. This was clearly evident at 'The Park' where the Croc en masse, flew with the gods and propelled their bodies forward and upward towards the heavens. And like all before her Heather read from the honour role. **Jenna Brosseuk, Chantelle Kenyon, Lori-Anne Orwin, Christine Goosem, Nick Brzozowski, Kim Greaves, Jamie Candler, Calan Ewen-Smith, Cameron Kennedy, Elijah Wilson-Bunch, Richard Halabi, Estelle Leray, BJ Orwin, Justin Moritz, Grant Newman, Krystal Ann Wilson, Ashleigh Roberts, Cameron Moule, Lindsay Hardwick, Sarah Quinn, Trevor Newman and Nathan Schubert**. Then the one known for his motivational words stepped forward. A man who spoke little but when he did he drove women to tears and men to conquer worlds. The Wordsmith, **Aaron Richardson** presented the tale of the quest of the mass debate. The Croc did beckon and the wind did sing to those of the Yellow, Red and Blue. A song of humility but yet, power. A song once heard, nothing else really matters. The palpitations were audible and the smell of fear was palatable and once again those of the Yellow, Red and Blue came to the realisation that they had been weighed, measured and found wanting and as one the float of Croc did rise and bellow their war cry as victory and the Holy Grail became theirs. And again the parchment held the names of the heroes. **Elly Greene, Kurtis Lowden, Christine Goosem, Caitlin**

Palmer, Elle Moule, Melanie Froude, Charles Cawte, Richard Halabi, Nicky Van der Heijden, Christopher Palmer, Rachel Quinn, Philip Pearson, Monica Adams, Lauren Fryer, Sian Atkinson, Bojana Kos, Caitlin Williams, Monica McGhie, Bimini Wright, Alicia Blain, Peter Nieves, Lindsay Hardwick, Sarah Quinn, Andrew Quinn, Sawati Seth and Nathan Schubert.

With expectation the clan awaited their two leaders to address them. The quest had been daunting but by some quirk of fate the crew had overcome all obstacles and even had time to sojourn into new and exciting areas. **Zoe and Shaun** thanked those seniors who had come forward to tell the tale of the quest. They also gave thanks to the other seniors of 2004 **Zhu Jing, Jingjing Geng, Hisako Katsamatsu and Alen Van Rooyen** for their efforts. **Zoe and Shaun** then proclaimed to the float the wonders of the crew and read from their parchment the honoured ones who had sojourned into exciting personal quests: **Jamie Candler** for NQ State Life Saving age champion and Cairns U16 AFL representative, **Olandah Channelle** for NQ State Life Saving age champion, **Elle Moule** for Dance excellence at the National titles, **Becky Whitehouse**, for representative netball along with **Zipporah Warneke** and **Melanie Froude** nominated for the Vicky Wilson cup, **Sarah Quinn** for the arts in the area of piano Grade 7-Honours and A grade netball champions, **Tasciana, Felicia and Lachlan Gordon** for Suncorp Games swimming, **Jessica and Ashleigh Ahlers** for horse sports, **Richard Halabi** for Peninsula tennis and representing Australia in rock 'n' roll dancing. **Jenna Brosseuk** (hockey player of the year) and **Chantelle Kenyon** U13 hockey brothers Division 4 champions as well as being a member of the production for **Annie, Lachlan Greene** for Cairns U16 AFL, **Peter Nieves** and **David Goosem** for soccer U17 youth finals, **Justin Moritz** for U15 Peninsula AFL, **Nick Brzozowski** for FNQ and Peninsula cricket, **Elijah Wilson-Bunch** for FNQ and Cairns representative soccer, **Kim Greaves** for State athletics, **Ashley Roberts** for State U18 and U21 hockey, **Kumi and Tomoko Takami** National titles in karate and **Kurtis Lowden** for Peninsula rugby and speech and drama.

Finally a crusty man walked forward. The sparkle in his eyes hid the true age of the man. He was young at heart and as proud as punch of the crew. He was known as the Head Croc, the keeper of dreams. He knew that the quest would be difficult but deep down he had a belief that the crew could pull it off. But the Head Croc is not a vain man and he understood that his role and his dream could not have been fulfilled without the passion and dedication of his tutors. They are much respected and without the likes of **Mrs Robyn Quick, Mrs Jill McPherson, Mrs Tracey Evans, Ms Tracey Oades, Mr Brian Springle, Mr Jim Rea** and the mother of the float, **Mrs Kirsten Edwards** the house known as Kennedy would be a very shallow dwelling. So ends the telling of the quest for the Holy Grail in 2004.

