# ANNUAL REPORT 2022

# TRINITY ANGLICAN SCHOOL ANNUAL REPORT 2021

(BASED ON THE 2021 SCHOOL YEAR)

The Queensland State Government has required all schools (State and Independent) to report to their school communities each mid-year. The information that follows is in the form required by the State Government and while much of it has already been presented to parents at various times, it is interesting to see the information collected in this way in the one place.

Trinity Anglican School (TAS) is an Independent school, governed by a School Board, comprised of Directors of Company Limited by Guarantee.

## DISTINCTIVE CURRICULUM OFFERINGS

### Secondary

TAS has well-developed programs in STEM (Science, Technology, Engineering, Mathematics), Digital Technologies, Outdoor Education, and Learning Enrichment. Robotics, Music, Literature and Business Education are among the particular strengths of the Secondary School academic program. Examples of distinctive curriculum offerings are listed below:

- Science, Technology, Engineering and Mathematics (STEM) Extension
- Literature Elective Years 9 and 10
- ICAS Science, Mathematics, English Years 7 – 12
- BHP Billiton Science Awards
- AIC Titration Competition
- (TAP) Tutoring and Assistance Program Years 7 – 12
- ASC E-Sports Competition
- Robo Cup Robotics Competition (QSITE)
- Pathways Education Year 10
- Pastoral Care Years 7 – 9
- Digital Technologies
- Rotary Youth Driver Awareness (RYDA) Program
- Outdoor Recreation – Personal and Leadership Development Program
- ESL (English as a Second Language) Years 3 – 12
- Reader's Cup Competition

Implicit to the delivery of curriculum in the Secondary and Primary School is the personalization of learning. Standardised testing each year in Mathematics, English and Science, using ACER (Australian Council for Educational Research) PAT (Progressive Achievement Tests) testing, indicates to teachers where student achievements are and what next steps are needed to ensure high expectations and successful outcomes for every student. This entails targeted attention to specific students' needs. Essentially, classroom curriculum offerings are differentiated by core support and extension. Clear scope and sequence charts aligned to the Australian Curriculum are developed in curriculum mapping software, ATLAS.

Analysis of NAPLAN (National Assessment Program – Literacy and Numeracy) and ACER PAT data, together with analysis of spelling and reading results, contributes to the setting of strategic school targets and the changing of learning behaviours.

Academic Awards are presented at the end of each semester as part of the Principal's List Awards. These results are based on rankings of students calculated from the 4 core areas in Years 7 – 10 (English, Mathematics, Science and Humanities).

### Primary

Opportunities afforded to academically able students in the Primary School include Australian Mathematical Olympiads; ACER Certificates in Literacy and Numeracy; ICAS Assessment; Children's Book Council of Australia Readers Cup; Great Barrier Reef Marine Park Authority Leader's Eco-Challenge; Chess; the Opti-MINDS Creative Sustainability Challenge; Da Vinci Decathlon and the use of online collaboration tools in the Microsoft Suite which builds technology skills as well as 21st-century skills.

To support students who are experiencing difficulty with their learning, opportunities include English as a Second Language, Multi-Lit, Support A Reader, Rainbow Reading, differentiated curriculum and programs.

A Primary School approach to critical and creative thinking and Project-Based Learning is implemented in Humanities and Social Sciences to further develop 21st-century skills such as collaboration, communication, critical and creative thinking.

## Extra-Curricular Activities

TAS students encounter a broad range of experiences beyond the classroom for academic extension or enrichment. We give our students the opportunity to develop skills in cultural, music, performing arts, sporting and outdoor education activities that foster personal attributes such as confidence, self-expression and team spirit.

The school is a full member of the Round Square Association and sends and receives students on exchange programs all over the world (when not affected by COVID 19 restrictions).

Student Leadership Programs such as the Duke of Edinburgh International Award and the TAS Outdoor Education program, involve large numbers of students at Primary and Secondary levels.

The school has an outstanding Aquatic Centre, which is a focus of school and community life.

There are TAS Sporting Clubs (community-based) for Football, Rugby, Netball, Hockey, Swimming and Triathlon with the major clubs involving more than 100 students.