Head Croc
Brad Greene

Mulligan

Mulligan Leaders, Tamsin Hyde, Melinda Schussler and Sam Hutchison.

From the Mulligan Head of House

Overall it has been a very interesting year for Mulligan! It is rewarding to contribute to and observe students go through stages of development and mature in many ways as they enjoy great times at TAS. Whether it is from participating in a debating team and realising they have potential, taking on leadership tasks and finding out they can be organised and work well in a team, or just doing whatever they can to support Mulligan: running, jumping, swimming, organising, cheering...with a feeling of success whatever the outcome. Several Mulletts have written editorials to reflect some of these great times on adjoining pages.

Our captains, Tamsin Hyde and Sam Hutchison, made a great combination with a variety of talents to offer, including excellence in the pool, on the track, cross country running and organising others...whilst having as much fun as possible.

Joanne Smith filled the role of Vice Captain with a calm, motivated style whilst Kieran Wilson contributed with

Every year we have the pleasure of enjoying all the interhouse carnivals - the swimming carnival, triathlon, athletics carnival, cross-country and the debating competition.

This is a time for each House to bring on the colours, cheers, spirit, costumes and of course the great competition between each other.

The Mulligan Mulletts have everything, they may not come out tops every time but that's not the point. The House Spirit and participation is tremendous and to us that's better than coming first.

By Rosie Harris, Year 10

Last minute advice was given and tongues stretched as the mighty Mulletts prepared for verbal battle at the 2004 Interhouse Debating Competition. We went out hard and strong, dancing eloquently around the most noted philosophical conundrums, but alas, the

organisation during the year also. Michael Cadell, our photographer, provided many pictures as you can see on these House pages.

The work of a tutor is not always seen. Tutors are the backbone of the House and working with them this year has been a pleasure. I hope all Mulletts take the time to thank them for their care, concern and support during the year. In addition it is so great to have experienced, positive staff to work

with when you are in a team. These super tutors are Malcolm Bailey, Doug Telford, Miriam Torzillo, Julianne McCarthy, Miriam Torzillo, Katsumi Yamada and Truda Rex.

Julianne McCarthy was a commendable Head of Mulligan for many years; I thank her and all of the tutors for sharing their expertise and being very helpful during the year as I learnt the ropes.

Personally I have had a very interesting and rewarding year as Head of House and am only just realising the great potential of such a wonderful and diverse team such as Mulligan. It will be great also to see this year's Grade 11s shine and become captains next year as we enter 2005 as an organised, motivated solid team.

Congratulations Mulligan for 2004, it's been a great year all round and I look forward to seeing you again next year. Let's carry on the red spirit and show them what we're made of in 2005! GO MULLIGAN!!!!

*Melinda Schlussler
Head of House (Mulligan)*

Lions and Dolphins proved more verbose. We Mulletts will have to stew for another year before we can again stun the faculty with our convincing and colourful command of the English language.

By Shevaun Fitzmyers

Coming from a different school, in a way I was disappointed to see all the close friendships between people who had known each other since prep, because I was under the impression that this would mean I would only ever form reluctant friendships. I was wrong. It wasn't long until...buh, buh, BUH... I found a friend! She then introduced me to her circle of friends, who were all open minded and accepted me for who I was (a person who feels the necessity to use big words, even if she can't spell them). With their friendship and sentimentality it made for a good start to a good year.

Mulligan Musings

The year started off with our annual House Day at the "Golden Hole". Morale and team spirit, as well as friendship was cemented by what was a day spent doing team building activities and enjoying the cool pristine surroundings.

Year 12 Camp gave the Mulligan seniors the opportunity to work together in developing aims and objectives to be carried out over the year for Mulligan. The main issue was that 2004 would be a year filled with FUN, and what an enjoyable year it turned out to be. Though this wasn't Mulligan's year for trophies, we showed that we had the ability to pose a threat to the other Houses, and that even without winning we were able to have fun.

The first of the interhouse trophies up for grabs was for the swimming carnival. Dressed in their best red colours Mulligan paraded into the arena, causing havoc with their water guns and firemen costumes. In the pool the mighty Mullets swam a good race, but it was not enough to take out the trophy. Up in the stands however, the Mulligan spirit shined, winning us the "Most Spirited House" award. A special mention must go to Jamie Lyons, Pieta Spencer and Helen Smyth for winning Age Champion.

The next event was the Cross Country, and what an event it was. We were just pipped at the post for the trophy, but it was an extremely spirited run by all. The age champions for this intense run were Cassie Olholm, Tom Hutchison, Ciaran Scully Clausen, Luke Wilson, Nick McCutcheon and Tamsin Hyde.

The public speaking competition followed, seeing the bravest of the Mullets take to the podium and compete in a mind-boggling linguistic challenge. Thanks to all

Mulligan participants for putting in such a fantastic effort. You did Mulligan proud.

Travelling to the other side of Cairns, the Mullets embarked on the most strenuous events of the year ... the TAS Triathlon! Battling the waves, pumping pedals and pounding concrete, mixed with the essence of salt, sand and sweat, Becky Lyons, Ciaran Scully Clausen, Josh Kirkpatrick, and Scott Fixter, all took home medals.

The Athletics Carnival had the Mullets demonstrating their skills in both the field and track events. Although we performed admirably, the cup did not come our way, but even so we had our fair share of champions.

Congratulations to Tom Hutchison, Jamie Lyons and all our other age champions for your excellent efforts.

The final event, the debating, made for some interesting and thought provoking topics. Although success once again eluded us there were plenty of fascinating and in some cases hysterical speeches! A special thanks must go to Becky Lyons and all the other participants for their scintillating debates.

As captains for 2004 we have enjoyed our year of delicious power and will be lost without the responsibility of running such an amazing House. We feel both proud and privileged to have led a team of such interesting and diverse people. We thank our vice captains Joanne Smith and Kieran Wilson for their wonderful support. Also we thank Ms Schlusser for giving us the opportunity to have fulfilled such an important position. It was an incredible year getting to know each and every one of you. Good luck with the rest of your schooling, and remember GO MULLIGAN!

Sam Hutchison and Tamsin Hyde, House Captains

I started at TAS this year, after moving from Brisbane in December. Not only did I have the change from Yr 10 to 11 but had to change schools as well. The transition was made easier by being a part of a House which accepted changes as they came. The change from Grade 10 to 11 is interesting as you have to change your work ethic because there is a greater academic demand. After getting to know different members of the Mulligan Household the future prospects of the House look great. The Year 11s who will be next year's leaders will hopefully lead the House to many victories in the future.

Tom Gibbs

When we look back on this year, there have been many successful and proud moments for the Mulligan students and all who were involved. For the Year 11's it has been both challenging and rewarding, making the transition into the senior school more enjoyable.

The transition between Year 10 and 11 is always challenging, and the Year 11 students have risen to this. The House events have provided a welcome break from the pressure of studies, allowing us to become active members of the Mulligan leadership team and the school community.

Next year as the leaders of the school, we will be able to share our past experiences with the 2005 Year 11's. This will enable them to fulfil their roles within the House and the school community, which in turn will provide them with the skills necessary to lead and encourage the Mullets in years to come.

We look forward to the challenges of next year and all the success Mulligan will enjoy.

GO MULLIGAN!

Grace Harris & Ciaran Scully-Clausen, Year 11

On the last day of Term Two the Interhouse Triathlon was held at Kewarra Beach. It was a great day and perfect conditions for a very competitive but enjoyable triathlon. I thought it was great to see everybody participating. Overall the Mulligan Mullets did not conquer, which is quite surprising, but the Leichhardt Lions took out the event. There was great House Spirit, and it was a great way to wind down after the previous term's exams. It is certainly a day to look forward to in the TAS calendar.

From the Head of White Rock Junior

LEFT: Mr Herbert with the WRJ House Captains, who are (from left rear) James Burman, Joshua McCutcheon, Elliot van Kempen, Daniel Chapelle, (front) Caitlin Rogers, Sarah Miller, Vanessa Steinmann and Maili Forbes.

At the end of a year, the people naturally reflect and ask, "Has this year been a success?" Undoubtedly, 2004 will have been more of a success for some than for others. However, I do believe that the students and staff of the Junior School at White Rock, as a whole, should feel satisfied with a solid year of achievements and a future that looks particularly bright.