Some of the extra-curricular activities offered are:

- Activities Program
- Chess
- Community Service
- Debating
- Duke of Edinburgh International Award
- Royal Lifesaving Society Bronze Medallion
- Hockey, Football, Rugby, Netball, Basketball, Swimming, Volleyball, Cricket, Touch Football, AFL, Triathlon
- Lions Youth of the Year
- Bond University Moot Court Competition
- Constitutional Convention
- Rostrum Public Speaking
- Sailing
- Business Liaison Organisation Business Plan Competition
- Music Program – including Ensembles, Orchestra, Choir, TAS Jazz, Rock Bands
- Year 6 Radford Exchange
- Robotics & Coding (Roco) Club
- Sports

## THE SOCIAL CLIMATE OF THE SCHOOL

TAS is a Kindergarten to Year 12 co-educational, independent school which nurtures each student to be the best they can be.

The school has a very well-developed system of pastoral care with Heads of House and Tutors who manage small groups of vertically arranged students in Secondary. Students are placed in one of four House groups which becomes their extended family. We also run a wellbeing and citizenship curriculum through our Cosmos program (Year 7 & 8 and 11 & 12 in 2022, expanding to Years 7 – 12 in 2023), in which students rotate through units focusing on social and emotional development, digital citizenship, careers, ethics, and Aboriginal and Torres Strait Islander studies. We are also trialling the Resilience Project's GEM Program and Resilient Youth Survey as tools to better understand and respond to the wellbeing needs of our students at Years 7 – 9. Programs such as Care and Connect in Primary provide a terrific framework for enhancing student well-being.

Aspects of these programs are based on school values and the Round Square IDEALS. The pastoral care framework at TAS provides an effective basis that fosters an independent school ethos that focuses on care and respect for others.

The school employs a Chaplain and a Counsellor to support students and staff. Strategies employed to encourage and promote positive relationships will vary depending on whether incidents occur in either the Primary School (where time-out, group discussion, parent involvement, guided reflection, mediation, and counselling are employed) or the Secondary School (where policies and procedures relating to positive relationships outline the four-step approach involving students, parents, class teachers and Heads of House and where restorative action is taken.)

In Primary school, pastoral care is implemented through behaviour management Guidelines, Peer Support Program, Care and Connect Program, Buddy Program, classroom-based programs, and Growth Mindset strategies. Classroom teachers work with the Heads of Primary School and Prep to Year 6 Coordinators to ensure the social and emotional wellbeing of students is embedded in the ethos of each classroom environment. The Primary school is a Kismatter School, acknowledging that the promotion of student achievement only comes with supported social and emotional learning. The Peer Support Program is a resiliency training program implemented in the Primary school that involves the explicit teaching of strategies to assist students to develop positive social skills. Bravehearts and School Performance Tours present educational performances about protective behaviours and positive relationships.

Pastoral care staff work closely with individual students who may need support and also liaise with parents, as necessary.

An Employee Assistance Service contributes to staff welfare.

### Parental Involvement

Parents are welcome to the school and the school has a strong web of formal and informal measures for enlisting parent support. Parents work in a voluntary capacity in areas such as the Tuck Shop, sporting teams, student events (such as Chess tournaments), and tree planting projects.

There are Parent Community Groups at each Primary school that provide support to new parents to the school and meet regularly at both campuses to fundraise, develop initiatives, and strengthen the school community.

The school runs events and forums for parents, as well as parenting partnership sessions with guest speakers on educational topics relevant to raising children. TAS is a supportive and engaging community where each individual is encouraged consistently to achieve their personal best.

Some parental involvement activities are:

- Mothers' Day and Fathers' Day Stalls and Activities
- Parent Community Group Projects (White Rock and Kewarra Beach)
- Co-curricular sporting programs and TAS sporting clubs after hours
- TAS Swimming Club
- Fundraising through catering for school events
- Supervising some Prep to Year 3 electives and Year 4 to Year 6 electives
- Attendance at Chapels and Assemblies
- Information Evenings
- Attendance at Interhouse sporting activities and special celebrations
- Parent representation on the School Board
- Events such as Rock Under the Stars, Carols, and Star Gazing
- Running student activities such as Craft Club during break times

### **Parent, Student, Teacher Satisfaction**

TAS undertakes a variety of engagement strategies to seek feedback and input regarding the school's performance with respect to education programs, opportunities, well-being, communication and services. These include:

- Annual, online satisfaction surveys of (i) staff and (ii) parents.
- Principal's Forums (twice yearly), one of which provides an opportunity to discuss the survey findings in detail.
- The Principal's Annual Welcome Reception and other information evenings and events throughout the year.
- Year 12 exit survey – conducted at the conclusion of each year by Year 12 students to provide feedback on their educational experience at TAS.
- Parent Community Groups hold regular meetings which provide an opportunity for parents to give feedback.
- Secondary student morning teas are held every two years, where the Principal meets with each house tutor group for morning tea. This provides a forum for students to provide feedback directly to the Principal.
- Weekly meetings with student leaders.

## STAFFING INFORMATION

The staff development priorities for the year included an emphasis upon the ongoing use of the cognitive verbs in teaching and learning programs in the QCE/SATE system in senior secondary in 2021, and the diagnostic use of NAPLAN/PAT Test data to develop approaches to teaching across all subject areas. Staff have also been involved in Professional Learning Communities (PLCs) as well as the Teachers as Life-long Learners (TALL) Program.

	Year 11	52	9308	664	8644	92.86
	Year 12	47	8413	399	8014	95.25

### A description of how non-attendance is managed by the school:

Regular non-attendance is not an issue faced by TAS. Where concerns do arise, the school works closely with parents and also with community/health support groups as appropriate and wherever necessary. The school sends a text message to the parents/guardians daily of students who are absent asking for verification and the reason for the absence.

## BENCHMARK DATA 2021

### NAPLAN Results

#### Progress

The percentage of students at the school who achieved above average progress, compared to students of a similar background and who had the same starting score on their previous NAPLAN test.

## Apparent Retention Rates:

	Year 10 Base 2018	Year 12 2021	Retention Rate %
Number of Students	49	47	95.91%

The Year 12 student enrolment as a percentage of the Year 10 cohort is 95.91%.

## Year 12 Outcomes

Outcomes for our Year 12 Cohort 2021	
Number of students awarded a Queensland Certificate of Education (QCE) at the end of Year 12	45
Number of students awarded a Queensland Certificate of Individual Achievement	0
Number of students who received an ATAR	47
Number of students who are completing or completed a School-based Apprenticeship or Traineeship (SAT)	1
Number of students awarded one or more Vocational Education and Training (VET) qualifications	5
Number of students awarded an International Baccalaureate Diploma (IBD)	0
Percentage of Year 12 students who received an ATAR 90 or above	36.7%
Percentage of Year 12 students who are completing or completed an SAT or were awarded one or more of the following: QCE, IBD, VET qualification	95.7%
Percentage of tertiary applicants receiving an offer	90%

## Computer Use

Digital technologies (DT) continue to be a priority across the curriculum and an integrated approach leads to a high level of technological sophistication. Laptop computers and tablets are used as tools to assist students to become competent, creative and productive users of digital technologies in many learning contexts.

The integration of online learning activities is intrinsic to the curriculum. The school has continued to expand the use of a Learning Management System (TASS) that increasingly facilitates online learning, particularly via the Microsoft Teams platform. This was particularly effective during school closure in 2020 & 2021 due to COVID-19. In 2021 Trinity Anglican School initiated the process of becoming an incubator Microsoft Showcase School. This process includes meeting specific objectives towards achieving showcase status. These include a focus upon upskilling staff via the Microsoft Educator site.

Trinity Anglican School have commenced using Microsoft Surface products across the school and will continue this as part of our strategic priority of seeing 'Technology as an Enabler'.

The school has also developed a clear digital technologies vision based on the SAMR (Substitution, Augmentation, Modification or Redefinition) model of delivery. Tasks involving digital media productions are released regularly and there is an increased learning capability due to the incorporation of specialist software packages.

Students conduct experiments and research using a wide range of data-logging probe-ware, which facilitates precision and scientific analysis when coupled with powerful software. Organisation and publication of digital information encourages students to work independently and collaboratively in a variety of learning situations.

## Post-school Destination Information

At the time of publishing this School Annual Report, the results of the 2021 Year 12 post-school destinations survey, Next Step – Student Destination Report, were not available. Information about the post-school destinations of our students will be incorporated into this Report after the release of the information in September 2022.