As a school, we try to give all students opportunities to experience success. Every White Rock Junior student has experienced success of some kind during 2004. From the more public examples of our three prize-winning students in national mathematics competitions, our sports people competing at state championships and our award-winning musicians in eisteddfodau through to those who have quietly learned to read, improved their spelling, created an imaginative artwork, learned to swim or helped someone in need, we have valued the successes of all our students. Together, these successes have made the year a successful one for the Junior School. Importantly, they have given every student a launching pad for even better things in 2005.

In the year of the Olympic Games in Athens, the entire Junior School participated in the TAS Olymp-a-thon, a day of games and competitions in the Olympic spirit. As well as raising significant funds to put towards play equipment and sporting goods, the event provided students with plenty of physical activity and enjoyment. The White Rock Junior arm of the Parents' and Friends' Association has been tremendously hard working and many improvements have only been possible because of this group of tireless people.

A great success during Term Four was the launch of the new TAS Swimming Program. The additional hour of swimming lessons throughout the school year has brought a new dimension to a TAS education. At White Rock, we are blessed with a wonderful Aquatic Centre and it seems only natural that we should make maximum use of this outstanding facility. Mrs Sterling and Mr Howard have been instrumental in delivering an excellent program of physical education and swimming at the White Rock Junior Campus, in which every student can experience the sense of 'success' that comes with improvement.

I congratulate all students for their successes and all the

members of staff who have nurtured and encouraged these successes. I thank all the parents and families who have supported students, staff and the school in the quest for success.

"You are educated when you have the ability to listen to almost anything without losing your temper or self-confidence." - Robert Frost

Mr Cameron Herbert

From the WRJ School Captains

LEFT: Mr Herbert with the WRJ School Captains, who are (from left rear) Caroline Roberts, Blake Sullivan, Tiffany Kaesermann and Joel Ling.

This year has been a great one, maybe even better than last year. But last year doesn't matter anymore because this is now! I thought this year would be busy. I was half right, because it was busy but the time went like lightning. I hope next year will be as good when the other Year Sevens and I move into Senior School.

Tiffany Kaesermann
WRJ Girl Captain

The Year in Review

TAS has had an amazing and action-packed year. The swimming carnival and the sports carnival have been exciting, but to me the following three events deserve special mention. This is because they demonstrate TAS to be a good place for learning and having fun at the same time.

A small number of students in Years 3-7 participated in the Westpac Mathematics Competition for the first time. The students who were involved did extremely well and we had four students receive high distinctions, two of them receiving \$30 prizes – Henry Harding and Joshua Ling.

The participation in World Vision's 40 hour famine project has bonded the school. It opens our eyes to the world of children living in poverty. It teaches many of us the joy of giving. In many ways, this is more important than learning about maths and computers. It also makes the barley sugar taste sweeter. YUM!

Finally the year Sevens had their Trade Day. We set up our own sideshow businesses and calculated what the expected profit would be. There were delicious food stalls like Hawaiian Spin and fun games stores like Soccer Shootout and Anger Management. This way we learnt about business as well as having fun.

I had a thoroughly enjoyable year.

Joel Ling
WRJ Boy Captain

This year I have really enjoyed being a student leader and found the experience both exciting and challenging.

I have endeavoured to be a role model for the Junior School. I would like to thank the teachers for their encouragement as I welcomed visitors to the school, led assemblies and helped to organise fundraising activities, including the World Vision Eight Hour Famine.

As my journey continues on to the Senior School I would like to take this opportunity to wish all of my fellow TAS students every success.

Blake Sullivan
WRJ Boy Vice Captain

2004 has been a wonderful and challenging year and I have had great pleasure in working with Tiffany, Blake and Joel to organise several events throughout the year.

The school has raised money and assisted many charities. The result of the Eight Hour Famine, in particular, was tremendous. Together, the people who participated managed to raise money to plant trees to help numerous families in poorer countries. It has been a great experience working with Mr Herbert and the teachers in various activities to benefit the school.

Carrie Roberts
WRJ Girl Vice Captain

Sport at WRJ

TAS gives all students an opportunity to enjoy a variety of challenging sports. PE lessons cover different sports to see which ones interest us. Club sports include swimming, netball, hockey, soccer and basketball. House events under the leadership of the house captains help develop teamwork and house spirit. These competitions include Marlin Coast Campus at athletic carnivals, swimming and Cross-country. For those who are talented enough these can lead onto interschool, Peninsula and State teams. If you wish to try a different sport, then Friday afternoon sports may be for you. But at any level, what do we get out of sport? Fun, Fitness and Friendship!

Science Expo - Year 2

Interschool Cross-country

P & F Olympathon a big success

Last term the WRJS P&F organised an Olympathon to celebrate the Olympic Games and to raise funds for new sports equipment. The children from P-7 were enthused about competing in their House teams in many events based on Olympic sports.

Tempted by fundraising prizes, the children raised over \$6000 - an absolutely amazing feat! Over \$3600 of this money was spent on new sports equipment to be used by all Junior School students. The remaining money will be spent on a new P-2 playground.

Thank you to Jenny Crilley who was the key organiser, the many parents who supervised activities, the children who entered into the spirit of the Olympics and the WRJS teachers, all for their support.

Eliza Sterling

Interschool Athletics at Barlow Park

A pictorial round-up of MCC Cross-Country competitors, both at Interhouse and Interschool events. Palmerston was victorious in the Interhouse Cross-Country. BELOW: WRJ & MCC houses come together for the Interhouse Athletics Carnival

From the Head of Marlin Coast Campus

As 2004 draws to a close it is time to reflect on what has been a successful year for Marlin Coast Campus. The quality of the education experienced by our students continues to improve and develop. This is supported by a growth in numbers.

Marlin Coast Campus is a very effective school. To be effective a school requires learning and teaching of the highest quality. We are indeed fortunate to have a strong group of dedicated, hardworking and reflective teachers. In order to keep themselves up-to-date with national curriculum development our teachers have attended a large number of professional development workshops and seminars. The teachers at Marlin Coast Campus are constantly reviewing and adapting their programs of work, not only to meet to the demands of the society in which we live, but also to accommodate the needs of the students. The Learning Support and Gifted and Talented Units are firmly integrated into the planning process at all year levels. The outstanding results in the Australian Schools' English, Maths and Science competitions, as well as the Queensland testing, confirms the quality of the education provided by our teachers.

There is a good ethos at Marlin Coast Campus. The teachers have high, but attainable expectations of the students' standards of work and behaviour. The motivating effect of praise is recognised in daily life as well as in classroom assessments and weekly assemblies. Well-planned lessons take account of students' previous experiences both inside and outside school. Children are better motivated to learn when they are interested in the topics. The classroom teachers make every effort to enthuse their students by incorporating a range of learning activities into the units of work. Class outings to the Civic Theatre, Tjapukai, Cairns Tropical Zoo, Cairns Museum, Gordonvale Museum, Green Island and the Botanic Gardens help to make learning interesting. Many other opportunities to interest the students were organised throughout the year. The Book Parade, the Easter Hat Parade, Variety Night, Sports Carnivals, Charity Concerts, the Art Exhibition, the Charities Fair, Electives and a host of extra-curricular activities, which are fun and motivating, also address the demands of the curriculum, especially in The Arts and Physical Education. The students from Years Two to Seven all participate in the outdoor activities program. These exciting activities are also a great stimulus for learning in many other curriculum areas.

Many of the most rewarding events on the campus are only possible with parental help. Our parents help us in a number of practical ways: assisting with classroom activities, school outings, sporting activities and the Tuckshop. This

Mrs Alison Leakey pictured with the 2004 MCC House Captains (from left rear) Cortne Brown (Morrell), Brittney Evans (Palmerston), (front) Chris Raymond (Morrell) and Logan Enderlin (Palmerston).

year Marlin Coast Campus hosted the wonderful Coconut Carnival. The generosity of our parents is gratefully acknowledged.

The Christian Education program has provided a valuable dimension to life on the campus. An increasing number of students are coming forward for baptism and sharing in the communion services. There have been a variety of visiting speakers, who have inspired and motivated the students at Chapel assemblies.

There are now over three hundred students on the roll. Classrooms have been upgraded to accommodate the extra children and new furnishings purchased. The increase in the number of older students has necessitated a change in some of our daily routines. The Year 3 to 7 students now eat in the Undercover area and enjoy greater access to the Tuckshop. The Tung Yep Library provides valuable extra space and resources for the students and staff. There is recognition by the staff of the importance attached to the atmosphere and appearance of the campus and to creating a welcoming environment. The classrooms are bright and interesting as they display the students' work. Outside the classrooms the school grounds are constantly being upgraded and made more attractive.

The pages of this Trinitas magazine represent the activities and events, which have been enjoyed during 2004. The happy smiles in the photographs are a reflection of good relationships. Every member of our school community, students, parents, family members and staff, has worked with dedication to make this an outstanding year.

Mrs Alison Leakey
Head of Marlin Coast Campus

From the School Captains

What a year it's been. As the captains of Marlin Coast Campus our abilities to be leaders were tested and we hopefully succeeded.

Early this year we went to a World Vision conference at Novotel, mixing with the White Rock Campus school captains and SRC representatives. There we learnt about how lucky we are to go to Trinity Anglican School, when there are children on the other side of the world that will never get the opportunity to go to school.

We have enjoyed participating in the 2004 Variety Night, lip syncs in the Coconut Carnival, and various sporting activities. We also look forward to our Year seven Graduation Dinner, on the last day of our final year at MCC.

We have enjoyed our time as school captains here at Marlin Coast, and hope that next year the school captains will enjoy their time as much as we have. We would like to thank the teachers for helping us through the years that we attended Marlin Coast Campus. We all look forward to going on to high school in 2005.

Olivia Piat & Tom Beverley, School Captains

Danielle Upton & Jacob Bowman, School Vice-Captains

The Marlin Coast School Captains are pictured here with Mrs Alison Leakey (Head of MCC). They are (from left rear) Jacob Bowman, Thomas Beverley, Danielle Upton and Olivia Piat.

LOTE/Japan Trip

September 2004

Thirteen Year 6 & 7 students accompanied by Mrs Liane Thomas and Mrs Jenni Campbell from Marlin Coast Campus were part of a group of Cairns Primary School students who travelled to Iwata, Japan, in the September vacation. The excursion was for a weeks duration. The program has been operating since 1998.

Before the trip: Students were EXCITED, of course. They had to remember a lot of information and they asked many pertinent questions.-

Who will be our host family? Will they speak English? What do they eat for breakfast? But, I don't eat raw fish! Will I like seaweed? You probably won't get vegemite or a T-bone steak! What exactly is green tea? How do I fold a futon again? Do I HAVE to introduce myself in Japanese? You bow like this! How many rides will we have time for at Disneyland? How many yen do you recommend? THOUSANDS! What's the current exchange rate? How much time do we have for shopping? Will you stay with us in the classroom? Do we have to do work at the school? What if we don't understand? If I forget and wear my shoes inside the house, what'll I do? Just how hot is the bathwater? Do I have to use the traditional style toilet?! How?! How long is the bullet train ride? I won't get homesick! Yes you will! Do the phones have the numbers in English? Remember, wash yourself OUTSIDE the bathtub!! Take care when sliding the Shoji screens! If I become lost, what'll I do.ooo.ooo?! What food can I bring back into Australia? I think I'll have to practise with chopsticks!

Needless to say, with the help of kind and generous home stay families, the teachers and the students managed magnificently!

Mrs Jenny Campbell

Things I loved ... I arrived at 10.30 pm, met my host couple. I took photos of my breakfast! It was exquisite! I loved the thermostatically controlled bath. Their dog turned inside out with excitement over ice cubes. I picked up the newspaper and began to peruse it and Mitsauke gently turned it upside down and around. I used my bedspread as a bath towel (only once!). I took great pride in ordering my first cup of coffee, and got a chocolate milkshake. As a Year 1 teacher with very little Japanese, I learnt so much. I had the most delightful family. They were so patient and lots of fun.

Ms Liane Thomas

Top: Year 4 Role Playing. Top right: Paula-Marie Barbetti and Mackenzie Kwort try out chopsticks. Right: As do Rory Johnston and Callum Aust.

All the flowers grow
Smelling so fresh forever
Petals are silky.

By Susan Thomson

Japan Trip 2004
A Dream Come True

A trip to remember, like never before
Japan was amazing, experiences galore!
New family and friends, excited and sharing
Always at my side, special and caring!
Tatami mats and Temples, show history
Ceremonies and tradition, a cup of green tea!
Busy here, busy there, schools, trains and shops
Apple hunting and Disney, activities were tops!
A language and people, so amazing it seems
My fantastic tour was only a dream!

Cortne Brown

Music at Marlin Coast

What's new? It looks like drum sessions this year have produced some budding drummers. Some students have enjoyed it so much they have bought their own drum kits and are taking extra lessons. We even had one drummer accompany the choir for the performance of a song written by one of our own teachers, Mrs Alison Williams who taught music during Term One also wrote the song "The Treasure Box" which was ably performed by students of the Upper and Lower Junior Choirs at the end of Term Four. Perhaps there are more students out there who would like to be involved in exciting performances such as this? Please come and join us in 2005 and be a part of music at Marlin Coast Campus.

Year 6 students practising the recorder during their music class with Mrs Williams.

Sport / HPE

MCC students were visited by torch bearers from the 1956 Olympic Games and got to inspect the Olympic torches.

Marlin Coast Netball

We have enjoyed a very successful year in Netball at Marlin Coast. We have grown from two teams at the start of the year to four teams in Semester Two. A number of our senior students have also joined the Martyn Street competition and play with students from the White Rock Campus. They are coached by Mrs Imelda Spence. The girls and boys who play in the Netta and Netball

competitions are to be complimented on their teamwork and sportsmanship. It has been a pleasure to coach such enthusiastic teams and to observe their improving skills. Many thanks to Ruth Evans, Catherine Kinnane and Joylene McShane who having assisted in coaching and managing teams this year.

Science Expo

The annual Science Week at TAS is always a great opportunity to appreciate and learn more about the fascinating world of Science. The highlight of Science Week is the Year 2 Expo, where senior school students demonstrate various scientific experiments and procedures. Pictured at right are Claire Burman of WRS, with MCC juniors (from left) Loulou Burt, Chiara Patalano and Stephane Leray during the Year 2 Science Expo at WRS campus.

Fun, fun and more fun

A feature of the P-2 Program at Marlin Coast Campus is our Elective Program. The program operates during Term 3 on Wednesday afternoons, and aims to provide opportunities for our younger students to explore, nurture and expand interests and talents.

The program began in 1995, with one Preparatory, one Year 1 and one Year 2 class. Fourteen activities were offered by 11 parent helpers. Now in 2004 we celebrate the 10th year of the program with two of each Prep, Year 1 and Year 2 classes. Thirty activities were offered by 33 parents and helpers.

This program relies heavily on parents and friends from the community who have a talent in a specific area.

The school would like to thank all these people who gave so generously of their time.

I would also like to formally acknowledge the Olympic efforts of Eddie Skiba over the past 10 years.

So once again, thank you to all, as we look forward to next year.

Irene O'Keefe

Year

One

- 1 William Brydon liked Japanese. The best part was getting jellybeans.
- 2 Giuliano Grimaudo liked Mrs. McShane reading stories.
- 3 Brad Huggins liked doing take away sums.
- 4 Claire Mecklam liked making crazy glasses in art.
- 5 Anton Ciuffoli liked the firemen coming to school.
- 6 Harry Freeman liked adding in maths.
- 7 Georgia Bowman liked making lots of things in art.
- 8 Jordan Boorman liked making fish in art.
- 9 Jordan Taylor liked making a butterfly and scarecrow in art.
- 10 Danielle Phipps liked learning with her two teachers.
- 11 Bryson Bouchier like making cars in art.
- 12 Molly Schulze liked painting in art.

- 13 Emma Mills liked making Christmas cards for Coconut Carnival.
- 14 India Hopkinson liked making a dragon in art.
- 15 Zack Wilson liked "Jump Rope For Heart" and playing Poison Ball.
- 16 Luke Huggins liked free writing because that was his favourite.
- 17 Brydie Schulze liked making masks in art.
- 18 Danielle Trott liked art.
- 19 Teagan Van Den Elst liked painting in art.
- 20 Braidon Legg liked counting with blocks.
- 21 Jacob Mosely liked playing with the chains and dinosaurs in activity time.
- 22 Kate O'Donohue liked making the dog on the mat in art.
- 23 Jordan Jones liked Japanese because we get jellybeans.
- 24 Oliver Boswell liked going on the excursion to the beach.
